D. Liaison Reports

 i. ITDEC – Dr. Richard Smith

At the last ITDEC meeting, COE reported on online education in the College of Education. No other significant information to report.

 ii. Faculty Senate – Dr. Corinne Valadez

Faculty senate met and approved online KINE and READ programs.

COE courses that only needed minor revisions were approved. Senate did not approve courses that had to be resubmitted for reconsideration. Main issues with syllabi were the same as noted by Graduate Council.

Dr. Keys asked when colleges are informed that revisions are necessary. Dr. Naehr explained the process and stated that colleges are not informed of needed revisions before catalog goes to Faculty Senate – this is how the process was designed. Dr. Naehr stated that the lack of adherence to deadlines is also a major problem.
