Youth Sports Program Teaches Scuba Diving Basics

CORPUS CHRISTI, Texas – Around 90 students participating in the National Youth Sports and Wellness Program at Texas A&M University-Corpus Christi will experience the fundamentals of scuba diving on Tuesday, June 22, from 10 a.m. to noon and 1:30-2:30 p.m. at the Moody Sustainers Field House Pool.

The National Youth Sports and Wellness Program educates and counsels children ages 9-14 about healthy lifestyle choices through physical fitness and nutrition. The national program for economically-disadvantaged children was established by the federal government in 1969, but has been modified by select institutions of higher learning since losing its funding.
