## IZZY BOOKS – Digital Only Student Frequently Asked Questions

### How it Works

#### How does the program work?

Your course materials will be accessed from inside the course shell on day one of your class. You can opt-out or opt back in during the drop-add period. Your student account will be charged for the course materials. You can save 20-60% on required course materials through this program.

#### Who is participating in Izzy Books?

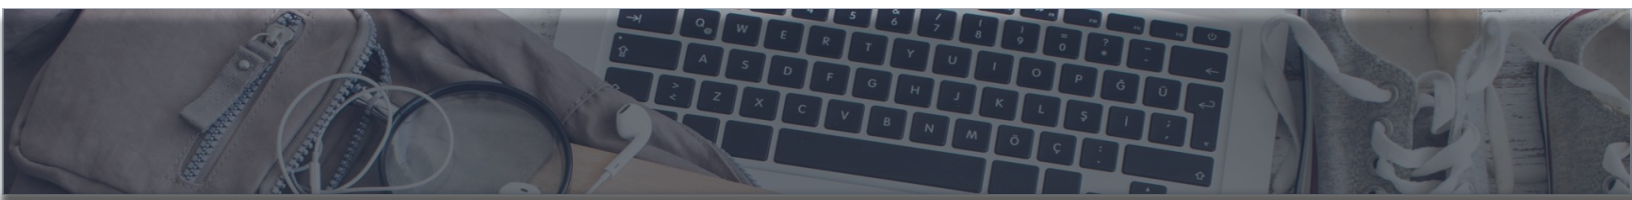

Your faculty can choose to participate in Izzy Books for all or some of their courses. Participating in the Izzy Books program ensures that students will have all required course materials on day one of class, for a percentage of the original cost.

#### How often are materials supplied?

Required materials are supplied at the beginning of each term. The materials will be accessible on, or before, the first day of class. You should continue to check your school email (from [noreply@follett.com](mailto:noreply@follett.com)) before the start of each term.

#### How do I get my required course materials?

Once you register for your courses, the bookstore will get everything ready for your Izzy Books courses! You will receive confirmation emails sharing details to access digital materials in the learning management system.

## How do I know if I am included in an Izzy Books program?

At the point of registration, your course will be marked as 'Izzy Books'. You will also receive an email notification 30-days prior to class start.
