

Texas A&M University – Corpus Christi

Office of the University Registrar

Courses Building Checklist

Instructions: When preparing your course schedule for your department(s), please review the information below. This is an outline on helpful things to check when schedule building. Please review to the course building portfolio for a comprehensive how-to build courses and important information.

Banner Forms

- SSASECT- Main Course Building form
- SSADETL-Linking & Co-Req Form
- SSAPREQ-Pre-Ref Form
- SSARRES- Course Restrictions Form
- SSAXLST- Cross-List/Stacked Form
- SFASTCA- Course Audit Form
- SFASLST- Course Roster.

Important Checks

- Section Number: Lecture- 0-99, Lab 1-199, Online- W, Honors- H, Blended- B, Dual Credit- IA, Online ONLY program sections-Z.
 - General section identifiers.
 - Consult with Registrar’s office before using new section code.
- Status: A- Active, C- Closed, X- Cancelled
- Instructional Method: Face to Face (F), Blended-Hybrid (B) or Online (I)
- Session and Part of terms much match: check the number of weeks match. Refer to chart below.
- Credit and Billing Hours MUST match.
- Attendance Method [match instructional method]: F- Face to face, on campus, S – Synchronous, online, A – Asynchronous, online, IV – Two-way interactive video, CC – In Corpus Christi, local, OC – Outside of Corpus Christi in Texas, OT – Outside of Texas, SA – Study Abroad

Must Match

Must Match

Part of Term & Session Code

Term	Part of Term	# of Weeks	Session
Fall & Spring 01 & 09	1	16	L
Fall & Spring 01 & 09	S	7.5	S
Fall & Spring 01 & 09	T	7.5	T
Summer I 06	May	2.5	B
Summer I 06	SC	10	F
Summer I 06	SUM	5	A
Summer II 07	1	5	G
Summer II 07	S2H	2.5	H
Summer II 07	S2I	2.5	I

1. Standard Time Blocks
 - a. Utilize the Standard Class Meeting Time Schedule, which includes the Class Schedule Distribution Rules along with the designated meeting times.
 - b. To offer a non-standard meeting time, ensure you submit a non-standard time exemption form.
2. Cross-Listed & Stacked Courses
 - a. Cross-listed or stacked courses must have the same credit value. For example, a 3-credit course cannot be cross-listed with a 4-credit course. The courses must also share the same instructor, day/time, and room.
 - b. Cross-list courses in Banner before assigning rooms.
3. Maximum Enrollment
 - a. Refer to historical and projected enrollment reports from Ad Astra's Align to determine the most accurate maximum enrollment for each course section.
4. Linked vs. Co-Requisite Courses
 - a. Courses that must be taken together—where students cannot register for one without the other—should be linked or co-requisite courses. Linked courses share the same subject, course number, but have different section numbers and schedule types. Co-requisite courses are two distinct courses that must be taken together. This configuration must be done at the catalog level in Banner, and then at the section level.

When in doubt, reach out to schedule@tamucc.edu

Ad Astra Scheduling Preferences

Date Submitted: _____

Department Name: _____

Contact Name: _____ Contact Email: _____

Subject(s) and/or Course#[i.e.COMM 1311, All MEDA]: _____

Meeting Type [i.e.LEC, LAB, RCT, PRA]: _____

Room Type [i.e.classroom or PENS Lab]*: _____

Features[i.e. room with moveable chairs]: _____

Notes: _____

Examples

- All of our Math subject courses, regardless of meeting type, or instructor, are required to be in Classroom: subject: MATH, meeting type: ANY, room type: Classroom, Building: ANY
- All of our Biology subject labs, regardless of instructor, are *required* to be in LCSI Labs: subject: BIOL, meeting type: Lab, room type: LSCI Labs.
- All of our KINA subject courses, with a LAB of meeting type, are *required* to be in the region (group) of KINE: Subject: KINE, Meeting Type: LAB.
- All of our MUEN subject, regardless of meeting type, or instructor, are *preferred* to be in rooms CA 228, 140 and 229: Subject: MUEN, room type: Classroom-Music, Notes; CA 228, 140, 229

CLASS SCHEDULE DISTRIBUTION RULES:

1. All regular on-campus three credit hour lecture or seminar courses **MUST** meet in standard time blocks
 2. At least 20% of three credit hour undergraduate lecture classes in each college **MUST** be scheduled in MWF time blocks
 3. At least 10% of three credit hour undergraduate lecture classes in each college **MUST** be scheduled to begin **BEFORE 9:30 am**
- ~Laboratory, studio, clinical and other courses with extended class hours should be scheduled to minimize conflicts with standard time blocks
 ~Extended time period courses like labs and studios should be scheduled to begin at one of the standard start times
 ~Labs and studios scheduled for "2 contact hour meetings" will meet for 1 hr and 50 min to allow students transition time between classes
 ~Labs and studios scheduled for "3 contact hour meetings" will meet for 2 hrs and 50 min to allow students transition time between classes

NOTE: In Summer, final exams to be given on last scheduled day of classes.

Texas A&M University-Corpus Christi
Office of the University Registrar
**Instructions for Requesting an Exception to the Standard
Meeting Time Blocks**

Complete the form listing the department and name of the person submitting the exception. Include the class as it is currently listed along with the new meeting pattern (days, times) being requested.

Please include the following information:

- **How the class currently exists and what changes you would like to make:** Include this information in the table provided on the form.
- **Impact on student schedules:** Will your requested time prevent them from taking another class immediately preceding or following your class? Are there many undergraduate students outside of your department who have required classes around that same time? Is your non-standard time during "Prime time?" Are there students currently enrolled in the class (and if so, have they been consulted about the change?)
- **Impact of space utilization in room class will be held in:** Will the class be held in departmental or general space? If in general academic space, does the non-standard time overlap into multiple standard time blocks, thus preventing a class to be scheduled in that same room prior or after your class? Will the non-standard time open up any other space that was previously being used?
- **Circumstances that require this exception:** Please provide justification for why this class cannot meet at a standard time. Personal reasons (i.e. the instructor likes it better; it works better) are not justifiable reasons.

To have this exception reviewed, the form on page two must be completed and signed by the department chair. Originals are to be sent to the University Registrar's Office. Any other applicable information may be submitted on department letterhead and attached to the form.

***Please note: If approved, this exception will only be granted for the requested term. The University Registrar and Associate University Registrar will review the impact of the exception and the standard time blocks before this exception will be renewed. An exception MUST be submitted for each requested term.**

Ad Astra Align Instructions

Ad Astra's Align is a data-driven tool designed to help institutions evaluate and optimize their course scheduling practices. It identifies inefficiencies in scheduling and suggests strategies to align course offerings with student demand.

1. Student Demand Analysis

- Uses historical and real-time enrollment data to assess whether course offerings meet student needs.
- Identifies courses that are over- or under-subscribed.
- Highlights gaps in scheduling that may delay student progress toward degree completion.

2. Schedule Health Check

- Provides metrics on schedule efficiency, such as seat utilization, course fill rates, and time conflicts.
- Analyzes trends to ensure that classrooms and resources are used effectively.

3. Pathway Alignment

- Evaluates how well course schedules align with degree pathways.
- Ensures that critical courses are offered in the right sequence and frequency for students to stay on track.

4. Scenario Modeling

- Allows administrators to model potential schedule changes and predict their impact on student outcomes and resource allocation.
- Supports data-informed decision-making when modifying course schedules or expanding capacity.

5. Recommendations

- Suggests actionable changes, such as offering additional sections, redistributing seats, or altering course meeting times.
- Identifies opportunities to reduce bottlenecks in high-demand courses.

Quick Start Guide

1. Go to site: <https://app.adastra.live>
 - a. *Enter email and if you have never logged in, you will want to reset your password using the Forgot Password Link.*
2. After successfully logging in, you will find the different modules on the left. Select: Schedule → Align
3. Enter the term in which you are schedule building for in the term box.
4. Quick filters have been created for departments to quickly only view courses that pertain to their department. You can also share filters with anyone that has access to Align.
5. The Course List:
 - a. The course list becomes a convenient worksheet for those involved in the schedule review, approval, and update process. When section offering changes are entered into the Banner and re-imported, the Planned sections and status are reset.
 - i. **Candidate Type and the Candidate (Courses) Detail:** an explanation for the recommendation.
 - ii. **Offered:** sections and seats currently offered in the analyzed term.
 - iii. **Needed:** the total number of recommended sections and seats based upon the data analyzed.
 - iv. **Planned:** total number of sections and seats that will be offered after the scheduling changes are confirmed. This value starts out equal to Offered and can be toggled up or down to model the addition or reduction of sections.

- These *recommendations* are a combination based on historical enrollment trends and predictions. Click on an individual course to dig in further. Notice that the "Recommendations" section includes a "Predict" column.
- Sections Tab- Drill in on a single course to get the course analysis.
- Student Tab- the list of students that the analysis sees as needing the course in question to continue to make progress on their graduation plan. The list shows the student's name and ID with the total credit applied to their plan and which plan it is associated with.

We hope you will use Align data to make data-driven decisions. Please contact Schedule@tamucc.edu with any questions you may have!

Scan the QR code for a step-by-step guide on navigating Ad Astra's Align with Predict.

Ad Astra Monitor Instructions

Ad Astra's **Monitor** is a powerful tool designed to provide I mean real-time insights into course scheduling and classroom usage. It enables data-informed decision-making by tracking schedule performance, monitoring enrollment trends, and ensuring optimal resource utilization.

-
- **Real-Time Schedule Monitoring**
 - Provides live updates on course fill rates, section utilization, and classroom assignments.
 - Identifies underutilized or overcapacity sections for immediate adjustments.
 - Alerts administrators to scheduling conflicts or capacity challenges as they arise.
 - **Utilization Analytics**
 - Tracks classroom and resource usage across campus to ensure efficiency.
 - Highlights scheduling inefficiencies, such as underfilled classes or unused classroom time slots.
 - Reports on peak usage times and resource availability for better scheduling decisions.
 - **KPI Dashboard**
 - Displays Key Performance Indicators (KPIs) such as seat fill rates, section capacities, and schedule adherence metrics.
 - Allows for customizable views to focus on metrics relevant to specific departments or stakeholders.
 - Enables users to track progress toward institutional goals, like increasing graduation rates or improving scheduling efficiency.
 - **Actionable Alerts and Recommendations**
 - Generates automated alerts for issues like low enrollment, room conflicts, or overbooked sections.
 - Suggests changes such as reassigning classrooms, merging low-enrollment sections, or adding high-demand courses.
 - Provides insights into potential resource reallocations to optimize schedules.

Quick Start Guide

1. **Go to Site:** <https://app.adastra.live>
 - Enter your institutional email.
 - If logging in for the first time, reset your password using the “Forgot Password” link.
 1. ****You do not need to do this if you already reset from logging into Align.****
2. **Access Modules:**
 - After logging in, select **Schedule** → **Monitor** from the navigation panel on the left.

Using Monitor

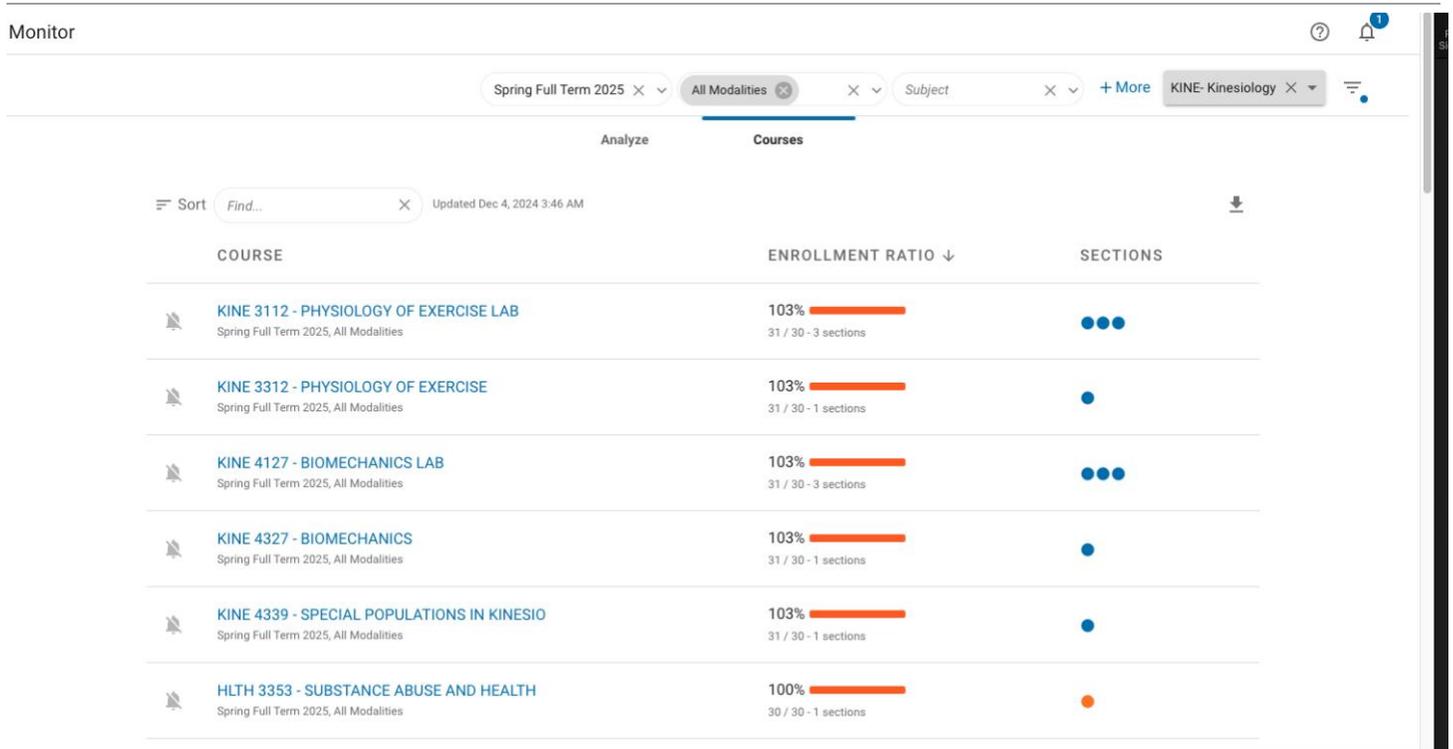

1. **Select a Term:**
 - Enter the term you wish to monitor in the term selection box.
2. **Apply Filters:**
 - Use preconfigured filters for specific departments or courses.
 - Customize and share filters with colleagues for collaborative reviews.
3. **Review Key Metrics:**
 - Examine course and section details, such as enrollment trends, room assignments, and scheduling conflicts.
 - Drill into specific courses to view section-level analysis.

Alerts and Recommendations

- Monitor provides **automated alerts** for critical scheduling issues.
- View actionable insights under the **Recommendations** tab for immediate adjustments.

Detailed Analysis Tabs

1. **Sections Tab:**
 - Displays section-specific data, including capacity, enrollment, and fill rates.
2. **Students Tab:**
 - Lists students impacted by scheduling issues, with their ID and degree progress details.

Making Data-Informed Decisions with Monitor

- Use Monitor’s insights to adjust schedules in real-time, reducing bottlenecks and improving resource allocation.
- Collaborate across departments by sharing dashboards and analysis results.

For support or questions, contact Schedule@tamucc.edu.

Texas A&M University – Corpus Christi

Office of the University Registrar

Instructional Space Scheduling Guidelines

Background

Effective management of computer labs, classrooms, and academic spaces plays a vital role in supporting the university's mission. The Office of the Registrar is committed to optimizing the utilization of these resources. With increasing demand for instructional spaces, evolving teaching methods, and faculty preferences, adhering to standard time blocks is essential to maximize the efficient use of facilities. This approach minimizes unused half-hours and ensures smooth room transitions. Considering rapid technological advancements, prioritizing general guidelines for technology use is more practical than specifying recommendations for individual tools.

Space Guidelines Intent

The primary goal of this policy is to establish a systematic framework for assessing space acquisition needs based on current and projected utilization requirements.

Key Factors in Space Assignment:

1. University Interests: Decisions are guided by the overall interests of the university.
 2. Space Suitability: Suitability for current and future uses, considering construction, renovation, and space reallocations.
 3. Cost Implications: Financial impacts associated with granting or reallocating space.
 4. Impact on Personnel: Effects on individuals who may need to be relocated.
 5. Strategic Alignment: Alignment with the strategic goals of relevant units.
-

Space Utilization Efficiency (SUE) Score

The Space Utilization Efficiency (SUE) score evaluates classroom (room type 110) and lab (room type 210) usage, comprising six components. All facilities are university property and assigned to colleges, academic units, or departments. Current users may control but do not own the space. Changes in use or modification require approval from the Space Management Committee.

Ownership

Classrooms (room type 110) and most labs (room type 210) centrally scheduled and maintained through University Technology Council (UTC) funding include 69 rooms. Rooms not scheduled by

Texas A&M University – Corpus Christi

Office of the University Registrar

Instructional Space Scheduling Guidelines

the Registrar's Office are maintained and funded by individual departments, with 123 rooms currently in this category.

Criteria for UTC-Funded Classrooms/Labs:

1. **Accessibility:** Spaces must remain open to students during building hours.
 2. **Open Use:** Spaces cannot be exclusive to a single college or class.
 3. **Scheduling Flexibility:** Must be available for use by any department or college.
 4. **Technology/Software:** Only centrally used tools will be funded and maintained.
-

Instructional Rooms

Instructional rooms maintained by departments are primarily reserved for department-specific courses. These spaces are not scheduled by the Registrar's Office unless explicitly directed by the department. Technology in these spaces will not receive IT maintenance, but IT will assist with repairs, consultations, and basic troubleshooting.

Scheduling

The Office of the Registrar is responsible for classroom assignments based on Texas Higher Education Coordinating Board (THECB) utilization requirements. Classrooms must be filled to at least 65% capacity and labs to 75% capacity to support funding for capital projects and renovations. Priority is given to classes adhering to standard meeting times.

Policies:

1. **Room Assignments:** Active classes with non-zero capacity will be matched to rooms based on enrollment caps.
 2. **Classroom Reassignments:** Rooms may be reassigned before the semester begins for low-enrollment classes.
 3. **Course Cancellations:** Departments must notify the Registrar's Office of cancellations before Census Day.

Texas A&M University – Corpus Christi

Office of the University Registrar

Instructional Space Scheduling Guidelines

Standard Time Blocks

Standard time blocks ensure consistency, equitable scheduling, and compliance with instructional contact hour requirements. Proper adherence prevents bottlenecks, scheduling conflicts, and underutilized spaces.

Distribution Rules:

- Overlapping time blocks must be avoided to maximize room availability.
 - Conflicts should be minimized to ensure students can progress toward their degrees.
-

Reports

The following reports ensure transparency, equitable scheduling, and data-driven decision-making:

1. **Standard Time Block Compliance:** All regular courses must adhere to standard time blocks.
 2. **MWF Time Block Requirement:** At least 20% of undergraduate courses must use MWF time blocks.
 3. **Early Morning Classes:** A minimum of 10% of undergraduate courses must begin before 9:30 a.m.
 4. **Faculty Scheduling Consistency:** Tracks courses taught by the same instructor on the same schedule.
 5. **Building/Room Utilization Report:** Highlights courses not meeting the 65% classroom capacity threshold.
-

Non-Compliance Consequences

Failure to comply with scheduling policies may lead to:

1. **Course Bottlenecks:** Prime-time bottlenecks, prioritizing Core Curriculum courses.
2. **Room Assignment Priority:** Lower priority for non-standard time block courses.
3. **Student Scheduling Limitations:** Reduced course availability, hindering degree progress.
4. **Reduced SUE Score:** Lower funding potential for renovations and projects.
5. **Technology Maintenance:** Lack of IT support for non-UTC-funded spaces.

Reimagined Scheduling

*A helpful guide for everything you
need to know about schedule
building.*

Annual Scheduling

Shift from term-based to annual scheduling.

Knowledge: Informed scheduling relies on analyzing data such as course demand, student enrollment patterns, and institutional goals to ensure offerings align with the needs of students and strategic objectives.

Benefits of a centralized and collaborative process

Culture: A collaborative and transparent culture among stakeholders—faculty, administrators, and students are essential for fostering trust and aligning scheduling practices with shared priorities.

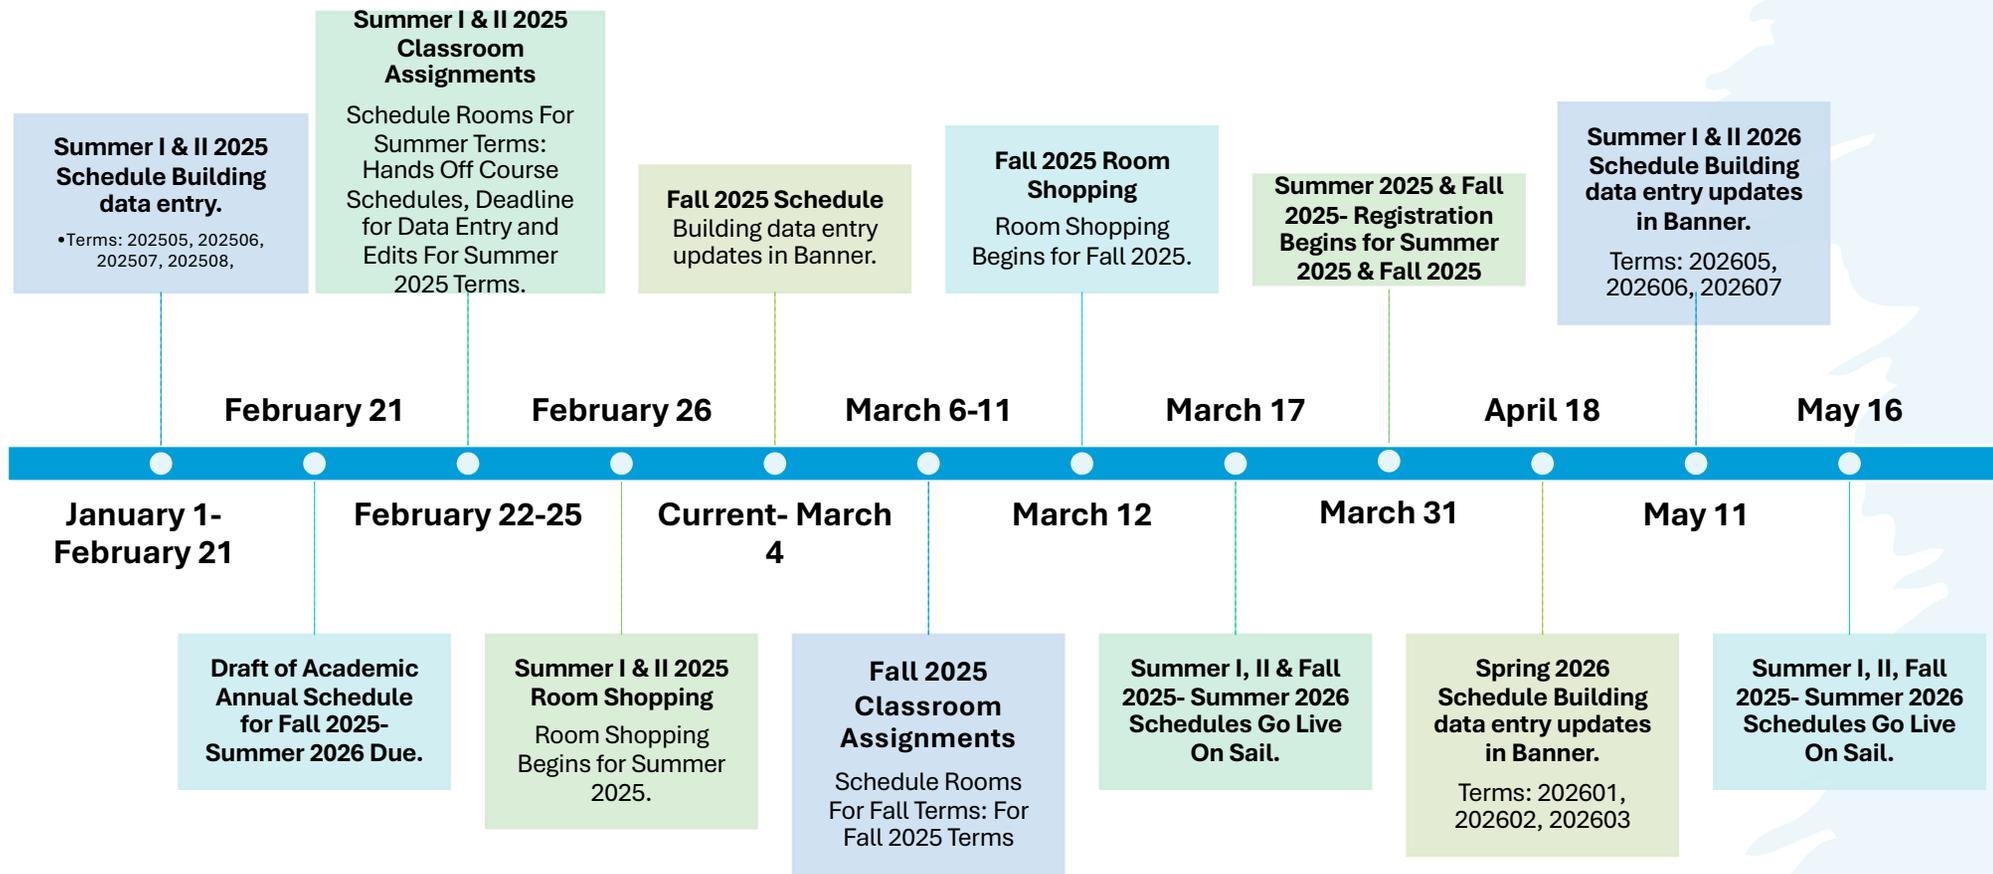

Four Pillars of Smart Scheduling

Process and Policy: Clear, standardized scheduling processes and policies streamline decision-making, reduce conflicts, and ensure that scheduling decisions support equity, efficiency, and goals.

Technology: Leveraging tools like Ad Astra's software enhances scheduling capabilities, enabling data-driven decisions, real-time adjustments, and optimized resource utilization to meet student and institutional needs effectively.

Spring 2025 Timeline

Tools

Ad Astra

Align

- Align is the place to be if you are interested in reviewing an upcoming class schedule and comparing your currently planned courses and seats with course recommendations.

Schedule

- Schedule is where classroom assignments and ad hoc meetings are scheduled. .

Monitor

- Live registration tracking tool.

Banner

Student Information System (SIS) designed for higher education institutions, offering streamlined access, essential features, and workflows for students, faculty, and staff. Its components include Banner for administrative functions and S.A.I.L. for other user interactions.

Degree Works

Easy-to-use online set of academic planning tools that help students and advisors see what courses and requirements students need to graduate. This Degree Audit System Provides a clear picture of degree requirements, interactive “what-if?” scenarios and Student Educational Planner (“Plans” tab).

Standard Time Block Schedule Guide

Regular three-hour lecture classes are required to follow the standard time block schedules for the Fall, Spring, and Summer templates. Courses that do not align with standard time blocks will be reviewed by the University Registrar and scheduled during the second round of scheduling.

ARGOS REPORTS

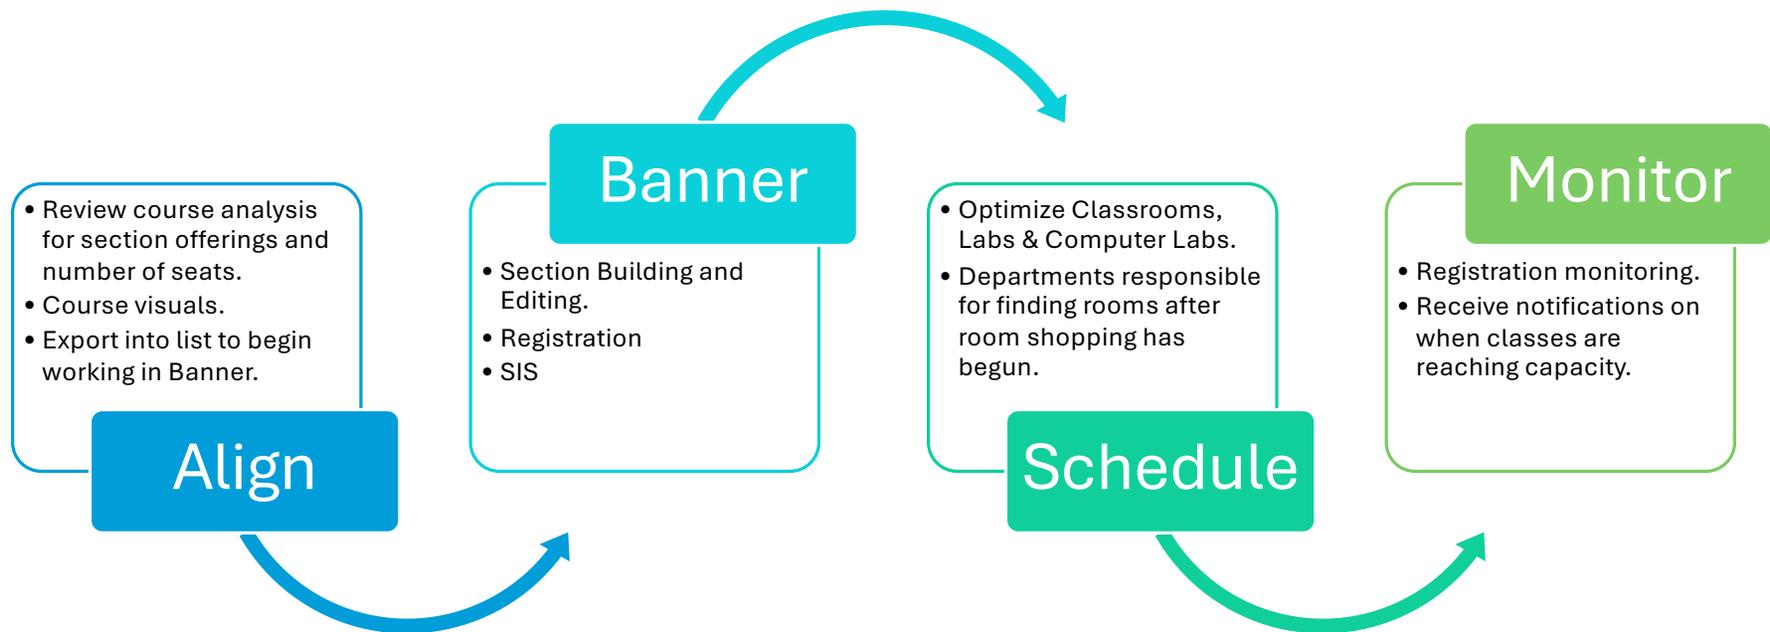

Versatile reporting tool that enables institutions to create, manage, and analyze data-driven reports for informed decision-making and operational efficiency.

UNIVERSITY CATALOG

Official publication that outlines academic programs, course descriptions, policies, and procedures, serving as a comprehensive resource for students, faculty, and staff.

Schedule Building Process

A tropical beach scene at sunset. A palm tree stands on the left, and a lifeguard stand is on the beach. The ocean is visible in the background under a sky with soft, golden clouds.

Ad Astra Align

Predictive Data

- Review recommended changes to course offerings for the upcoming term.
- Analysis identifies high-impact addition and reduction candidates for departmental action.

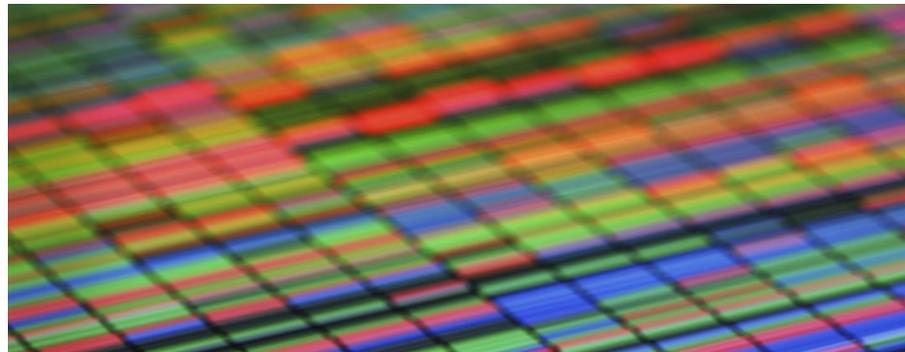

•**Candidate Type and the Candidate Detail:** an explanation for the recommendation

•**Offered:** sections and seats currently offered in the analyzed term.

•**Needed:** the total number of recommended sections and seats based upon the data analyzed.

•**Planned:** total number of sections and seats that will be offered after the scheduling changes are confirmed. This value starts out equal to Offered and can be toggled up or down to model the addition or reduction of sections.

•**Status:** the status of a course that can be changed relative to your schedule change process.

Add Classes Worksheet

If the student selects waitlist, she is not enrolled in the course, just added to the waitlist

Waitlist Information

<https://www.tamucc.edu/academics/registrar/faculty-staff/training-resources.php>

- Waitlists serve as queues for students awaiting seats in full classes.
- Departments may enable waitlists for full classes, offering students the chance to join.

1. Joining the Waitlist

1. When a class reaches full capacity, students can opt to join the waitlist.
2. If permitted by the department, students can secure a spot on the waitlist.

2. Seat Notification

1. The first student on the waitlist receives notification via their Islander email when a seat becomes available.
2. They have 24 hours to register for the class after receiving the notification.

3. Department Overrides

1. Departments hold the authority to override waitlists using CAP permits.
2. Upon registration, departments are advised to increase class enrollment accordingly.

Tab

Tab to begin and the course dates will be entered.

- Double check for correct part of term and session.

Variable Credit

The screenshot shows a form titled 'CREDIT HOURS' with a sub-section 'Credit Hours'. It contains three rows of input fields. Each row has a label, a range of values, and a radio button selection. Blue brackets on the left and right sides group the rows into three sections: Credit Hours, Billing Hours, and Contact Hours. The values in the input fields are 1.000, 3.000, and 3.000.

Field	Value 1	Value 2	Value 3
Credit Hours	1.000	3.000	3.000
Credit Hours Indicator	<input type="radio"/> None	<input checked="" type="radio"/> To	<input type="radio"/> Or
Billing Hours	1.000	3.000	3.000
Billing Hours Indicator	<input type="radio"/> None	<input checked="" type="radio"/> To	<input type="radio"/> Or
Contact Hours	1.000	3.000	3.000
Contact Hours Indicator	<input type="radio"/> None	<input checked="" type="radio"/> To	<input type="radio"/> Or

Variable topic courses can vary from 1 to 9 hours.

The credit and billing hours should match

- Major implications if not matching.
- Will mess up student transcripts, student fees and bills and faculty workload calculations!

Course Long Title

SSASYLB

- Enter the default catalog title just as it appears in the "COURSE TITLE"
- Add a colon and, in mixed case, add the sub-title.
- This is EXACTLY what will appear in the class schedule and on the student's transcript, so be sure it is spelled correctly.
- Don't forget to save- bottom right-hand corner,

Making the Connection

LINKED: LECTURE-
LABORATORY OR
LECTURE-
RECITATION WITH
SAME COURSE
NUMBER

CROSS-LISTED:
FACULTY TEACHING
SAME DAY, TIME
AND PLACE.

STACKED:
SECTIONS AT
DIFFERENT LEVELS
TAUGHT TOGETHER
AS A GROUP

*LEC/LAB
Links: what
does that
mean?*

Ensures student enrolls in the LEC section of a course and register for one of several connected LAB/RCT sections.

All sections in the connected group **MUST** have the same subject and course number- but different section numbers:
ex: BIOL 1308.001 & BIOL 1308.101

Conceptual Summary

Need: students need to register for both lecture and lab/rct.

BIOL 1308.001 LEC [AA]	BIOL 1308.101 LAB [BB]
	BIOL 1308.102 LAB [BB]
	BIOL 1308.103 LAB [BB]

BIOL 1407.001 LEC [AA]	BIOL 1407.101 LAB [BB]
	BIOL 1407.102 LAB [BB]
	BIOL 1407.103 LAB [BB]

BIOL 1308.002 LEC [CC]	BIOL 1308.104 LAB [DD]
	Biol 1308.105 LAB [DD]
	Biol 1308.106 LAB [DD]

BIOL 1407.002 LEC [CC]	BIOL 1407.104 LAB [DD]
	BIOL 1407.105 LAB [DD]
	BIOL 1407.106 LAB [DD]

Step By Step to Linking

Step 1

SSASECT

- lecture section, enter the Link Identifier, “AA”.

SAVE.

The screenshot displays the 'Schedule SSASECT 9.3.15 (BPROD)' interface. The top navigation bar includes tabs for 'Course Section Information', 'Section Enrollment Information', 'Meeting Times and Instructor', and 'Section Preferences'. The 'Course Section Information' tab is active, showing fields for Subject (BIOL), Course Number (1406), Title (BIOLOGY I), Section (001), and Cross List. Below this, the 'CLASS TYPE' section is expanded, showing 'Traditional Class' with Part of Term 1, dates 08/24/2020 to 12/10/2020, and 16 units. The 'CREDIT HOURS' section is also expanded, showing Credit Hours, Billing Hours, and Contact Hours, all set to 4.000, with radio buttons for 'None', 'To', and 'Or'. The 'CLASS INDICATORS' section is expanded, showing 'Prerequisite Check Method' set to 'Basic or None', 'Link Identifier' set to 'AA', and 'Attendance Method' set to 'Face-to-Face'. On the right side, there are checkboxes for 'Print', 'Gradable', 'Tuition and Fee Waiv', and 'Voice Response and'.

Step By Step to Linking

Step 2

SSADETL

- LECTURE SECTION, ENTER THE “LINK CONNECTOR” CODE OF THE LAB SECTIONS YOU WILL BE CONNECTING TO,

SAVE.

SSASECT

- The Lab section and enter the “BB” link identifier.

SAVE.

The screenshot shows the 'Schedule SSASECT 9.3.15 (BPROD)' form. The top navigation bar includes 'Term: 202006', 'CRN: 30019', 'Subject: BIOL', 'Course: 1406', and 'Title: BIOLOGY I'. Below this are tabs for 'Course Section Information', 'Section Enrollment Information', 'Meeting Times and Instructor', and 'Section Preferences'. The 'COURSE SECTION INFORMATION' section contains fields for Subject (BIOL), Course Number (1406), Title (BIOLOGY I), Section * (101), and Cross List. The 'CLASS TYPE' section includes 'Traditional Class' with 'Part of Term' (SUM) and dates (06/01/2020 to 07/03/2020), and 'Open Learning Class' with 'Registration Dates', 'Start Dates', and 'Maximum Extensions' (0). The 'CREDIT HOURS' section has three rows: 'Credit Hours' (0.000 to 4.000, 0.000, Or), 'Billing Hours' (0.000 to 4.000, 0.000, Or), and 'Contact Hours' (5.000, None, To, Or). The 'CLASS INDICATORS' section includes 'Prerequisite Check Method' (Basic or None, CAPP, DegreeWorks), 'Attendance Method' (1, Face-to-Face), and 'Weekly Contact Hours'. A blue arrow points to the 'Link Identifier' field, which contains 'BB'. Other indicators include 'Daily Contact Hours', 'Print', 'Gradable', 'Tuition and Fee Waiver', and 'Voice Response and Self-Servic'.

Step By Step to Linking

Step 4

SSAETL

- TO CONNECT THE LAB BACK TO THE LECTURE, ENTER THE “AA” LINK IDENTIFIER.

SAVE.

REPEAT THIS SAME PROCEDURE WITH ALL LAB SECTIONS IN THIS GROUP.

Co-Requisites

SSADETL

- A corequisite is a course that a student must take at the same time as another course or requirement.
 - Similar to Linking but not same Subject and Course .
- Must be in the catalog and co-reqed at the catalog level and then at the section level.
 - Send email to schedule@tamucc.edu to request courses be co-reqed at the catalog level.

The screenshot shows the 'Schedule Detail SSADCTL 9.3.15 (BPROD)' interface. At the top, it displays 'Term: 202001 CRN: 23404 Subject: MATH Course: 0099 Title: NON-COURSE DEVELOPMENTAL'. Below this are tabs for 'Section Links and Corequisites', 'Section Fees', 'Degree Program Attributes', and 'Contract and Block Schedule Information'. The 'Section Links and Corequisites' tab is active, showing a 'SECTION LINKS' section with a 'Link Connector *' field and a 'COREQUISITES' section. The 'COREQUISITES' section has a table with columns for 'CRN *', 'Subject *', and 'Course *'. The 'CRN *' column contains a text input field with a dropdown arrow, and the 'Subject *' and 'Course *' columns are empty. Navigation controls for '1 of 1' and '10 Per Page' are visible at the bottom of the table.

Cross-Listed & Stacked Sections

Cross- Listed

- Students can register for the same course at the same time, in the same place, with the same instructor, using different prefixes
 - SOCI 2326 Social Sociology
 - PSYC 2326 Social Psychology

Stacked

- Course sections at different levels taught as combined classes by the same faculty member at identical days and times.
- Most commonly, a 4000- level section combined with a 5000-level section meeting together.
- Must put controls to restrict, to ensure students register for the correct level.

Why?

Required for Coordinating Board reporting.

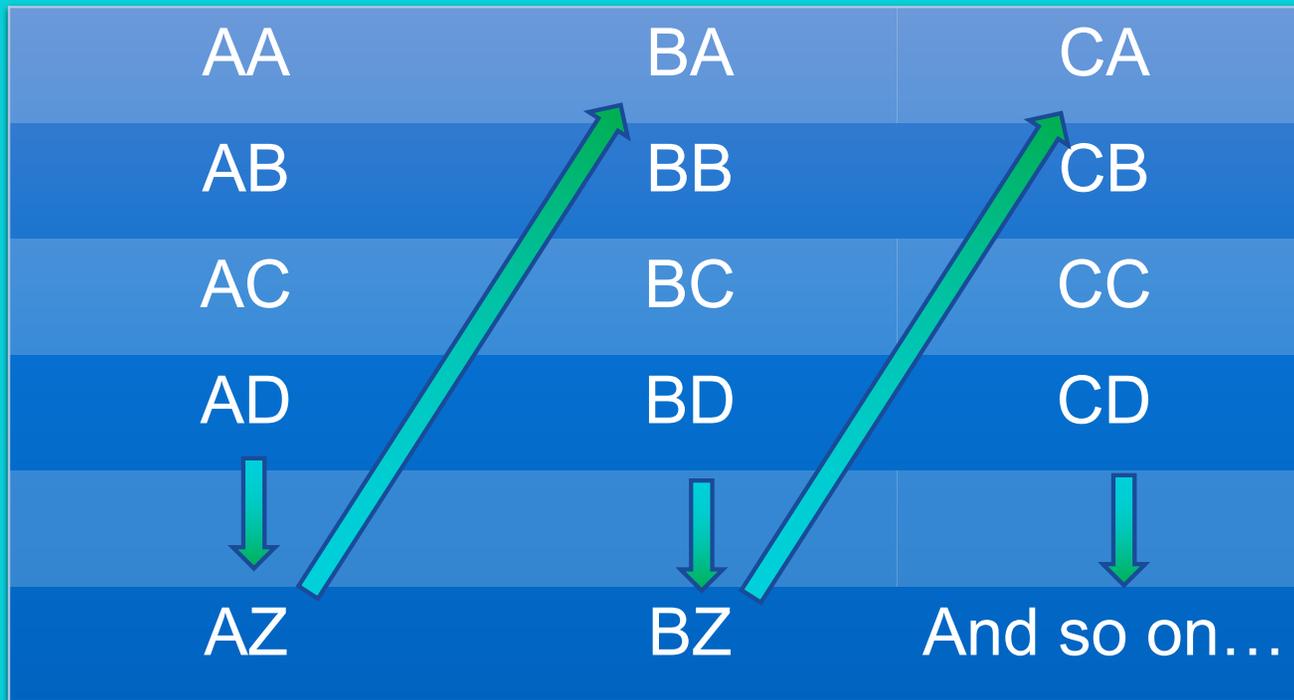

Faculty instructional workload reporting to work correctly.

Classroom Assignments

Canvas course section merges

Don't forget to change the original CRN's section number.

Default Section Details SSASECT 9.3.27 (BPROD)

Default Term 202301 *** Default CRN 81792 ***

Process Default Cancel

3. Enter CRN you are copying and select 'Process Default'.
4. A new CRN will be created.

Deleting

- Course Section Information Tab and click on the Delete button.
- You will get a warning and then Save.

Canceling

- Meeting Dates tab, Delete, Save
- Next Block to instructor, Delete, Save
- Return to Course Section Information Tab and change status from A (Active) to X (Canceled) in the Status field.

Cancel vs. Delete

- The difference between deleting a class and cancelling a class, is that once it's deleted, you cannot retrieve it again.
- All data must be removed before you can cancel & delete the CRN.

Course Changes

1. Departments will notify students of the changes to the section via email. (Pull course roster from Argos).

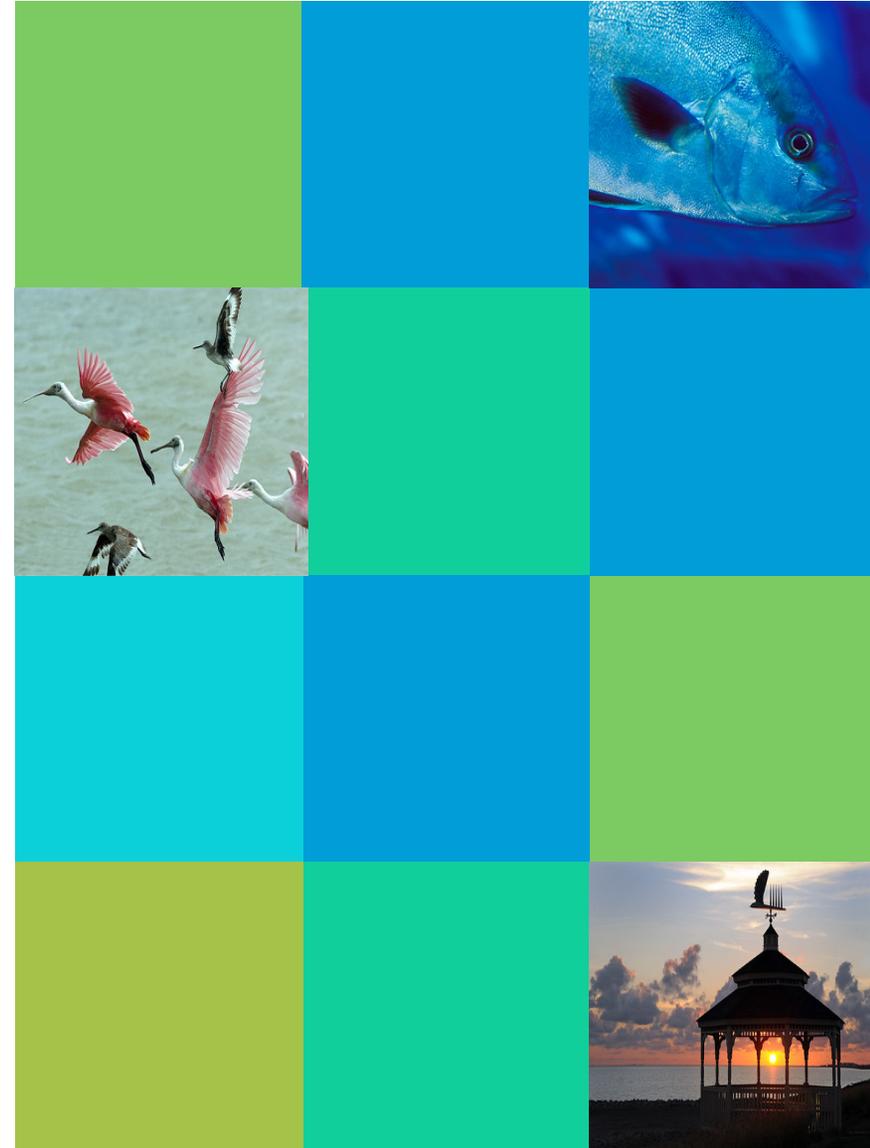

- If instructional method is being changed, they will notify students of increased/decreased fee.

2. We ask departments to also loop in advisors if a course is being canceled so they're able to assist students as well.

- Course change request are sent to the Registrar's Office to schedule@tamucc.edu

Once the Registrar's office has completed the moves, we will notify the department.

Should not happen after the last posted day to add a class.

REGISTRATION ADD / DROP FORM

Registration Forms

- Do not register students without a paper trail
 - Registration documentation is required and uploaded to students Laserfiche record
 - Place all notes in banner SPACMNT, Registrar's Office does not use Starfish
- Student's making registration updates for multiple terms must fill out a separate form for each term (Summer I, Summer II, Fall)
- Students who are requesting to "drop" all the courses they're registered for that term must complete a *Withdrawal Authorization form*
- With DocuSign students will receive an automatic notification that their request is "complete." They must open the PDF to see if request was approved or if there were any errors.

DocuSign Envelope ID: BE848E79-0FF8-4E9E-B838-619CB0DFB757

Report: Class Schedule with Fees

- What published schedule will look like.
- Verify to see what students will see and the “notes” and “comments”.

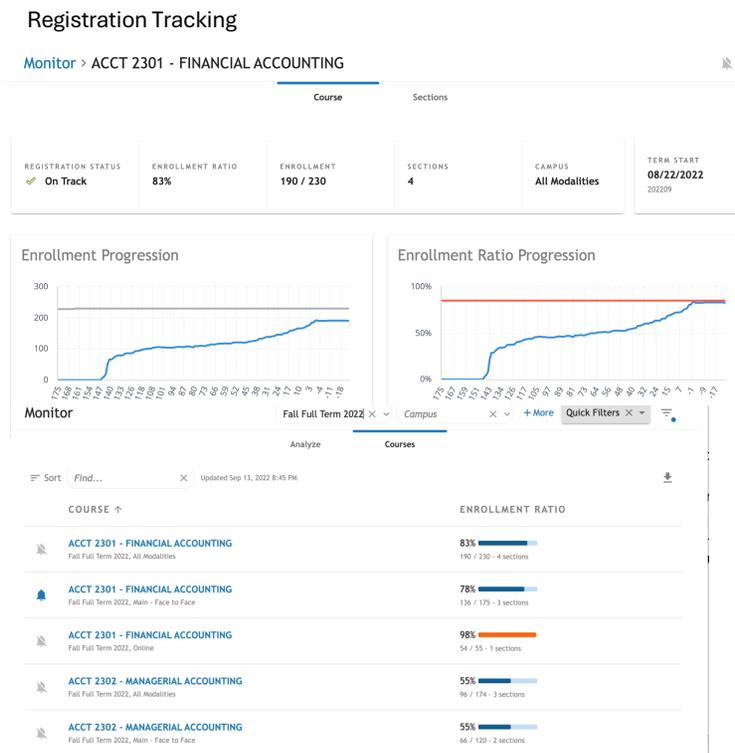

A tropical beach scene at dusk. A tall palm tree stands on the left side of the frame. In the middle ground, a lifeguard stand is visible on the beach. The ocean is in the background under a dark, cloudy sky. The text 'Ad Astra' is overlaid in a large, white, outlined font, and 'Align | Monitor | Schedule' is overlaid in a smaller, white, solid font below it.

Ad Astra Monitor

Registration Tracking

• **Monitor** tracks registration and monitors trends over time leading up to the start of the term.

• Follow courses you are interested in for courses and get alerts when they start to fill up.

• Keep an eye on registrations for key courses before the start of a term.

High and low enrollment ratios may require action to be taken.

See something interesting? Dive into a single course and learn more.

Our Mission & Responsibilities
Our mission is to support teaching, learning, and student development by maintaining the integrity of academic policies and the student information system.
We serve the students, faculty, staff, and alumni by managing the course catalog, schedule of classes, and centrally scheduled classrooms and computer labs.
Centrally Scheduled Classrooms (University Technology Council approved rooms)
Our office is charged with scheduling 61 classrooms that are designated a 110 by the State of Texas and 8 computer labs.

The Optimizer

Rooms Assignments

All rooms that are funded by the University Technology Council will be run through the optimizer which includes Classrooms and most Computer Labs.

Import courses from Banner, scheduled in Ad Astra, then exported back to Banner.

Preferences are used to find the best utilizations for classrooms.

Progressive Optimizations

- Strict parameters
- Eight Runs- start at 100% seat fill- Decreasing 5% each run.
- Will not schedule courses that do not fill the room below 65%.

Ad Astra Scheduling Preferences

Date Submitted: 9/3/2020

Department Name: PENS

Contact Name: Galina Reid Contact Email: galina.reid@tamucc.edu

Subject(s) and/or Course#:[i.e.COMM 1311, All MEDA]: PHYS 1303; PHYS 1304; PHYS 1401; PHYS 1402; PHYS 2425; PHYS 2426

Meeting Type [i.e.LEC, LAB, RCT, PRA]: LEC

Room Type [i.e.classroom or PENS Lab]*: classroom

Features[i.e. room with moveable chairs]:

Building(s): RFEB, CI, BH, IH, OCNR,

Instructor Preference *(if a particular instructor needs a particular for medical or pedagogical reason):* none

Exclude from rooms [do not place in CS or ECDC OR do not put in CS 103]:
do not place in CI 126, ECDC

Notes:
Please, schedule multiple lectures on the same day, in the same room or at least in the same building

Preferences

Exclude from rooms [do not place in CS or ECDC OR do not put in CS 103]:

- Preferences with varying weights: **MUST BE PEDAGOGICAL**

Notes:

- Building Preferences

Examples

- All of our Math subject courses, regardless of meeting type, or instructor, are required to be in Classroom, subject: MATH, Meeting type: Lab
- All of our RNA subject courses, with a LAB of meeting type, are required to be in the region (group) of RNA, subject: RNA, Meeting type: Lab
- All of our MUEN subject, regardless of meeting type, or instructor, are preferred to be in rooms CA 228, 140 and 229: Subject: MUEN, room type: Classroom-Music, Notes: CA 228, 140, 229

The Why

SUE Score

- Texas Higher Education Coordinating Board scores institutions based on demand, utilization and space efficiency using the “Space Utilization Efficiency (SUE) score
- Percent Fill- part of this score includes filling rooms to at least 65%.
- If a course does not meet the 65% rule, the Registrar’s Office will not schedule it.
 - Exceptions can be made with requests to schedule team.

Room Assignments

- Room assignments will be exported in Banner
- Departments have until the first day of classes to request rooms- “room shopping”.
 - If departments change the room assignment, it will go into a “requested” status.
 - Registrar’s Office will review requests and approve if meeting 65% rule (SUE Score)
 - If request is denied the room will be dropped from the course
