LETTER OF INSTRUCTION: US ARMY ROTC ISLANDER CHALLENGE 2022

1. **Purpose.** To inform local High School, Army, Navy, Air Force, and Marine Corps JROTC programs about the Texas A&M - Corpus Christi Army ROTC’s Islander Challenge Competition scheduled for 02 April 2022 and extend the invitation to participate in this motivational event.

2. **General.**
   
   a. The goals of the competition are: (i) Expose JROTC Cadets to a University Campus, (ii) provide a challenging, military skills-oriented competition, (iii) increase esprit de corps among JROTC programs, and (iv) raise awareness of the Islander Battalion Senior ROTC Program at TAMUCC.
   
   b. All Islander Challenge competition events occur throughout the TAMUCC Main Campus. Events include a 2-Mile Hammerhead Run, Islander Warrior Obstacle Course, Tactical Combat Care Challenge, Tarpon Stress Shoot, Bay Hall Grenade Course, and Keep in Mind System (KIMS) Game.
   
   c. The challenge is an accumulative scored, time-based point system. The team with the highest number of points for speed and accuracy will win the Islander Challenge. The top three scoring teams receive awards. Teams must participate in each event to be eligible for one of the top three awards. Group Leaders (an assigned TAMUCC SROTC Cadet) must be always present with their team; Group Leaders will use predetermined routes that all groups must use. Start times and end times for each team event will be reported to the Tactical Operations Center (TOC) for scorekeeping. For example, a Group Leader will give their assigned team instructions for the event and, when ready, alert the team to “get ready, get set, begin.” Upon the command to begin, the Group Leader will press the start button on a timer. The team will perform the task until complete. Upon completion, the Group Leader will press stop on the timer and report the time and score to the TOC for record. Accumulated scores will be tabulated once all teams have completed each challenge. There is a total 6-hour limit to complete all events.
d. The 12th Annual Islander Challenge will assess critical thinking skills and creative problem solving. The competition will be conducted in four (4) phases:

**Phase I:** Reception/Welcome Ceremony. This phase begins with the arrival of the participating JROTC Programs to the TAMUCC Campus. Islander Battalion HQ staff, cadre, and cadet conduct welcoming ceremony. Upon completion of the reception and welcoming ceremony, the Physical Fitness Challenge Events will commence. Each team will be assigned a Group Leader and issued rucksacks. Each team’s ruck will contain a 15-pound weight which must always remain in the ruck. Water bottles for team members can be added to the ruck. Teams will carry all trash, in the team’s ruck and of all trash at designated trash points. This will help in keeping TAMUCC campus and the environment clean.

**Phase II:** 2-Mile Hammerhead Run.

Five cadets from each team will compete in the 2-Mile Hammerhead Run. Teams will be provided with a route map. Routes will be marked by traffic cones and Islander Battalion Cadets who will direct teams. All five cadets must run the two miles together and finish within five seconds of each other to receive an overall time team score. If a team does not finish together as a unit, a one-minute penalty will be applied for each team member that does not finish within the five second rule. If a team member does not finish the run a five-minute penalty will be added to the team’s overall score. Both feet must cross the finish line to stop the team’s timer. Teams will be scored by overall time, which will be converted into points.

**Phase III:** Round Robin. This phase consists of five circuit events. Group Leaders will direct teams to each event. Each group will have one hour to complete all five circuit events.

(**I.** **Tarpon Stress Shoot.**

The Tarpon Stress Shoot includes a Dumbbell Carry, Stress Shoot, Burpees, Sprints, and Arm raises. This event will be timed. For the Stress Shoot, each team will select one shooter, however, the shooter must perform all four of the remaining events with the team. Teams will be scored by overall time, which will be converted into points.
(II). KIMS Game.

Conducted on the TAMUCC Campus, teams will be presented 10-15 items. Teams will have one minute to memorize the items and have 2 minutes to recreate the presentation. Once a team believes that they have accurately replicated the presentation, the team can call for the event to stop and the event will be complete. Once the time is stopped, the timer cannot be started again. Items must be laid EXACTLY how they were placed in the example or teams will incur a penalty for each incorrect item of 15 seconds added to the overall time of this event. Teams can stop the event before the allotted time expires if they feel that all items are correct. The time of the event will be assessed as a part of the overall time for the round robin. A team may choose to stop the time to reduce the overall time of the round robin but be aware that points for not accurately replicating the presentation will result in a deduction of points.

(III). Islander Warrior Obstacle Course.

This event is timed. The obstacle course will take place on the Islander Beach across from the University on Ocean Drive. Each team will negotiate various obstacles (Tire Flips, Kayak Carry, Burpees, Hand Release Push Ups, Buddy Carry, Sprint Drag Carry, Trench Low Crawl, Log sit-ups, and Pull Ups). Time ends when the last team member completes the last pull-up. Safety is critical. Teams will cross Ocean Drive at the cross walk nearest Islander Beach. Teams will use sidewalks and crosswalks as they approach and depart the Ocean Drive crosswalk. Any team found crossing at a non-authorized crossing point will be assessed a two-minute time penalty for each violation.

(IV). TCCC Challenge.

Cadets will assess a casualty, apply a tourniquet, transfer a casualty to a safe zone using a combat litter, and accurately perform a 9-Line MEDEVAC. The 9-Line MEDEVAC will be reported to the grader who will assess points for accuracy. Teams will be provided with a grading card prior to the competition to study. Teams will be briefed prior to the lane starting. Each portion of the TCCC challenge is worth 25 points for a total of 100 points. A penalty of two points will be assessed for each missed step or performing the steps out of sequence. Missing a portion of the lane (i.e., Not applying a tourniquet) will result in a 25-point penalty.

(V). Bay Hall Grenade Course

Cadets will properly throw a grenade at a target. All five participants from each team will participate in this event. Two cadets will perform the “Prone-To-Standing Throwing Position” another two cadets will perform the “Prone to Kneeling Throwing Position”, and one cadet will perform the “Alternate Prone Throwing Position”. A five-point penalty will be assessed for each incorrect form. Cadets are only allowed to throw once each for this event. This event is measured by how close the cadet can throw the grenade at the target. Distance is measured from the target to where the grenade lands. The Group
Leader will measure the teams and add the overall distance. There are no repeat throws. Once the grenade is released and lands, the location of the grenade lands will be marked.

Phase IV. Awards/Closing Ceremony. This phase begins with presentation of awards by the Islander Battalion Professor of Military Science (PMS) and Senior Military Instructor (SMI). Upon completion of the Islander Challenge events and Awards Presentation, the Islander Battalion Staff, Cadre, and Cadet Command personnel will recover event equipment. Participating JROTC programs will depart Corpus Christi, Texas to return to their home station. The Cadet Battalion S3 will lead an after-action-review of the event on 02 April 2022 with all members of Islander Battalion Cadet Command, Staff, and Cadre.

3. Team Composition. Each school is required to have a five-person team with two alternate team members for a total of seven team members. Schools are limited to three teams. There is no gender requirement for teams or alternates. At least one JROTC Cadre member must accompany each of their teams throughout the competition.

4. Registration. There is a limit of 45 teams for this competition. Participating schools must register online at the following web link: https://tpg.tamucc.edu/C20207_ustores/web/store_main.jsp?STOREID=27&SINGLESTORE=true Participating schools will complete an online registration and submit T-shirt sizes for each team member and the two alternates ASAP. Payment options include a mail-in check or an online credit card payment. If paying by check, ensure you click the box that you are paying by check and follow the instructions on paying by check found on the website. All participating schools need to complete the online registration as soon as possible, but no later than 18 March 2022. The registration fee is $150.00 for the first team and $100.00 for each additional team. Registration fees cover the cost of awards, alternates, and T-shirt for each participant and alternate. CADETS will need to provide $8 for the lunch fee.

5. Uniform. Uniform for the Islander Challenge is:

   1. School color T-shirts
   2. Athletic trousers or shorts
   3. Running shoes (No cleats)
   4. Water source (bottle, canteen, or Camelback)
   5. Sunscreen & Bug Spray
   6. Optional Items:
      a. Towel to dry off after beach event (participants will get wet)

***NO boots or any other additional uniform items are authorized. It is imperative that all teams arrive and compete in similar uniforms to ensure fairness in the competition.
6. Point of Contact for this LOI is Mr. Raul Ramirez at (361) 825-5841 or rotc@tamucc.edu.
