## **THE TEXAS A&M UNIVERSITY SYSTEM INSTRUCTIONS FOR COMPETITIVE SEALED PROPOSALS**

### **1.0 GENERAL:**

- 1.1 In accordance with Sec. 51.783, Texas Education Code, the Board of Regents of The Texas A&M University-Corpus Christi is requesting Competitive Sealed Proposals (CSP) from general construction contractors.
- 1.2 All data submitted with a Proposal, except as noted herein, is deemed to be a part of the terms and conditions of the Contract.
- 1.3 It is the policy of the State of Texas and the A&M System to encourage the use of Historically Underutilized Businesses (HUBs) in our prime contracts, subcontractors and our purchasing transactions. The goal of the HUB program is to promote equal access and equal opportunity in A&M System contracting and purchasing. Subcontracting opportunities are anticipated for this Request for Competitive Sealed Proposals (RFCSP) and therefore a HUB Subcontracting Plan (HSP) is required.

### **2.0 RECEIPT OF PROPOSALS:**

- 2.1 Proposals will be received at the time, place and under conditions set forth in the published RFCSP.
- 2.2 Proposal documents are obtainable from the Architect/Engineer (A/E) under conditions set forth in the RFCSP.

### **3.0 INFORMATION INQUIRIES:**

- 3.1 Information inquiries regarding the CSP process should be directed to the Director of Procurement & Disbursements at telephone: 361-825-2616
- 3.2 See "Supplemental Instructions for Competitive Sealed Proposals" for information inquiries regarding the technical aspects of the Drawings and Specifications.
- 3.3 Information inquiries regarding the HUB Program and HSP process should be directed to the HUB Coordinator as listed in Part 3, HUB Subcontracting Plan for Construction Services.

### **4.0 DISCREPANCIES AND INTERPRETATIONS:**

- 4.1 Proposer must notify the Project Manager and the A/E, in writing, at least eight (8) business days prior to the scheduled Proposal opening date, if discrepancies, ambiguities or omissions are found in the Proposal documents, or if further information or interpretation is desired.
- 4.2 Answers to inquiries will be provided in writing to all proposers in addenda form. All provisions and requirements of such addenda will supersede or modify affected portions of

the Proposal documents. All addenda will be incorporated into and bound with the Contract Documents. No other explanation or interpretation will be considered binding.

## **5.0 SUBMITTAL PROCEDURE:**

- 5.1 There are two parts to the Competitive Sealed Proposal: Part 1A and Part 1B. Submit one (1) original Competitive Sealed Proposal by the time stated per part sealed in a separate uniquely labeled envelope.
- 5.2 Enclose the Bid/Proposal Bond or other acceptable Proposal guaranty in the small envelope affixed to the outside of the CSP envelope for Part 1A.
- 5.3 Complete the proposer identification information on the envelope.
- 5.4 Submit Part 2, Technical Proposal, Proposer's Qualifications by the time stated and in the quantity called for in the Supplemental Instructions for Competitive Sealed Proposals. Part 2 limited to thirty (30) pages.
- 5.5 Submit Part 3, Technical Proposal, HUB Subcontracting Plan for Construction Services by the time stated and in the quantity called for in Section 2.5 of the Supplemental Instructions for Competitive Sealed Proposals. The HSP shall be submitted as a separate document with sections appropriately tabbed.
- 5.6 If the Proposal is submitted by mail, place the envelopes in a mailing envelope addressed per the Supplemental Instructions for Competitive Sealed Proposals. Delivery of all Proposal parts prior to the advertised time set for the Proposal receipt and subsequent submittal deadlines is the responsibility of the proposer.

## **6.0 PREPARATION OF COMPETITIVE SEALED PROPOSAL:**

- 6.1 The Proposal must be based on conditions at the project site, the project Drawings and Specifications and any addenda issued.
- 6.2 The Proposal, Part 1, (TAMUS Form C-4 CSP) must be authoritatively executed *in blue ink* and submitted on the Proposal form furnished by the A/E.
- 6.3 If the Proposer's Qualifications form does not provide sufficient space to adequately respond to a question, the proposer should attach additional 8 1/2" X 11" white paper sheets as required, referencing the page and question numbers to which the response pertains.
- 6.4 A Proposal showing omissions, alterations, conditions, or carrying riders or other qualifiers which modify the Proposal form may be rejected as irregular.
- 6.5 The various sections of the Part 2 and Part 3 Proposal data should be separated by tabbed dividers. The tabs must identify the sections by name rather than simply a number or alphabet.

- 6.6 If the proposer chooses to issue a "No Response" (N/R) to a question on the Proposal, an explanation of this action is required. Failure to do so, may be viewed by the Owner as an incomplete response and may subject the entire Proposal to rejection.
- 6.7 Only one Part 1 Proposal shall be submitted by each proposer (A&M System Form C-4 CSP). If two or more Part 1 Proposals are submitted, either in one envelope or in separate envelopes, such multiple Proposals may be subject to rejection. The blank Proposal form bound in the Specification is for the proposer's information only.
- 6.8 A fully completed and executed Part 3, HUB Subcontracting Plan acceptable to the Owner must be submitted as directed in the Supplemental Instructions for Competitive Sealed Proposals. Failure to submit a Part 3, HUB Subcontracting Plan will constitute an irregular proposal which will be rejected. The HSP shall not be modified after the time set for receipt except as set forth in the Part 3, HUB Subcontracting Plan for Construction Services.
- 6.9 The proposer may modify a Part 1 Proposal by means of marking an add or deduct to a line in the Part 1 Proposal on the outside of the CSP envelope in ink with individuals initials prior to the advertised time set for the receipt of Proposals in the published RFCSP. The add or deduct must not reveal the Proposal price but should identify the addition or subtraction or other modification(s) so that the final prices will not be known until the sealed Proposal is opened. Any such modification shall be confirmed on company letterhead and executed by a company officer and received by the presiding official within two (2) working days after the date of the Proposal opening, otherwise the Proposal modification will be ignored and the total Proposal may be rejected.
- 6.10 Proposals received after the advertised time for the Proposal receipt will be ineligible and will be returned unopened.
- 6.11 Before publicly opening the proposals, the HUB Coordinator official shall make a cursory review of the proposer's HSP to determine if a good faith effort has been made and for preliminary acceptability. If no HSP is submitted or if the submitted Plan is not complete and cannot be made complete under this procedure or is not indicative of a good faith effort as defined in the Part 3, HUB Subcontracting Plan Submittal instructions and the Owner's Policy on Utilization of HUBs, the HUB Program Director will publicly announce this to those in attendance at the opening, reject the proposal and return all submitted proposal parts to the proposer unopened.
- 6.12 After all Proposals are publicly opened, but before they are read aloud, they will be examined by the presiding official to determine if they are complete, in proper form and properly signed. If an error or omission is discovered and classified by the presiding official as a technicality which the Owner has reserved the right to waive, the proposer's representative may be permitted to make the appropriate correction. Any such correction will be announced and explained to those present at the Proposal opening. A Proposal which is not and cannot be made eligible for consideration under this procedure will not be read, nor will the Proposal prices be revealed.
- 6.13 A proposer will receive no compensation or reimbursement of expenses incurred in of the preparation of a CSP submission.
- 6.14 The Owner reserves the right to reject any or all Proposals.

## **7.0 PUBLIC INFORMATION AND NOTICE OF CONFIDENTIALITY**

- 7.1 The Owner considers all Proposal information, documentation and supporting materials submitted in response to this RFCSP to be non-confidential and/or non-proprietary in nature, and therefore, shall be subject to the public disclosure under the Texas Public Information Act (*Texas Government Code*, Sec. 552.001, et seq.) after the execution of the contract.
- 7.2 The Proposer must identify and designate those portions of their technical Proposal which contains trade secrets or other proprietary data. If the Proposal includes such data, the proposer shall:
1. Mark the cover sheet of the Technical Proposal with the following phrase: "This Proposal includes data that shall not be disclosed outside The Texas A&M University System and the A/E design team and shall not be duplicated, used or disclosed in whole or in part for any purpose other than to evaluate this Proposal."
  2. Mark each sheet and the specific data on that sheet that the proposer wishes to restrict with the following phrase: "Use or disclosure of this specifically marked data is subject to the restrictions regarding confidentiality cited on the cover sheet of this Proposal."

## **8.0 PROPOSAL GUARANTY:**

- 8.1 A certified or cashier's check on a State or National Bank or a Bid/Proposal Bond on The Texas A&M University System (A&M System) Form C-2, Bid/Proposal Bond, from a Surety authorized to transact business in the State of Texas, with a rating of A- or better with A.M. Best Company and listed in the Department of Treasury list of companies holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies in the amount of not less than five percent (5%) of the greatest total amount of the proposed contract amount, payable without recourse to the order of the Board of Regents of The Texas A&M University System, must accompany the Proposal as a guarantee that, if awarded the Contract, the proposer will promptly enter into and execute the Contract and Performance and Payment Bonds on the forms provided.
- 8.2 The Bid or Proposal Bond must be accompanied by a properly dated and executed Power of Attorney with a live Surety seal on each document. Failure to do so will constitute an irregular Proposal which may be rejected. Use of a Surety company's bond form is not acceptable and will cause the Proposal to be rejected.
- 8.3 Should the successful proposer fail to execute the Contract and Bonds within fifteen (15) days after the date of transmittal of the Contract Documents for execution, the Proposal Guaranty becomes the property of the Owner, not as a penalty, but as liquidated damages.
- 8.4 Proposal guaranties of all proposers will be retained until after the Contract and Bonds have been executed.

## **9.0 PRE-QUALIFICATION OF PROPOSER**

- 9.1 The Owner, at its option, may elect to pre-qualify proposers. If pre-qualification is to be accomplished, proposers will be required to submit all or specific parts of the information required by the RFCSP with the exception of pricing information. Pre-qualification may not be a conclusive determination that a proposer offers the best value to the Owner.
- 9.2 A pre-qualified Proposal may be rejected on the basis of subsequently discovered information, but failure to pre-qualify does not prevent a subsequent determination that a proposer offers the best value to the Owner regarding a specific proposal.

#### **10.0 PROPOSER REQUIREMENTS:**

- 10.1 As required by Chapter 231, Texas Family Code, a Proposal for a contract to be paid from state funds must include the name and social security number of the sole proprietor, each partner, shareholder or owner with an ownership interest of at least 25 percent of the business entity submitting the Proposal.
- 10.2 The Texas Family Code requires each Proposal to include the following statement: "Under Section, 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract Proposal or application, is not ineligible to receive the specified grant, loan or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate." Proposer agrees with this certification statement upon submittal of a properly executed Proposal.
- 10.3 All proposals that have a contract value of \$100,000 or more shall contain a Historically Underutilized Business (HUB) Subcontracting Plan. Each Proposer must have made a good faith effort in developing the HSP. The instructions for preparing the HSP are located in the Part 3, HUB Subcontracting Plan of the C-4 CSP form.
- 10.4 Out of state corporate proposers must submit a Certificate of Good Standing or a Certificate of Authority with their Proposal. This certificate may be applied for through the office of the Texas Secretary of State.

#### **11.0 OWNERSHIP OF THE COMPETITIVE SEALED PROPOSAL**

- 11.1 Submitted Proposals, documentation and supporting materials shall become the property of the Owner.

#### **12.0 SITE INVESTIGATION:**

- 12.1 It is the responsibility of each proposer to examine the project site, existing improvements and adjacent property and be familiar with existing conditions before submission of a Proposal.
- 12.2 After investigating the project site and comparing the Drawings and Specifications with the existing conditions, the proposer should immediately notify the A/E, in accordance with paragraph 4.0 of these Instructions for Competitive Sealed Proposals, of any conditions for which requirements are not clear; or about which there is any question regarding the extent of the Work involved.

- 12.3 Should the successful proposer fail to make the required investigation and should a question arise after award of contract as to the extent of the Work involved in any particular case, after receiving recommendations from the A/E, the Owner will make the interpretation of the Contract Documents.

### **13.0 EVALUATION AND CONTRACT AWARD PROCESS:**

- 13.1 Proposals will be opened publicly to identify the names of the proposer and their respective proposed contract amount and contract time. Other contents of the Proposals will be afforded security sufficient to preclude disclosure of the contents prior to award or rejection action.
- 13.2 Proposals will be evaluated by the Owner and the A/E. The criteria for evaluation and selection of the successful proposer for this award will be based upon the factors listed below:
- (1) Proposed construction contract amount – 50%
  - (2) Proposed construction contract time – 15%
  - (3) Proposer's project schedule/record of maintaining schedule – 10%
  - (4) Proposer's experience and qualifications – 15%
  - (5) Litigation/claims/compliance – 3%
  - (6) Proposer's Quality Control program – 3%
  - (7) Proposer's safety record and program – 3%
  - (8) Proposal submittal/response – 1%
- 13.3 After opening the Proposals, the Owner will evaluate and rank each Proposal with respect to the published selection criteria described under Section 13.2. After opening and ranking, an award may be made on the basis of the initially submitted Proposal, without discussion, clarification or modification, or the Owner may discuss with the selected proposer, offers for cost adjustment and other elements of the Proposal. Other than the data read at the Proposal opening, the Owner will not disclose any information derived from the Proposals submitted by competing firms in conducting such discussions.
- If the Owner determines that it is unable to reach a satisfactory agreement with the first ranked proposer, the Owner will terminate discussions with that proposer. The Owner will then proceed with negotiations with each successive proposer as they appear in the order of ranking until an agreement is reached, or until the Owner has rejected all Proposals. After termination of discussions with any proposer, Owner will not resume discussions with that proposer.
- 13.4 Immediately following the Owner's approval of the order of ranking of proposers and the Owner's contract award or Proposal rejection action, the proposers will be notified by electronic or facsimile message.

- 13.5 The Owner reserves the right to accept or reject any or all alternates or to accept any combination of alternates considered advantageous to the Owner.
- 13.6 The award or rejection action regarding this Proposal is at the sole discretion of the Owner and the Owner makes no warranty regarding this Proposal that a contract will be awarded to any proposer.
- 13.7 The Owner agrees that if the Contract is awarded, it will be awarded to the proposer offering the best value to the Owner. The Owner is not bound to accept the lowest priced Proposal if that Proposal is judged not to be the best value for the Owner, as determined by the Owner.

## I. HUB PROGRAM

The purpose of the HUB Program is to promote full and equal business opportunities for all businesses in State contracting.

In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only contracts that have been in place for five years or less shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

Texas A&M University-Corpus Christi (TAMUCC) has determined that the agency's goals differ from the State's goals. Therefore, respondents are required to use the following:

- 19.78% for all building construction, including general contractors and operative builders contracts;
- 13.31% for all special trade construction contracts;
- 17.60% for professional services contracts;
- 12.32% for all other services contracts; and
- 25.13% for commodities contracts.

A Historically Underutilized Business (HUB) is defined by statute as an entity with its principal place of business in this state that is: (a) a corporation formed for the purpose of making a profit in which at least 51% of all classes of the shares of stock or other equitable securities are owned by one or more persons who are economically disadvantaged because of their identification as members of certain groups, including Black Americans, Hispanic Americans, women, Asian Pacific Americans, Native Americans and Service Disabled Veterans and have suffered the effects of discriminatory practices or similar insidious circumstances over which they have no control; and have a proportionate interest and demonstrate active participation in the control operation and management of the corporation's affairs; (b) a sole proprietorship created for the purpose of making a profit that is 100% owned, operated, and controlled by a person described in subdivision (a) of the subsection; (c) a partnership formed for the purpose of making a profit in which 51% of the assets and interest in the partnership is owned by one or more persons and demonstrate active participation in the control, operation and management of the partnership's affairs; (d) a joint venture in which entity in the joint venture is a HUB under this subsection; or, (e) a supplier contract between a HUB under this subsection and a prime contractor under which the HUB is directly involved in the manufacture or distribution of the supplies or materials or otherwise warehouses and ships the supplies.

TAMUCC shall make a good faith effort to meet or exceed either the State of Texas Disparity Study goals or the agency's goal and to assist HUBs in receiving a portion of the total contract value of all contracts that the agency expects to award in a fiscal year. It is the policy of to contract directly with HUBs or indirectly through subcontracting opportunities in accordance with the Texas Government Code, Chapter 2161, Subchapter F and Comptroller of Public Accounts HUB Rules, TAC Section § 20.14.

The total expected value of this contract is \$100,000 or more and Texas A&M University-Corpus Christi has determined that subcontracting opportunities are probable for this contract. Therefore, the Respondent is required to submit a HUB Subcontracting Plan (HSP) with their proposal. The Respondents will use the procedures prescribed in Article II when developing the HSP.

All Respondents must submit a HUB Subcontracting Plan according to the procedures and steps listed below.

The Owner will review the information/documentation submitted and use it as a basis to determine if the Respondent's Plan provides evidence that a good faith effort will be made as required. If it is determined that the submitted Plan is not sufficient, the Respondent's submittal/proposal will be considered non-responsive and shall be rejected for the reasons recorded in the project files. An accepted HSP Subcontracting Plan will become a part of any contract with the Respondent resulting from this solicitation and then can only be modified by contract change order.

For information regarding The Texas A&M University-Corpus Christi's HUB Program and HUB subcontracting requirements, please contact Ruben Gonzalez, HUB Coordinator, [ruben.gonzalez@tamucc.edu](mailto:ruben.gonzalez@tamucc.edu), (361) 825-5822.

## II. HUB SUBCONTRACTING PLAN (HSP) PROCEDURES

An HSP is required as part of bids, proposals, offers, or other applicable expression of interest valued at \$100,000 or more. Responses that do not include the HSP or if the agency determines that the HSP was not developed in good faith, shall be rejected as a material failure to comply with the advertised specifications.

The procedures for the HSP requirements of this Request for Proposal are a **two-step process** as follows; 1) Initial HSP to be submitted with this RFP, and 2) Complete HSP to be submitted within sixty (60) days of award. These two steps are defined below.

- 1) The following items must be submitted with your RFP response to meet the HUB Subcontracting Plan requirements.
  - a. Cover sheet, Page 1
  - b. Letter of transmittal attesting that the respondent has read and understands the Policy on Historically Underutilized Businesses (see Attachment A)
  - c. State of Texas Historically Underutilized Business Subcontracting Plan: Complete the HSP form by submitting Sections 1, Section 2-a. & b. and Section 4 ONLY. The State of Texas HUB Subcontracting Plan forms shall be accessed on the following website:

<https://purchasing.tamucc.edu/assets/HUBForms/hsp-rev.pdf>

The State of Texas HSP forms shall be completed for the sections noted above and according to the instructions within the form.

- d. Participation Plan explaining how the Respondent intends to make a good faith effort for each subcontracting opportunities they identify in Section 2 of the State of Texas HSP Form. This plan shall include the following:

- The Respondent shall state whether it is a Texas certified HUB.
- Provide a sample solicitation notice letter that will be sent to HUB vendors for the subcontracting opportunities. The notice shall, in all instances, include the scope of work, information regarding location to review plans and specifications, information about bonding and insurance requirements, and identify a contact person.
- Provide a sample solicitation letter that will be sent to trade organizations or development centers for the subcontracting opportunities. The notice shall, in all instances, include the scope of work, information regarding location to review plans and specifications, information about bonding and insurance requirements, and identify a contact person.
- Provide a list of the trade organizations or development centers that you intend to work with in your outreach efforts.
- Provide documentation that describes how you intend to locate the HUB vendors for solicitation – Will you use the CMBL listings? Will you advertise in trade organization newsletters or newspapers? Etc.

2) A complete HSP must be submitted within sixty (60) calendar days from the date of contract award. The following items must be submitted with this revised HSP in order to meet the full HUB Subcontracting Plan requirements.

- a. Complete Section 1, page 1 of the HSP form.
- b. Complete Section 2a through d. Any changes to 2b shall be noted accordingly. Note that Method B is required so “No” should be checked on both 2c and d.
- c. Complete Section 3 (if you are self-performing all of the work)
- d. Complete Section 4 (must be signed)
- e. Complete Method B attachment for each opportunity listed in Section 2b. Reminder that all supporting documentation listed in Section B-3 shall be provided as part of this attachment. The following are additional items of note as part of the good faith effort required:

Complete either Method A or Method B (only one method can be used per HSP Plan) for each opportunity listed in Section 2b. Reminder that all supporting documentation shall be provided as part of this plan. The following are additional items of note as part of the good faith effort required:

- The respondent shall provide potential HUB subcontractors reasonable time to respond to the respondent’s notice. “Reasonable time to respond” in this context is no less than seven (7) working days from receipt of notice, unless circumstances require a different time period, which is determined by the agency and documented in the contract file.
- The respondent shall use the State of Texas Centralized Master Bidders List (CMBL), HUB Directory, internet resources, and/or other directories as identified by the State of Texas or the Texas A&M University-Corpus Christi HUB Program Office when searching for HUB subcontractors.

**NOTE: A complete list of all certified HUBs may be electronically accessed through the Internet at**

**<https://mycpa.cpa.state.tx.us/tpasscblsearch/index.jsp>**

- The respondent shall provide the notice described in this section to **three (3) or more** HUBs for **each** subcontracting opportunity as stated in Section B3a. Texas A&M University-Corpus Christi encourages respondents to seek and find a “Diverse Group” of Historically Underutilized Businesses in each category in which a subcontract of services is solicited.
- The respondent shall provide notice to trade organizations or development centers that assist in identifying HUBs by disseminating opportunities to their membership/participants.
- The respondent shall negotiate in good faith with qualified HUBs, not rejecting qualified HUBs who were also the best value responsive bidder.
- Provide written justification of the selection process if a non-HUB subcontractor is selected in Section B-4c.

### III. HSP CHANGES

If at any time during the term of the contract, it becomes necessary to make a change to the approved HSP, such proposed change must be received for review and approval by the TAMUCC HUB Program Office before the change will be effective under the contract. The contractor must comply with provisions of TAC §20.14 relating to development and evaluation of HSP, in order to substitute or subdivide the work and/or substitute or add subcontractors prior to any alteration of the HSP. TAMUCC shall document changes to the HSP by contract change order. The reasons for proposed change(s) shall be requested on a Form C-27b Consultant/Subcontractor Substitution Form and recorded in the procurement file. In the event that a change is necessary, the requested changes shall not reduce the level of HUB participation that was a part of the proposal at the time of construction contract award unless approved by the TAMUCC HUB Program Office.

The contractor will be required to submit a revised HSP for additional subcontracting opportunities that were not identified in the original HSP and created when the original scope of work expands through a change order, contract amendment or a contract renewal.

TAMUCC requires a respondent to whom a contract has been awarded, to report to TAMUCC the identity and the amount paid to its subcontractors, HUBs and non-HUBs. If the contractor fails to fulfill the HSP specified in the contract, TAMUCC shall notify the contractor of any deficiencies. TAMUCC shall require the contractor to submit documentation and explain why the failure to fulfill the HUB Subcontracting Plan should not be attributed to a lack of good faith effort by the contractor.

If a determination is made that the contractor failed to implement the HSP in good faith, TAMUCC, in addition to any other remedies, may report nonperformance to the Comptroller of Public Accounts in accordance with 34 TAC, Chapter §20.105 (relating Debarment).

During the term of the contract, TAMUCC shall determine whether the value of the subcontracts to HUBs meets or exceeds the HSP provisions specified in the contract.

### IV. REPORTING REQUIREMENTS

Each contractor that enters into a contract shall report to Texas A&M University-Corpus Christi all subcontracting/supplier payments. The report will include the volume of work performed under the contract, the portion of the work that was performed with its own

employees/resources, HUB and Non-HUB subcontractors and suppliers (See HSP Prime Contractor Progress Assessment Report Form (PAR) located at the following link under HUB Subcontracting Plan (HSP) Forms:

<https://comptroller.texas.gov/purchasing/vendor/hub/forms.php>

Texas A&M University-Corpus Christi may request payment documentation in accordance with the Comptroller of Public Accounts HUB Rules that confirms the performance of the contractor. During the course of the contract, TAMUCC shall discuss the performance of the contractor and document the contractor performance in the contract file.

**Note:** When the prime contractor/vendor is a HUB, it must perform at least 25% of the total value of the contract with its own or leased employees, as defined by the Internal Revenue Service, in order for the Owner to receive 100% HUB credit for the entire contract.

If a HUB prime contractor's HSP identifies that it is planning to perform less than 25% of the total value of contract with its own or leased employees, the HUB contractor must report to the Owner the value of the contract that was actually performed by the HUB prime contractor and the amount to be performed by its HUB subcontractors.

The HUB Office shall audit the contractor's compliance with the HSP. If the contractor is found deficient, TAMUCC shall give the contractor an opportunity to submit documentation and explain to TAMUCC why the failure to fulfill the HSP should not be attributed to a lack of good faith effort by the contractor.

**\*Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

# HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

**NOTE:** Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

## - - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract\* in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

## Texas A&M University - Corpus Christi (TAMUCC) established Agency Specific HUB Goals (FY2024):

- 19.78% for all building construction, including general contractors and operative builders' contracts
- 13.31% for all special trade construction contracts
- 17.60% for professional services contracts
- 12.32% for all other services contracts
- 25.13% for commodities contracts

Prime Contractor Progress Assessment Report (PAR) shall be submitted with each request for payment (invoice) or monthly as a condition of payment.

If any modifications to the HSP are required during the contracted term, the respondent must seek approval from the TAMUCC HUB Office prior to making any modifications to its HSP.

Respondents who intend to Self-Perform all of their work shall submit an HSP for Self Performance HUB Subcontracting Plan (HSP) (See Option Four on the HSP Quick Check List).

#### **SECTION 4: AFFIRMATION**

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

The state agency I have identified below in Section B has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.285 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code §20.282(19)(C).
