

District project entry guidelines

VALERO ENERGY & TAMU-CC
**COASTAL BEND REGIONAL
SCIENCE FAIR**
FEBRUARY 14-16, 2019 • sciencefair.tamucc.edu

This table describes the maximum number of projects each district can enter by grade or level.

For grades K-5, districts can enter a maximum number of projects per grade, according to the key below. For example, a district with 0-2,000 students can enter 5 projects from each grade.

For grades 6-8 and 9-12, districts can combine their maximum number of entries across grade levels. For example, a district with 0-2,000 students can enter a total of 15 projects for grades 6-8 or 20 projects for grades 9-12, even if certain grades have more projects than others.

District average daily attendance	Max entries per grade level K-5	Max total entries across grades 6-8	Max total entries across grades 9-12
0 - 2,000	5	15	20
2,000 - 6,000	6	18	24
6,000 - 9,000	7	21	28
9,000 - 12,000	8	24	32
12,000 - 15,000	9	27	36
15,000 - 18,000	10	30	40
18,000 - 21,000	11	33	44
21,000 - 24,000	12	36	48
24,000 - 27,000	13	39	52
27,000 - 30,000	14	42	56
30,000 - 33,000	15	45	60
33,000 - 36,000	16	48	64
36,000 - 39,000+	18	54	72
