COB ONLINE CLASS PRE-OBSERVATION FORM

Faculty Member Requesting Observation

Name: _____

Department: _____

Discipline: _____

Course Information

Course to be Visited: _____

Enrollment: _____

Module(s): _____

Delivery Mode: [CHECK ONE] Synchronous Asynchronous

Date or Window: _____

Time (if synchronous): _____

Questions for Discussion

Are there any general issues related to online instruction that we should discuss before my observation of your online teaching modules?

How do you have your learning path organized for each module or is it customized depending for each module?

What online platforms do you use within each/this module?

What are your goals for this particular module?

What do you expect students to do in the module to reach your stated goals?

How do you facilitate student-instructor interaction in this course and in this (these) module(s)?

How do you facilitate student-student interaction in this course and in this (these) module(s)?

Will this (these) module(s) be generally typical of your online teaching? If not, what will be different?

Is there anything specific you'd like me to focus on during the online module(s) that I observe?
