

PAL

Programming Assistance Lab

The PAL (Programming Assistance Lab) is a tutoring resource for students seeking help on subjects within Computer Science. If you're having trouble understanding coding or computer science concepts, PAL may be of assistance.

For Fall 2023, students can choose to attend PAL tutoring in-person or virtually. You can visit the PAL room (**CI 347**) or join the Zoom room of the TA on duty as listed on the schedule below. *The personal Zoom rooms and emails of the TAs are listed below.*
