SECTION IX. University Graduate Resources .................................................... 11
Greetings and Welcome!

I am Dr. Don Melrose, Chair of the Department of Kinesiology. I have the honor of overseeing the people that comprise this department and its programs. Congratulations for choosing our graduate program to further your education. We know that deciding to go to graduate school is a big decision. This is precisely why we are so pleased you have decided to trust us with your graduate experience. You have made an excellent choice. We have a tremendously talented faculty and first-rate facility. Our Sport Performance Program is recognized by the National Strength and Conditioning Association and has been independently ranked as a top-ten graduate program. This program offers you the ability to complete your work online, in person, or a little of both. In our program, you will be exposed to advanced knowledge and skills in your field, learn how to read, interpret and apply research, and perform actual research. As with any educational program, what you ultimately get from it is only as good as what you put into it. It is incumbent upon you to apply yourself, take advantage of the expertise of our faculty, utilize our facility, and be involved in educational opportunities that arise. We look forward to serving you and watching you succeed at Texas A&M University-Corpus Christi.

SECTION III. LEARNING OUTCOMES

The award-winning Master of Science in Kinesiology with an emphasis in Sport and Exercise Science is a STEM certified program designed to prepare professionals in the multi-faceted disciplines of athletic performance, strength and conditioning, sport coaching, fitness, and allied health. These disciplines include the application and in-depth study of biomechanics, sport physiology, strength and conditioning, motor performance, sport nutrition, athletic testing, and sport psychology. Thus, a major purpose of this program is to bridge the gap between the science and application of sports performance, as well as preparation for advanced research (e.g., Ph.D.). The program is internationally recognized by the National Strength and Conditioning Association (NSCA) and maintains the standards of the Council on Accreditation of Strength and Conditioning Education (CASCE). The program features a vibrant community of scholars that are nationally and internationally recognized in the areas of sport and exercise science. Students have the choice of three-degree options:

1. Sport and Exercise Science: Non-Thesis/Research Project
2. Sport and Exercise Science: Thesis.
3. Sport and Exercise Science: Strength and Conditioning

Texas A&M University-Corpus Christi's state-of-the-art Island Hall includes a biomechanics lab, motor development lab, exercise physiology lab, and athletic training center, providing excellent facilities and equipment for sport and exercise science research.

The Master's in Kinesiology is available as either an entirely online program or a hybrid face-to-face/online program. Online students should select the online kinesiology option in ApplyTexas. Please note, the online kinesiology program will not issue F-1 visas.

Student Learning Outcomes

Students will:

- Demonstrate theoretical and practical knowledge in the field of sport and exercise science.
- Produce high caliber sport and exercise science research by applying the principles of the scientific method and statistics to collect, analyze, and interpret sport and exercise science-related data.
- Apply the principles of sport biomechanics, sport physiology, and motor development in creating appropriate strength and movement programs for various populations.
- Apply selected principles of sport psychology, program design, sport nutrition, and athletic testing to improve human performance.
Admission Requirements

Students are eligible to pursue graduate-level course work in Kinesiology if they meet the University and COEHD graduate admission requirements as specified in the Graduate Policies and Procedures. Additional kinesiology requirements and restrictions are listed below:

1. Applicants whose undergraduate major or minor is not Kinesiology and/or do not have equivalent undergraduate coursework are encouraged to take recommended undergraduate prerequisite courses for KINE 5311 Statistics in Kinesiology (3 sch), KINE 5312 Sport Physiology (3 sch), and KINE 5327 Sport Biomechanics (3 sch).

2. If an applicant’s GPA is below 3.0 in their last sixty hours, but greater than 2.50, they may be admitted under “conditional” status. In such cases, the student must earn a minimum GPA of 3.0 at the completion of their first nine hours of kinesiology graduate courses.

The kinesiology College of Graduate Studies and Kinesiology Graduate Program Coordinator evaluate all applications and makes admission decisions.

Application requirements

Complete Application Admission:
- Apply for Admission via Apply Texas Application
- An applicant may defer admission to an earlier/later semester. Applications are valid for one year. One deferral is allowed per application.
- $50 for US citizen, $70 for International Students
  - Pay during application process
  - Pay fee online: Pay Online
  - Pay fee on campus to Business Office

Please Note: Applicants who wish to apply for a different program will be required to submit a new application. The application processing fee is required for each application submitted. Application requirements specific to this program:

- Official transcripts from all undergraduate and graduate course work taken at any accredited college or university attended (Foreign College credits/transcripts require an official foreign evaluation.) TAMU-CC transcript is not required.
- Essay (Approximately 300-400 words in length which includes information about their reasons for pursuing graduate study and for choosing this specific graduate program)

*Please allow 3-5 business days to receive Student ID before submitting additional supporting documents.

Submit all supporting documents online.
Application requirements for international applicants:

- Copy of current Visa (if applicable)
- English Language Proficiency. TAMUCC currently accepts the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) within the last 2 years:
  - Official TOEFL score minimum paper-based score of 550 or internet-based score of 79-80
  - Official IELTS score minimum 6.5

Program Admission Deadlines

**Domestic & International Students:**

Admission Review Process/ Timeline

Complete applications should be received for full admissions and funding consideration.
SECTION V. ACADEMIC PROGRESSION

Program Degree Requirements

The requirements for the master's degree in Kinesiology with an emphasis in Sport Science are 36 semester credit hours, including 15 semester hours in Kinesiology core courses, 15-18 semester hours in required courses, and 3-6 semester hours in a capstone research experience.

Graduate Advisory Committee

Students will be advised by the Graduate Program Coordinator.

Degree Plan (36 hours for all options)

The Degree requirements may be met through one of three options: Non-Thesis Option, Thesis Option, or Strength & Conditioning Option. Courses are taught in seven-week accelerated classes.

Core Courses Required for All Degree Plan Options (15 semester hours)
KINE 5307 Research Design in Kinesiology
KINE 5309 Scientific Foundations of Strength and Conditioning
KINE 5311 Statistics in Kinesiology
KINE 5312 Sport Physiology
KINE 5327 Sport Biomechanics

Option I: Non-Thesis (SENT)

Required Courses – (9 semester hours)
Choose at least three from the list below. Additional courses can be utilized as applied electives below.

KINE 5306 Sport Nutrition
KINE 5308 Leadership in Kinesiology
KINE 5313 Athletic Testing
KINE 5314 Applied Principles of Strength and Conditioning
KINE 5325 Program Design for Resistance Training
KINE 5338 Motor Development in Sport
KINE 5340 Sport Psychology
KINE 5394 Professional Field Experience I
KINE 5395 Professional Field Experience II
KINE 5690 Professional Seminar

Applied Electives (0-9 semester hours)
Graduate level courses to be selected with permission of faculty advisor. Choices may include but are not limited to the Kinesiology courses listed above.

KINE 5397 Graduate Research Project in Kinesiology
*KINE 5307 must be taken prior to capstone

Option II: Thesis (SETH)

Required Courses – (9 semester hours)
Choose at least three from the list below. Additional courses can be utilized as applied electives below.

KINE 5306 Sport Nutrition
KINE 5308 Leadership in Kinesiology
KINE 5313 Athletic Testing
KINE 5314 Applied Principles of Strength and Conditioning
KINE 5325 Program Design for Resistance Training
KINE 5338 Motor Development in Sport
KINE 5340 Sport Psychology
KINE 5394 Professional Field Experience I
KINE 5395 Professional Field Experience II
KINE 5690 Professional Seminar

**Applied Electives (0-9 semester hours)**
Graduate level courses to be selected with permission of faculty advisor. Choices may include but are not limited to the Kinesiology courses listed above.

**KINE 5398 Thesis (6)**
*KINE 5307 must be taken prior to capstone

**Option III: Strength and Conditioning (SESC)**

**Required Courses – (21 semester hours)**

KINE 5306 Sport Nutrition
KINE 5313 Athletic Testing
KINE 5314 Applied Principles of Strength and Conditioning
KINE 5325 Program Design for Resistance Training
KINE 5340 Sport Psychology
KINE 5394 Professional Field Experience I
KINE 5395 Professional Field Experience II

**Comprehensive Final Exam**
CSCS Practice Exam

### SECTION VII. PROGRAM SPECIFIC INFORMATION

**Student Organizations:** Kinesiology Club  
**Program/College Awards:** The College of Graduate Studies sponsors the following awards for master’s students: Outstanding Teaching Assistant, Outstanding Research Assistant, and Outstanding Master’s Student.  
**Conferences to Attend:** Students are encouraged, but not required to present/attend at the National Strength and Conditioning Association (NSCA) Conference, American College of Sports Medicine (ACSM) Conference, and Texas A&M University System (TAMUS) Research Symposium.
SECTION VIII. REQUIREMENTS THAT EXCEED THE COLLEGE OF GRADUATE STUDIES REQUIREMENTS OR EXAMPLES, E.G., THESIS ABSTRACTS

Not applicable

SECTION IX. UNIVERSITY GRADUATE RESOURCES

This handbook is designated for students enrolled in the Master of Science in Kinesiology with an emphasis in Sport and Exercise Science program at Texas A&M University-Corpus Christi. The policies, procedures, and expectations expressed within this student handbook explicitly apply to the students accepted and enrolled in the program. The program has attempted to outline the most specific and important information for students, particularly if the program’s expectation of students exceeds the College of Graduate Studies or other university policies and procedures. University resources are listed below:

University Handbook of Rules & Procedures

Please refer to Section 13 for students in the University Handbook of Rules and Procedures which can be located at: http://academicaffairs.tamucc.edu/rules_procedures/

College of Graduate Studies – TAMUCC

The policies, procedures, and expectations for the all graduate students can be found within the College of Graduate Studies Master Student Handbook which can be located at: https://gradcollege.tamucc.edu/current_students/assets/masters_student_handbook.pdf

General Academic Policies for Graduate Students

The General Academic Policies for Graduate Students can be located at: https://catalog.tamucc.edu/graduate/general-academic-policies-regulations/

Graduate Catalog

A link to the complete Graduate Catalog can be located at: https://catalog.tamucc.edu/graduate/

Academic Policies (both general university and graduate)
