

Domains of Integration Scavenger Hunt

This worksheet contains the 8 domains of integration as outlined in the Comprehensive Healthcare Integration (CHI) Framework (National Council for Wellbeing, 2022).

Directions: Make notes about which of the eight domains stood out to you. How present or absent are these domains at sites you have been a part of? Which domains do you wish to learn more about?

1. Screening, Referral to Care and Follow-Up	2. Evidence-based Care for Common Medical and BH Conditions
3. Ongoing Care Management	4. Self-Management Supports
5. Multidisciplinary Team	6. Systematic Quality Improvement
7. Linkages with Community/SDH	8. Sustainability
