# CAREER MAP

## UNDERGRADUATE STUDIES

*Bachelor of Arts or Science*

The university studies degree is a flexible undergraduate program which allows students to design a course of study that best fits their educational and career goals rather than follow a specific track of coursework prescribed by a major degree. The degree can be completed as a Bachelor of Arts (BA) or a Bachelor of Science (BS). With a university studies degree, students will graduate with a breadth of knowledge in a range of academic disciplines, preparing them for the workforce, graduate school, or fulfilling their dreams of obtaining a degree.
