Book by Texas A&M University-Corpus Christi Professor Provides Insights into Top Five Texas Coastal Sport Fish
Dr. David McKee will sign copies of "Fishes of the Texas Laguna Madre"

CORPUS CHRISTI, Texas – Dr. David McKee, professor of Biology and Mariculture at Texas A&M University-Corpus Christi will sign copies of his new book "Fishes of the Texas Laguna Madre" Saturday, Sept. 27, from 1-3 p.m. at Barnes & Noble Booksellers, 5129 Blanche Moore Drive.

"Fishes of the Texas Laguna Madre," published by Texas A&M University Press, covers the history of the "Mother Lagoon" and provides insights into the characteristics and habits of the fish found in this hyper-saline environment, especially the "Big 5" coastal sport fish. McKee offers additional notes on angling techniques, personal observations, record catches, and regulations. He also raises important conservation issues for boaters and anglers to keep in mind while enjoying this unusual ecosystem.
