SECTION I. PROGRAM DESCRIPTION AND LEARNING OUTCOMES

Welcome to the Masters of Curriculum and Instruction.

Program Description

This master’s degree is designed for individuals who want to emphasize curriculum and instruction as they further their professional knowledge of education. They can focus on elementary and/or secondary levels in their programs. This program, which is interdisciplinary in nature, builds on the professional education and content courses taken at the undergraduate level. Within the interdisciplinary program, a focus will be developed in consultation with the advisor. This degree allows students to explore areas of interest across cognate areas.

Student Learning Outcomes

Students will:

- Apply their knowledge in assessment by completing a portfolio with performance and affective assessments in their field of Curriculum & Instruction.
- Apply their knowledge in Curriculum Theory to produce a comprehensive literature review on a major issue in their field.
- Apply and complete an action-based or historically-based quantitative or qualitative study on an issue in curriculum and instruction and defend it at a public gathering with at least three faculty members present.

Continuous Enrollment
Master’s students should also know that if they do not attend for two years, they will be required to reapply to the University. Students should consider applying for a leave of absence (see below), especially if the time-to-degree and recency of credits requirements will be impacted by a needed absence.

Leave of Absence
Students experiencing life changing or catastrophic events should consult with their program coordinator and/or department chair and request a Leave of Absence in writing from the College of Graduate Studies using the Request for Leave of Absence form. A student who is in good standing may petition for a leave of absence of no more than two full academic terms. The maximum number of leave of absence requests permitted in a program is two. A request for a leave of absence requires approval in advance by the Program Coordinator, College Dean, and Graduate Dean. If the Graduate Dean approves the petition, the registration requirement is set aside during the period of time of the leave. Students should be aware that leaves of absences require suspension of all activities associated pursuit of the degree.
SECTION VI. PROGRAM SPECIFIC INFORMATION

Student Organizations
The Association of Supervisors of Curriculum Development (ASCD) has a chapter for honor graduate students.

Conferences to Attend
ME by the SEa is a math and science education conference held on the campus of TAMUCC the second Friday of June.
School University Partnership Conference for Education (SUPCE) is offered in the fall. Current and former graduates of the program are invited to present.
