

TEXAS A&M UNIVERSITY CORPUS CHRISTI

ACT RESIDUAL TESTING

Texas A&M University-Corpus Christi offers alternative admission testing for students that have applied to the university and who were unable to take the SAT or ACT on a nationally scheduled test date. ACT Residual Testing is the same battery of tests given during the national administration of the ACT. Unlike the national exams, the **ACT Residual Testing scores are valid only at the institution where the student takes the test.** Residual Testing is not accepted for NCAA initial eligibility and can not be used when applying for scholarships.

TEST APPOINTMENT AND COST

Registration information and test fees are collected by the university. Appointments must be made online at testing.tamucc.edu – click “[ACT Residual](#),” then click “[Register for this Exam](#).” There is a \$70 non-refundable fee required at the time of appointment.

PREPARATION

Students can take practice tests on the [ACT website](#). ACT permits examinees to use a calculator on the Mathematics test but not on any other tests. Use of a calculator is optional. All problems can be solved without a calculator. Any four-function, scientific, or graphing calculator may be used, unless it is specifically prohibited by ACT. Please visit the [ACT website](#) to see if your calculator will be allowed prior to the test day.

TEST DAY

On the day of the test, you should report to the building and room listed when you registered for the exam. You must bring a current photo-id (issued by a school, employer, or city/state/federal government agency). The test is comprised of four sections, English, Math, Reading, and Science. Actual test time is 2 hrs and 55 minutes. Candidates should allot for 4 hours for the exam, this includes the check-in process, the reading of test instructions, and a break. You will receive your test scores at the end of your testing session.

RE-TEST

Students must wait 60 days to repeat Residual Testing, but they may take the national ACT immediately. If the 60-day time limit is violated, the retest scores will be cancelled automatically without refund.
