Check out the Resources and Academic Support Programs that are available to use in order to achieve your academic goals this semester.

**Student Success Summit April 3-6:** Students will learn about resources to help increase their success through interactive discussions that focus on creating a sense of belonging, preview of student support services and sharing their college experience. **First year FISA members will receive a meeting credit.**

**Your Academic Advisors and Professors’ Office Hours:** You are always able to find your advisors through Degree Works and Tamucc.edu. Don't forget to check your emails, syllabi, and Blackboard for office hours, class times, important announcements, and required books.

**Tutoring and Supplemental Instruction** are important in aiding in the understanding and improving performance in your classes.

**The Writing Center** Services are offered in a hybrid format to offer (limited) in-person sessions as well as online consultants. They are great with assisting in any writing project by providing planning, organizing, and revision.

**The Mary and Jeff Bell Library** Not only is there a 24 hour chat that allows for immediate assistance, but they also offer study rooms, online data bases, technology lending, printing, the I-Create Lab, and more resources to aid in success with your classes

**University Counseling Center** All of us encounter stressors, problems, and decisions in our daily life. The counseling center is here to help us cope with these issues by offering different services. These services include a relaxation room, workshops, consultations and groups.
