Materials:

- two sheets of 8½" × 11" paper
- glue

Directions:

1. Stack two sheets of paper so that the back sheet is one inch higher than the front sheet.

2. Bring the bottom of both sheets upward and align the edges so that all of the layers or tabs are the same distance apart.

3. When all tabs are an equal distance apart, fold the papers and crease well.

4. Open the papers and glue them together along the valley, or inner center fold, or staple them along the mountain.

Tip! *If you need more layers, use additional sheets of paper. Make the tabs smaller than one inch.*

by Dinah Zike

Materials:

- one 8½" x 11" sheet of paper or large poster board
- scissors

Directions:

1. Fold the sheet like a hot dog.

2. With the paper horizontal and the fold of the hot dog at the top, fold the right side toward the center, to cover one half of the paper.

3. Fold the left side over the right side to make three sections.

4. Open the right and left folds. Place one hand between the two thicknesses of paper and cut up the two valleys so there are three tabs.

Options:

- Cut only one of the valleys so the Foldable has two tabs of unequal size.
- Use large poster board to make a Foldable on which you can record more information.
