Said notice shall specifically state that the provisions of Chapter 2260, subchapter B, are being invoked. A copy of the notice shall also be given to all other representatives of Contractor and TAMU-CC otherwise entitled to notice under this Contract. Compliance by Contractor with subchapter B is a condition precedent to the filing of a contested case proceeding under Chapter
- (B) 2260, subchapter C, *Texas Government Code*.
- (C) The contested case process provided in Chapter 2260, subchapter C, *Texas Government Code*, is Contractor's sole and exclusive process for seeking a remedy for any and all alleged breaches of contract by TAMU-CC if the parties are unable to resolve their disputes under subparagraph (A) of this paragraph.
- (D) Compliance with the contested case process provided in subchapter C is a condition precedent to seeking consent to sue from the Legislature under Chapter 107 of the *Texas Civil Practices and Remedies Code*. Neither the execution of this Contract by TAMU-CC nor any other conduct of any representative of TAMU-CC relating to this Contract shall be considered a waiver of sovereign immunity to suit.

The submission, processing and resolution of Contractor's claim is governed by the published rules adopted by the Office of the Attorney General pursuant to Chapter 2260, as currently effective,

hereafter enacted or subsequently amended. These rules are found in the *Texas Administrative Code*.

Neither the non-occurrence nor occurrence of an event nor the pendency of a claim constitutes grounds for the suspension of performance by Contractor, in whole or in part.

G. LOSS OF FUNDING: Performance by TAMU-CC under this Contract may be dependent upon the appropriation and allotment of funds by the Texas State Legislature (the "Legislature"). If the Legislature fails to appropriate or allot the necessary funds then TAMU-CC will issue written notice to Contractor and TAMU-CC may terminate this Contract without further duty or obligation hereunder. Contractor acknowledges that appropriation of funds is beyond the control of TAMU-CC.

***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

Rev. 2/17

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

Texas A&M University - Corpus Christi (TAMUCC) established Agency Specific HUB Goals (FY2023):

- 20.20% for all building construction, including general contractors and operative builders' contracts
- 16.13% for all special trade construction contracts
- 16.23% for professional services contracts
- 11.52% for all other services contracts
- 27.89% for commodities contracts

Prime Contractor Progress Assessment Report (PAR) shall be submitted with each request for payment (invoice) or monthly as a condition of payment.

If any modifications to the HSP are required during the contracted term, the respondent must seek approval from the TAMUCC HUB Office prior to making any modifications to its HSP.

Respondents who intend to Self-Perform all of their work shall submit an HSP for Self Performance HUB Subcontracting Plan (HSP) (See Option Four on the HSP Quick Check List).

HUB status code "**A**" signifies that the company is a Texas certified HUB.
- b.** List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

University is primarily a Microsoft products environment.

Basic Specifications

- 1) If the EIR will be hosted by University, please describe the overall environment requirements for the EIR (size the requirements to support the number of concurrent users, the number of licenses and the input/output generated by the application as requested in the application requirements).
 - a) Hardware: If Proposer will provide hardware, does the hardware have multiple hard drives utilizing a redundant RAID configuration for fault tolerance? Are redundant servers included as well?
 - b) Operating System and Version:
 - c) Web Server: Is a web server required? If so, what web application is required (Apache or IIS)? What version? Are add-ins required?
 - d) Application Server:
 - e) Database:
 - f) Other Requirements: Are any other hardware or software components required?
 - g) Assumptions: List any assumptions made as part of the identification of these environment requirements.
 - h) Storage: What are the space/storage requirements of this implementation?
 - i) Users: What is the maximum number of users this configuration will support?
 - j) Clustering: How does the EIR handle clustering over multiple servers?
 - k) Virtual Server Environment: Can the EIR be run in a virtual server environment?
- 2) If the EIR will be hosted by Proposer, describe in detail what the hosted solution includes, and address, specifically, the following issues:
 - a) Describe the audit standards of the physical security of the facility; and
 - b) Indicate whether Proposer is willing to allow an audit by University or its representative.
- 3) If the user and administrative interfaces for the EIR are web-based, do the interfaces support Firefox on Mac as well as Windows and Safari on the Macintosh?
- 4) If the EIR requires special client software, what are the environment requirements for that client software?
- 5) Manpower Requirements: Who will operate and maintain the EIR? Will additional University full time employees (FTEs) be required? Will special training on the EIR be required by Proposer's technical staff? What is the estimated cost of required training.
