I. Call to Order – 3:02

II. President’s Report – Christopher Palfreyman

- Staff Council Board members met with President’s Cabinet for lunch and several items were discussed.
  - There is not a final budget as they are still in the process of sorting out the budget but looking at a 5-10% cut. Because of this, merit incentives have also not been decided. We did ask about non-financial incentives to boost staff morale, and Dr. Quintanilla is open to new ideas. If you do have any additional ideas, please send to Laura Marino so she can put a list together. We also discussed working the Saturday before classes start in the Fall, and a notification will be sent to supervisors regarding which departments will need to be opened. These supervisors will be reaching out to their staff soon as to which employees will need to be available. Requested information on the Presidential search, candidates are being reviewed and a few will be selected and presented to the Chancellor. Once a final decision is made, there is a 20-day waiting period before candidates are announced. Also, requested information on the Merger, and Dr. Quintanilla stated it was completely dead and will not be moving forward.
  - Staff Council Board members met with Chancellor Sharpe for brunch and several items were discussed.
    - Discussed the process for selection of representation on the President’s search and asked why staff council was not selected to serve on the committee. Chancellor Sharpe added Christopher Palfreyman to the search committee as the Staff Council representative. Also discussed information about the merger and stated that the merger is dead and not happening. Again, asked about the budget and stated there is not final a budget as they are still in the process of sorting out the budget but looking at a 5-10% cut. Brought to his attention the lack of food options during low enrollment times, and he is going to see if he could extend the hours to 3:00 PM or provide additional options during those times. Chancellor Sharpe brought up the RELLIS satellite campus. This campus will be for students in the top 10% of their class and will have option to take classes from A&M West Texas, A&M Kingsville, and TAMUCC and graduate under that specific school name.
  - In other news, Bonnie Yvonne Salas has submitted her resignation to staff council. We will be working to replace this individual as she has 18 months left on her term to serve.
• Mary Canales reached out to Staff Council regarding the System Employee Benefits Advisory Committee (SEBAC) that meets on a quarterly basis to make recommendations to TAMUS administration on issues related to employee benefits. This committee is looking for two volunteers to run for the two year appointment. Eugene Bland is currently serving on that committee. Please consider joining this advisory committee. Christopher Palfreyman will reach out to Mary Canales to get a short description and will send out to General Council.
