Islander Gallery Holds Opening Reception for ‘Blue Prints’ Exhibition of Paintings by Texas Tech Art Professor

CORPUS CHRISTI, Texas – The Department of Art at Texas A&M University-Corpus Christi and University Galleries will hold an opening reception for the exhibit “Blue Prints: Paintings by Carol Flueckiger” on Friday, Oct. 2, from 6-8 p.m. in the Islander Art Gallery, 4024 Weber Road in the Hamlin Shopping Center.

In her paintings, Flueckiger, a nationally recognized artist and professor of art at Texas Tech University, uses historic handwriting, clothing and personal objects that are “tattooed” onto wood panels by using cyanotype, a 19th century photographic process commonly known as a blue print. These images collide to create overlapping narratives about geography, nature and history. The exhibit will be on display through Saturday, Oct. 31.
