University Students to Learn of Opportunities with National Parks Service, U.S. Fish and Wildlife during ACE/STELS Symposium  
Two scholarships to be awarded by National Organization for Mexican American Rights  

CORPUS CHRISTI, Texas – Representatives from the National Parks Service and U.S. Fish and Wildlife will discuss careers, internships, and research opportunities with interested students during the National Science Foundation (NSF) ACE/STELS Fall Symposium at Texas A&M University-Corpus Christi on Saturday, Oct. 22, from 9 a.m. to 3:30 p.m. in the University Center, Lone Star Ballroom C.  

The NSF-funded symposium, which is open to the campus community, will target more than 30 University students who are recipients of the ACE (Advancing Careers of Excellence) Scholarships for chemistry, geology, and environmental science majors and the STELS (Scholarships to Enhance Life Sciences) Scholarships for biology and biomedical science majors.  

At 3:15 p.m., Dan Solis, president and CEO of the National Organization for Mexican American Rights (NOMAR), will present two $500 scholarships to students who are present.
