This rule implements the requirements of system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research*.

Definitions

Definitions of terms used in this rule are found in system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research*.

Rule

1. APPOINTMENT OF CONFLICT OF INTEREST OFFICIAL

The President/CEO appoints the Vice President for Research and Innovation or their designee as the Conflict of Interest Official (COI Official) for TAMU-CC. The COI Official shall perform the duties established in system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research* relating to the review of financial interest disclosures and the management and reporting of financial conflicts of interest.

2. DISCLOSURE AND REVIEW

Each investigator shall submit financial disclosure statements to the TAMU-CC COI Official as required in system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research*.

- 2.1. In accordance with system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research* and federal law, the COI Official will review all financial disclosure statements by investigators and determine whether any disclosed Significant Financial Interest (SFI) is related to the investigator's research and whether a Financial Conflict of Interest (FCOI) exists. If an FCOI exists, the COI Official will develop a management plan specifying the actions that will be taken to manage, reduce, or eliminate the FCOI. All FCOIs identified by the COI Official will be satisfactorily managed, reduced, or eliminated prior to the expenditure of any sponsored research funds.
- 2.2. In accordance with system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research*, the COI Official may appoint a Conflict of Interest Review Committee (CIRC) to assist in the determination of whether an FCOI exists. If the COI Official appoints a CIRC, the CIRC must be composed of investigators representing a cross-section of disciplines and at least one (1) research administrator. The COI Official and/or CIRC may involve the investigator to assist in determining whether an SFI is related to the investigator's research or research activities. The System Ethics and Compliance Officer and/or the Office of General Counsel may be consulted as appropriate.

3. MONITORING

Each investigator conducting research under a management plan shall comply fully and promptly with the plan. The COI Official shall be responsible for conducting periodic reviews of financial disclosure statements and management plans to determine individual and institutional compliance. The COI Official shall report instances of noncompliance as required in system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research* and federal law.

4. TRAINING AND CERTIFICATION

Investigators shall complete training as required in system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research*. In addition, each investigator shall annually certify that the investigator is aware of and has read system regulation *15.01.03, Financial Conflicts of Interest in Sponsored Research* and this rule and is aware of the investigator's responsibilities regarding disclosure of SFIs and applicable federal regulations.

5. PUBLIC ACCESSIBILITY

5.1. The COI Official shall ensure that this rule is available through a publicly accessible website.

5.2. PHS-Funded Research

If the COI Official determines that a FCOI exists that is related to PHS-funded research, the COI Official shall coordinate with the Director of Communications to

make the following information available in writing to any requestor within five (5) business days after receipt of a request, so long as the investigator still holds the SFI:

- (a) The name of the investigator;
- (b) The title and role of the investigator in relation to the affected research;
- (c) The name of the entity in which the SFI is held;
- (d) A description of the SFI that was determined to be an FCOI; and
- (e) The approximate dollar value of the SFI. If the dollar value cannot be determined by reference to publicly available prices or another reasonable method, the university shall include a statement to that effect. Dollar values may be provided within ranges, e.g., \$0-\$4,999; \$5,000-\$10,000; \$10,000-\$20,000; \$20,000-\$50,000; \$50,000-\$100,000. Amounts over \$100,000 may be stated in increments of \$50,000.

5.3. Non-PHS Funded Research
