Section I. College of Graduate Studies

Message from the Dean

Congratulations on being accepted into one of our outstanding terminal degree programs at Texas A&M University-Corpus Christi (TAMU-CC). This is a major accomplishment that comes with significant financial, academic, and personal commitment on your part. The College of Graduate Studies at TAMU-CC has adopted as a mantra Discover Your Passion: Inquire, Innovate, Inspire. This student handbook has been developed for students working towards a terminal degree to ensure that you will be successful and kept informed every step of the way regarding University academic expectations and requirements, program specific expectations and requirements, and resources and services available to students.

The College of Graduate Studies is located on the first level of the Faculty Center, Suite 151. Hours of operation are 8:00 a.m.–5:00 p.m. Monday–Friday. Please feel free to stop by any time and/or share any suggestions on how to improve this resource for you.

Best of luck on your exciting new undertaking. I look forward to seeing you at graduation, if not sooner.

Karen McCaleb, EdD
Dean, College of Graduate Studies

This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate
Doctoral Student Handbook

College of Graduate Studies Staff

Karen McCabe, EdD
Dean
karen.mccaleb@tamucc.edu
- Administers and supports graduate education and graduate programs, faculty, and students
- Collaborates with faculty and academic deans on all issues related to graduate education

Tim Boulan
Programmer II
tim.boulan@tamucc.edu
- Maintains databases and equipment
- Provides systems/application analyses, design, development and implementation of programming
- Generates correspondence to graduate applicants/students regarding admission, enrollment and policy information
- Generates reports to program faculty regarding admissions and student progress

Sandra Kureska, EdD
Director
sandra.kureska@tamucc.edu
- Oversees daily operations of the college
- Oversees graduate college process and policies
- Serves as a liaison to graduate program coordinators and advisors for policy purposes

Amanda Bocanegra
Audit & Compliance Coordinator
amanda.bocanegra@tamucc.edu
- Performs all audit and compliance processes including degree plan audits, academic standing, degree plan exceptions
- Processes all information related to doctoral students
- Monitors and updates Degree Works and catalog
- Maintains matriculated graduate student records

Marvarene Oliver, EdD
Associate Dean
marvarene.oliver@tamucc.edu
- Directs related graduate program activities and professional development initiatives
- Facilitates Graduate Council
- Monitors adherence to SACSOC principles

Shay M. Lee
Executive Assistant
shay.lee@tamucc.edu
- Assists Dean and Associate Dean with administrative duties
- Organizes and maintains college data and records
- Serves as the logistical liaison with different units across campus for all college events and activities

Leticia Bazan
Director
leticia.bazan@tamucc.edu
- Oversees GROW programming and events for graduate student retention
- Collaborates with other units to develop and plan graduate academic support offerings
- Oversees communications with graduate students and faculty
- Liaises with marketing and communications office

Sophia Vining
Outreach & Compliance Coordinator
sophia.vining@tamucc.edu
- Manages day-to-day GROW Suite operations
- Monitors and updates Degree Works and catalog
- Monitors and updates Degree Works and catalog
- Manages day-to-day GROW and CGS social media
- Assists with student audit and compliance processing

This handbook intended to be read in conjunction with the Graduate Catalog:

Graduate Resources and Opportunity Workspace (GROW)

As part of the College of Graduate Studies, the Graduate Resource and Opportunity Workspace (GROW) offers graduate students exclusive space and resources tailored specifically to their academic needs and professional development. GROW is located in the Mary and Jeff Bell Library (Room 112) and is open during library hours.

Dissertation/Thesis Formatting Workshop

We encourage all doctoral students to attend a Dissertation/Thesis Formatting Workshop. These workshops are held at least once every semester and provide information that will simplify the process of formatting and uploading the final document into ProQuest. We strongly urge attendance early in the writing process for your study. Workshops will be announced via the College of Graduate Studies newsletter and will be posted on the CGS website. In addition, we encourage you to schedule a one-on-one or small group formatting consultation with the Graduate Studies office to ensure your dissertation conforms to academic and institutional standards.

Topics covered include:
- CGS website related to dissertation/thesis/DNP projects
- Important dates
- Forms
- The submission process
- Copyright information
- Formatting and templates

Doctoral Orientation

Graduate orientation is offered for new graduate students every Fall and Spring semester. Preregistration is requested so that we can best plan for you. For additional information about this event, please visit https://www.tamucc.edu/grad-college/orientation/index.php. A special orientation session is available upon request by the program/department for doctoral students. Topics can be tailored to fit particular needs of the department/program.

Title IX Information

Title IX of the Education Amendments of 1972 (Title IX) prohibits discrimination on the basis of sex in any federally funded education program or activity. Sexual harassment, which includes sexual violence, is a form of sex discrimination. TAMU-CC is committed to providing an environment free from discrimination, including discrimination based upon sex. TAMU-CC provides resources to students, faculty, and staff to address concerns related to sexual harassment, sexual assault (rape), sexual misconduct, and sex discrimination. Mr. Samuel Ramirez has been appointed as the TAMU-CC Title IX Coordinator. For more information, please see: http://edcs.tamucc.edu/TitleIX.html

This handbook intended to be read in conjunction with the Graduate Catalog: https://catalog.tamucc.edu/graduate
Section III. Academic Policies

Registration
The Office of the Registrar coordinates the course registration process for all current and incoming students. [http://registrar.tamucc.edu/Register%20for%20Classes/index.html](http://registrar.tamucc.edu/Register%20for%20Classes/index.html)

Current and incoming students are able to register online through their S.A.I.L. account or at the Office of the Registrar.

- S.A.I.L.: [http://sail.tamucc.edu/](http://sail.tamucc.edu/)
- Office of the Registrar: Located in the Student Services Center
  - Phone: 361-825-2624
  - Website: [http://registrar.tamucc.edu/](http://registrar.tamucc.edu/)

Enrollment Status
Enrollment status for graduate students is defined below. Consult the Graduate Catalog and your academic college for exceptions and further information.

<table>
<thead>
<tr>
<th>Status</th>
<th>Fall or spring terms</th>
<th>Combined summer terms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>
<td>9 hours</td>
<td>6 hours</td>
</tr>
<tr>
<td>Three-quarter-time</td>
<td>7 hours</td>
<td>5 hours</td>
</tr>
<tr>
<td>Half-time</td>
<td>5 hours</td>
<td>3 hours</td>
</tr>
</tbody>
</table>

Total Hours
Normally, the Ph.D. and Ed.D. degrees will consist of a minimum of 90 hours beyond the bachelor’s degree for students admitted to a doctoral program directly after completion of the undergraduate degree. For students who have completed a master’s degree, a minimum of 60 hours is normally required for the doctoral degree. The majority of the doctoral degree plan course work must be doctoral-level courses. Students should consult with program faculty and advisors; individual program requirements vary.

The DNP degree curriculum is 40 semester credit hours. Students should study their program handbook carefully for sequencing and timing of requirements.

Continuous Doctoral Enrollment and Residency

Unless on an approved leave of absence, students in terminal degree programs must be registered continuously for a minimum of 3 semester credit hours per long semester (fall and spring semesters) during the academic year and pay the designated tuition and fees. Individual programs may have additional credit hour requirements. Students working on research/scholarly activity toward their dissertation should enroll in the number of credit hours that reflects the extent of study or research activity. International students may have additional registration requirements depending on their visa status and should consult with the Office of International Education to obtain current information. Students who are not continuously enrolled and do not have an approved Leave of Absence will be required to reapply to their program.

In addition, some terminal degree programs require that students continuously register in courses for a minimum of two consecutive terms, which may include summer. The purpose of the residency is to

This handbook intended to be read in conjunction with the Graduate Catalog: [https://catalog.tamucc.edu/graduate](https://catalog.tamucc.edu/graduate)
Doctoral Student Handbook

permit professional interaction with program faculty and students. The residency provides an opportunity for sustained intellectual effort/creative output by enhancing exposure to new concepts in the discipline, to research methodologies, and to development of research/creative competencies with the outcome resulting in a dissertation containing original research, a final DNP project, or a solo MFA final thesis and exhibition. For specific residency requirements, consult the degree requirements sections of the individual terminal degree programs.

Students must enroll during the semester in which the dissertation or DNP project defense/final examination occurs and in the semester in which they graduate.

Students who have completed their dissertation/culminating project, including successful defense and submission to CGS/ProQuest, but were unable to do so by the deadline for graduation may be eligible to take only one (1) semester credit hour in their graduating semester. Students should consult with their individual college advisors or faculty for additional program directions. International students may have additional registration requirements depending on their visa status and should consult with Office of International Education staff to obtain current information. Unapproved leaves of absence may result in the student being required to reapply to his/her program.

Graduate Courses
Graduate courses are numbered 5000 or higher. Courses at the 5000 level are open only to students with graduate standing and senior undergraduate students who meet specific criteria. Courses at the 6000 level and higher are limited to students admitted to a doctoral program or graduate students who meet specific criteria. Please consult the individual graduate program for additional details or requirements.

Maximum Course Load
Graduate students may not register for more than 12 hours in a regular semester without the approval of the dean of the college in which they are enrolled. Approval is also required for more than 12 hours of coursework in the combined summer session (not counting Maymester) without the approval of the college dean.

Repetition of a Course to Raise a Grade
A course in which the final grade is C or lower may be repeated for a higher grade. A course in which the final grade is a B may be repeated only with the permission of the Graduate Dean. A maximum of two courses may be retaken during graduate study at the University. Each course may be repeated only one time. All grades received for the course will be computed in the grade point average.

Repetition of a Course for Multiple Credit
A course may be repeated for multiple credit towards graduation only when so designated in the course description and approved by the faculty advisor.

Recency of Credit
Students admitted Fall 2015 or later
In general, all requirements for a terminal degree at Texas A&M University-Corpus Christi must be completed within a maximum of ten years subsequent to admission to the terminal degree program. However, individual programs may require a shorter maximum time in program.

This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate
The ten-year (or less) begins with the first semester students are enrolled in the graduate program. Doctoral students, unless their individual programs specify shorter time periods, have a maximum of five years to advance to candidacy and a maximum of five years thereafter to successfully defend the dissertation.

Students who exceed the candidacy deadline may request an extension. Candidacy extensions require strong justification in writing from the student and must include a plan for timely completion of the comprehensive examination, the proposal, and the final dissertation. The extension must be approved by the student’s advisor, the department chair, the college dean, and the graduate dean. Credit that is more than ten years old will not be counted toward a terminal degree. Exceptions will only be considered for courses completed at Texas A&M University-Corpus Christi and will require strong justification in writing from the student requesting the exception as well as a revalidation plan. Written approval from the department chair, the dean of the college from which the degree is offered, the graduate dean, and the provost are required. See the revalidation process below.

Revalidation of Courses

Students admitted Fall 2015 or later
Courses listed on the plan of study completed more than ten years prior to graduation are considered dated. The department chair or program coordinator recommends revalidation of dated courses. Revalidation will verify that the student's knowledge in a specific subject area is current and documented. Options for course revalidation include written examinations, a project, paper(s), course retake, or other equally rigorous academic means appropriate to the discipline to determine the student learning outcomes have been met.

Revalidation request must be submitted on the Graduate Degree Plan Revalidation Request and accompanied by a written justification, updated degree plan, revalidation plan, and documentation used for revalidation.

All revalidation requests and plans must be approved by the student’s advisor, the department chair, the college dean, the graduate dean, and the provost. The student’s faculty advisor, department chair, and college dean are responsible for determining whether the student demonstrated sufficient course knowledge necessary for successful course revalidation. Successfully revalidated courses may be included in the student's plan of study. Failure to follow all designated requirements of the revalidation agreement may result in dismissal from the program. Subsequent requests for revalidation may be considered but will be denied absent a showing of extraordinary hardship. Graduate students will not be permitted to submit more than 12 semester hours of their program’s courses for revalidation. Courses beyond the 12-semester hour limit must be retaken. Only courses completed at this university are eligible for revalidation.

Students admitted prior to Fall 2015
For students admitted prior to Fall 2015 who have not officially changed catalogs, the following information applies. Courses listed on the plan of study completed more than seven years

This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate
prior to graduation are considered dated. The faculty advisor or college graduate committee recommends a revalidation plan. Revalidation will verify that the student’s knowledge in a specific subject area is current. Written examinations normally are required.

Successfully revalidated courses may be included in the student’s plan of study. Failure to follow all designated requirements of the revalidation agreement may result in dismissal from the program. Subsequent requests for revalidation may be considered but will be denied absent a showing of extraordinary hardship. Graduate students will not be permitted to submit more than 12 semester hours of the program’s required courses for revalidation. Courses must have been completed at this university to be eligible for revalidation. All revalidation plans must be approved by the student’s advisor, the department chair, the college dean, the graduate dean, and the provost.

Request for Leave of Absence
Students experiencing life-changing or catastrophic events (e.g., serious illness of a student or immediate family member, death of an immediate family member) are encouraged to consult with their department chair and request a leave of absence in writing from the College of Graduate Studies using Form K: Request for a Leave of Absence, especially if the leave will impact recency of credit determinations. A student who is in good standing may petition for a leave of absence of no more than two full academic terms. The maximum number of leave of absence requests permitted in a program is two. A request for a leave of absence must be approved in advance by the faculty advisor, program coordinator, college dean, and graduate dean. If the graduate dean approves the petition, the registration requirement will be set aside during the period of leave. Leaves of absence require the suspension of all activities associated with pursuing the degree, including use of university facilities and faculty mentoring/advice. Counting of the time to completion of the degree ceases when a leave of absence is granted and resumes when the student re-enrolls to continue the program. For doctoral students, absences from the university other than approved leaves of absence may require the student to re-apply to the program and/or the university.

In cases of extenuating circumstances, a one-semester leave of absence can be extended to a maximum of two full semesters by the student’s faculty advisor and/or program coordinator and the graduate dean. In no case will a leave of absence be granted or extended for more than one academic year. Evidence of successful continuous progress towards the degree, programmatic changes, and faculty availability will affect consideration of requests submitted after the degree time limit has expired. A leave of absence for one full semester may be extended to a maximum of two full semesters with approval by the faculty advisor, program coordinator, college dean, and graduate dean.

All requests for a leave of absence must be approved in advance by the faculty advisor, the program coordinator, the college dean, and the graduate dean. If the graduate dean approves the petition, the registration requirement will be set aside during the period of leave. Leaves will be granted only under conditions that require the suspension of all activities associated with pursuing the degree including use of University facilities and faculty mentoring/advice. Counting of the time to the completion of the degree pauses when a leave of absence is granted and resumes when the student re-enrolls to continue the program. Unapproved leaves of absence may result in the student being required to re-apply to his/her program.

This handbook intended to be read in conjunction with the Graduate Catalog: https://catalog.tamucc.edu/graduate
In case of extenuating circumstances, a one-semester leave of absence can be extended to a maximum of two consecutive full semesters by the student’s faculty advisor and or program coordinator and the graduate dean. A student who returns to the University after an approved leave of absence will not be required to submit an application for readmission to the College of Graduate Studies. International students should consult with an advisor in the Office of International Education to find out how a leave of absence may impact their stay or re-entry into the U.S.

Title IX regulations also require the University to treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence for so long a period of time as is deemed medically necessary by the student’s physician. At the conclusion of the leave of absence the student will be reinstated to the status held when the leave began. Students requesting leave of absence under this provision must submit their request to the Title IX Coordinator or Deputy Title IX Coordinator (825-2765), who will initiate the process. The Associate Provost and Vice President for Academic Affairs will notify the instructors and coordinate the student’s reinstatement as appropriate.

Transfer of Credit
Specific requirements must be met for courses that may transfer for terminal degree credit. The following rules apply to these courses, with the exception of degrees offered jointly.

- Credit used for a degree at another institution cannot be applied to a graduate degree at Texas A&M-Corpus Christi.
- Transferred graduate credit must have been earned at a regionally accredited institution.
- The student must have earned a grade of B or better in the transfer coursework. Courses lacking letter grades (e.g., courses graded pass/no pass, credit/no credit, or satisfactory/unsatisfactory) will not be accepted as transfer credit.
- The coursework must be less than 10 years old at the time the Texas A&M-Corpus Christi degree is awarded.
- The student must have been enrolled as a terminal degree student when the coursework was completed.
- The maximum amount of transfer credit from another doctoral degree program accepted toward the Texas A&M-Corpus Christi degree is one-fourth of the credit hours required for the Texas A&M-Corpus Christi degree.

Please see individual programs for specific requirements related to transfer credits.

Grade Point Average
In order to remain in good standing as well as maintain eligibility for university funding such as scholarships and assistantships, the University requires students to maintain a minimum grade point average (GPA) of 3.0 (B) for all graduate work undertaken and in the program of study. In addition, students must earn a grade of S, IP, or CR on all coursework that does not affect GPA. Texas A&M-Corpus Christi uses a 4.0 scale for calculations of GPA. Students should ensure they are knowledgeable about both overall GPA required for good standing as well as GPA required in the program in which they are enrolled. A higher GPA may be required by some programs. In such cases, the higher standard will be used.

Only grades earned at this University will be used to calculate the Texas A&M-Corpus Christi GPA.
grade point average as used in determination of eligibility for graduation.

Grades are made available to students at the end of each grading period at http://sail.tamucc.edu.

**Scholastic Probation**

**Placement on Scholastic Probation**
A graduate student will be placed on scholastic probation if, at the end of any semester or term, the student’s cumulative GPA falls below 3.0 (or higher GPA set by the program). A graduate student receiving a grade of U or NC for the second time will be placed on scholastic probation. A student can be on scholastic probation only once.

**Removal from Scholastic Probation**
A student must achieve a cumulative 3.0 GPA (or higher GPA if required by the program) within completion of the next nine (9) semester credit hours to be removed from scholastic probation if scholastic probation was due to an unsatisfactory GPA. The courses included in the nine (9) semester hours must be approved by the program faculty for degree-seeking students.

A student who has received two grades of U or NC may be removed from scholastic probation after one (1) year if the student achieves a cumulative 3.0 GPA (or higher if required by program) and receives grades of S or CR.

- A student will not be placed on scholastic probation in a graduating semester if the cumulative GPA is 3.00 or higher and there are no more than two Cs for courses on the degree plan.
- A student who is removed from scholastic probation is not eligible for placement on scholastic probation a second time.

**Enforced Withdrawal**
Enforced withdrawal is reflected on the student’s academic record. A student who is or has been on scholastic probation will be placed on enforced withdrawal if:

- the student’s grade point average for any subsequent term or semester falls below 3.0, or
- the student receives a third grade of U, NC, or NP, or
- other scholastic requirements are not met, or
- the student does not achieve the required cumulative GPA (3.0 or higher if required by the program) within completion of nine (9) semester hours. Or
- a conditionally-admitted student does not meet specific program requirements as stated in their conditional enrollment agreement.

A student on enforced withdrawal may not enroll in any graduate program for a minimum of 12 consecutive months.

**Reinstatement**
In order to be reinstated following a period of enforced withdrawal, a student must reapply, meet current requirements for degree-seeking students, and be accepted by the University and the program to enroll for graduate studies. The application may be submitted prior to the requested enrollment date. Students should be aware that the period of enforced withdrawal does not alter the 10-year time period for completion of the doctoral degree program.

*This handbook intended to be read in conjunction with the Graduate Catalog:*
https://catalog.tamucc.edu/graduate
Colleges or programs may have additional procedures or requirements related to re-enrollment following enforced withdrawal or unapproved absences. Some colleges or programs may not permit reinstatement from enforced withdrawal. Please see the appropriate college or program section of the catalog for specific requirements.

**Texas 99-Hour Rule**
The Texas State Legislature has enacted a rule that provides that students at all state universities with over 99 doctoral hours may be subject to the payment of nonresident tuition. A student will generally be able to study at A&M-Corpus Christi full-time for five complete academic years, including summers, before being affected by the 99-hour rule. For students staying beyond five years, in a number of cases there is still the possibility of a programmatic or individual exemption from the rule. For more information, contact the coordinator of your graduate program.

**Doctor of Nursing Practice Committee**
In accordance with the timeline for the program, DNP students should set up their doctoral project committees and submit FORM C: Doctoral Dissertation/Project Advisory Committee Appointment Form. DNP students should also refer to the DNP Student Handbook available on the CONHS website (http://conhs.tamucc.edu/current-students/assets/dnp_handbook.pdf) for additional information regarding the DNP committee.

**The Ph.D./Ed.D. Doctoral Committee**
As a first step, students should choose a doctoral committee chair from among the regular graduate faculty members of the doctoral program. The remainder of the committee will be selected by the student in consultation with the committee chair. All Ph.D. and Ed.D. doctoral committees will be composed of a minimum of four Texas A&M University-Corpus Christi graduate faculty members, including the doctoral committee chair, two additional TAMU-CC graduate faculty members (or members of the participating faculty for interdisciplinary degree programs), and a graduate faculty representative from a different discipline who is selected by the graduate dean. The graduate dean will officially appoint the doctoral committee after the student submits FORM C: Doctoral Dissertation/Project Advisory Committee Appointment Form. Normally, the committee chair and committee members will be faculty members from the program offering the degree. Persons with unique and appropriate expertise may be appointed to the dissertation committee upon approval of the graduate dean for the dissertation portion of the doctoral program. Graduate faculty status will be generally required; thus, the department should begin the nomination process for the individual as soon as possible if the individual does not hold that status.

Doctoral committee members are required to participate in proposal hearings and dissertation defense/final examinations and are required to sign relevant documents. In some programs, all doctoral committee members representing the student’s discipline may be required to review and approve degree plans and participate in qualifying examinations in addition to the dissertation proposal hearing and defense. Academic colleges may have additional requirements for committee members, with the exception of the Graduate Faculty Representative.

**The Graduate Faculty Representative**
The Graduate Faculty Representative (GFR) helps ensure that the quality of the graduate degree is appropriate for Texas A&M University-Corpus Christi and that students receive fair and reasonable treatment in their graduate experience. The graduate faculty representative is not
required to attend or evaluate materials related to the comprehensive examination. However, the GFR is required to participate in the proposal hearing and dissertation defense/final examination. The Graduate Faculty Representative is a full voting member of the committee and must be included on required forms for circulation and in planning of dates for the proposal and defense of the dissertation.

Degree Plans
All students will develop a degree plan that is consistent with the requirements of the program by the time a student has completed half of the coursework in the program. Some programs may require the degree plan to be completed at an earlier point in the program. Degree plan development will be documented on the student’s online Degree Planner by the CGS Academic Advisor. Degree plans must be consistent with the requirements of the program. Changes to the degree plan must be approved by the doctoral committee chair, college, dean, and graduate dean.

Normally a doctoral degree will consist of a minimum of 90 credit hours beyond the bachelor’s degree for students admitted to a doctoral program directly after completion of the undergraduate degree. For students who have completed a master’s degree, most doctoral degrees will require 60 credit hours. The majority of the doctoral degree plan course work must be doctoral-level courses.

Ph.D./Ed.D./DNP Program Forms
Please use the checklist on the next page for timely submission of required forms. These can be found at http://gradcollege.tamucc.edu/contact_us/forms.html. Students will work with their doctoral advisors to initiate and submit forms at appropriate times during their degree process. The College of Graduate Studies will route forms for electronic signatures.

Changes in the degree plan must be approved by the Doctoral Committee Chair, the College Dean, and the Graduate Dean using Form I: Graduate Degree Plan Exceptions Form
Ph.D., Ed.D., and DNP Forms/Submission Requirements

Survey of Earned Doctorates (Ph.D. only): https://sed-ncses.org/login.aspx
Email a copy of the completion certificate to gradcollege@tamucc.edu (Ph.D. students only)

Dissertation Service Charge: https://gradcollege.tamucc.edu/current_students/doctoral_students.html

*Requirements may vary depending on the program. Check program and academic college requirements.

**Form F is used to report the outcome of the defense and has a different due date than the last day to defend.

Amended 07/2022
Dissertation Defense/Final Examination
The comprehensive examination must be passed and courses in the plan of study completed with a GPA of 3.0 or greater before the dissertation defense/final examination will be scheduled. The dissertation defense/final examination must cover the dissertation but need not be limited thereto. More than one dissenting vote in the comprehensive examination or final examination (which includes the dissertation defense) will constitute failure. The defense must be scheduled for a minimum of six weeks prior to graduation.

All committee members, including the GFR, will be provided a copy of the dissertation at least two (2) weeks before the defense of dissertation and final examination.

There are some common elements as well as variations across the Ph.D./Ed.D. programs related to both the presentation of the dissertation and the final examination. Please see individual doctoral program handbooks for more specificity regarding each program’s requirements.

Subsequent to the dissertation defense/final examination, and only after all changes to the dissertation manuscript requested by the committee have been made, the student will submit an electronic copy of the dissertation, no later than four (4) weeks prior to graduation, to ProQuest/UMI as a single PDF file.

Programs vary with regards to how many research hours are required and how those hours are represented in the degree plan. Students not completing all requirements of the final dissertation defense by the end of the semester, including submission of an approved final draft by published deadlines, may receive a grade of In Progress (IP). An IP is a permanent notation and requires the student to register for the same course in the subsequent semester, paying all the appropriate tuition and fees, to receive a final grade for the course. Both instructors and students should be aware that a grade other than IP in dissertation research courses sufficient to meet program requirements is required for graduation.

Section IV. Financial Assistance

Programs to assist you in financing an education at Texas A&M University-Corpus Christi are administered by the Office of Student Financial Assistance, including scholarships, grants, work study, and loan programs.

Financial Aid
Application forms and detailed instructions on applying for financial aid are available through the Office of Student Financial Assistance at the following web address: http://osfa.tamucc.edu.

Scholarships

Eligibility
Graduate students who wish to apply for a graduate scholarship can apply via the Graduate Scholarships web page.

Eligibility requirements for receiving a graduate scholarship include:

- Acceptance in a graduate degree or certificate-seeking program
- Enrollment in at least six (6) graduate student credit hours in a regular semester or three

This handbook intended to be read in conjunction with the Graduate Catalog: https://catalog.tamucc.edu/graduate
This handbook intended to be read in conjunction with the Graduate Catalog: https://catalog.tamucc.edu/graduate

(3) graduate student credit hours during the combined summer terms for summer scholarships. Please note: individual scholarships or colleges (i.e., College of Science) may require full-time enrollment (9 graduate SCH).

- A 3.0 GPA minimum (graduate GPA for returning students or last 60 SCH for new students)

Scholarships funds will normally be disbursed throughout the academic year. For example, a $1,000 scholarship awarded for the academic year will be paid out as $500 in the fall semester and $500 in the spring semester.

**Graduate Assistantships**

A limited number of graduate assistantships are available through the individual colleges and other academic units on campus. Students are encouraged to inquire with the coordinator of their graduate programs regarding assistantship availability. Graduate students interested in becoming Teaching Assistants in the First-Year Seminar Program should contact the Director of the University Core Curriculum Program for information.

In addition to individual Colleges, the following units may also hire graduate assistants. This is not an inclusive list.

**Out-Of-State Tuition Waivers**

Non-resident students receiving a 50% FTE graduate assistantship, as well as their spouse and children, will receive in-state tuition and fees at the rate charged to Texas residents for the semester in which they hold the assistantship appointment. To receive in-state tuition rates, students must maintain a graduate course load of at least six (6) hours during long semesters or three (3) hours during the summer session. Individual programs/departments/colleges may have additional qualification requirements (e.g., assistantships funded by the College of Graduate Studies and College of Science and Engineering require nine [9] SCH graduate enrollment during long semesters). Out-of-state tuition waivers will be rescinded if students register for too few hours or are not working in the qualifying position by the 12th class day of long semesters and the 4th class day of summer semesters.

Students wishing to receive in-state tuition must complete the [Graduate Assistant In-State Tuition Form](https://gradcollege.tamucc.edu/forms/TA_RA_waiver_request.php) and obtain required signatures. Students will also need their Notice of Appointment Letter (NOA). Upload the documents to https://gradcollege.tamucc.edu/forms/TA_RA_waiver_request.php

---

The Graduate Assistant In-State Tuition Form must be completed each semester.
Students receiving a University scholarship of $1,000 or more per year may be eligible for in-state tuition contingent upon availability of Competitive Scholarship Waivers. The University Scholarship Office or the Office of the Provost determines how many waivers are available each year. There is no separate form required.
Section V. Steps to Graduation

**Graduation Deadlines**
Students must submit a completed application for graduation online through their S.A.I.L account **by the posted deadline**. Graduation deadlines and costs are posted by the Office of the Registrar. Graduation application fees are non-refundable.

**Commencement**
For dates, times, and location of the commencement ceremonies please visit [http://commencement.tamucc.edu/](http://commencement.tamucc.edu/).

**Regalia**
Graduates must wear official regalia to the commencement ceremony. These items can be rented or purchased at the Campus Bookstore. For more information, please contact the campus bookstore.

<table>
<thead>
<tr>
<th>Option</th>
<th>Processing/Delivery</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rental</td>
<td>Must be ordered at the bookstore. May take 4 weeks or longer for delivery. <em>(Rental is recommended for those who do not intend to work in academia.)</em></td>
</tr>
<tr>
<td>Purchase</td>
<td>Must be ordered at the bookstore. Takes approximately 4-8 weeks for delivery.</td>
</tr>
</tbody>
</table>

*Please order as early as possible to ensure your regalia arrives on time. Delays can and do happen and are not controlled by the bookstore.*

**Diploma**
Diplomas will be made available to the students once an audit has confirmed completion of all requirements. This process may take a few weeks after graduation. Once complete, diplomas may be picked up or are mailed by the Office of the Registrar. For more information, contact 361-825-7245. Doctoral graduates will receive a diploma tube at commencement. In the tube will be a congratulatory letter from the University President. Additionally, there will also be a congratulatory letter from the Dean of the College of Graduate Studies, with instructions on the availability timeframe and process for obtaining transcripts and the diploma.

This handbook intended to be read in conjunction with the Graduate Catalog: [https://catalog.tamucc.edu/graduate](https://catalog.tamucc.edu/graduate)
Section VI. Dissertation Guidelines

The following guidelines were developed to help doctoral candidates and their committee members to prepare the dissertation manuscript. The dissertation should be presented in a scholarly, well-integrated, and properly documented manner and should report the original work done by the student under the supervision of the advisory committee.

Research Compliance
The responsibility for the ethical conduct of student research is jointly held by the instructor and the student, each being fully responsible for the research. Approval to conduct research involving human subjects, animals, or biohazards, which may require Institutional Review Board, Institutional Animal Care and Use Committee, and/or Institutional Biosafety Committee review, must be obtained prior to conducting any data collection. The determination concerning requirement for review is made by the Compliance Officer and not by the researcher. Contact the Office of Research Compliance for additional information.

Plagiarism Check for Dissertations
Plagiarism is not tolerated at Texas A&M University-Corpus Christi. It is the doctoral committee chair’s responsibility to electronically check for plagiarism. All dissertations must be checked through Turnitin or an instrument of equivalent rigor as approved by the relevant college prior to the defense. The College of Graduate Studies requires that the student’s committee chair certify that the dissertation has been checked for plagiarism. FORM E: Agreement to Schedule the Dissertation/Project Defense & Final Examination must be used to transmit the certification to the College of Graduate Studies.

Departments will determine their own guidelines for these checks, for how they deal with the results revealed, and for remedies to address indications of plagiarism, consistent with existing rules and regulations, including University Rule 13.02.99.C0.04: Student Academic Misconduct Cases.

Faculty members may wish to assign CITI training for students as a part of preparing for research. The Office of Research Compliance CITI training account includes a Responsible Conduct of Research course. This course covers research misconduct, including plagiarism, and is available for both faculty members and students. This course is available free of charge for faculty members to use and assign to students as appropriate. Instructions for accessing the course may be found at Research Misconduct Training | Texas A&M University-Corpus Christi (tamucc.edu). Students are able to download the certificate of completion after the course quiz.

Dissertation Formatting Guidelines
Your dissertation must conform to academic and institutional standards. Guidelines include requirements regarding margins, fonts, spacing, and other elements of the document. In addition to face-to-face and online formatting workshops, the College of Graduate Studies provides dissertation formatting guidelines and templates online.

Acceptable formats for the body of the dissertation may vary by program area; however, if there is disagreement between the discipline and the TAMU-CC guidelines and templates the TAMU-CC guidelines must be followed.
Deadlines
To maintain eligibility to graduate in a given semester, students must meet the scheduled deadline for submittal of (1) the signed Preliminary Agreement to Schedule the Dissertation Defense/Final Examination (Form E), (2) the Dissertation/Project Defense & Written Dissertation Report (Form F), and (3) the dissertation in final form as a PDF file. This date, along with other dates of interest, is posted on the College of Graduate Studies webpage for doctoral students. There are no exceptions for late submittal. Students submitting after deadline day cannot graduate until the following semester and will be required to enroll in dissertation hours in the semester of graduation.

Final Steps to Submitting Your Dissertation
After your Dissertation/Project Oral Defense and Document Report (Form F) is submitted and all requested content changes from your committee have been made, you may submit your dissertation electronically. Before you begin the submission steps, please be sure you have the following:

a) Full text of your dissertation in PDF format. This must be one file with embedded fonts. The maximum file size that can be uploaded is 250 MB. The PDF file name cannot contain periods (except for the .pdf extension). Instructions about PDF conversion and embedding fonts are available at the ProQuest/UMI ETD Administrator site under the “Submission Steps/PDF” tab. Please be sure to choose up to three subject categories from the Subject Category List.
b) Optional supplementary files. This includes images, data, etc. that are an integral part of the dissertation, but not part of the full text.
c) Advisor and other committee members’ names with correct committee designations.
d) Subject Category. Please choose up to three subject categories from the ProQuest Subject Category List that best describe your dissertation.

Submission Guidelines
Go to http://www.etdadmin.com/tamucc to create an account or login using an existing account. When signed into the account, a list of submission steps will be visible on the left-hand side of the computer screen. These steps will serve as a guide through the submission process. A checkmark will appear once each step is completed. A thesis or dissertation may be declared unacceptable by the College of Graduate Studies and returned to the student and department head with a list of needed changes if the requirements outlined in this manual are not followed. In this situation, the manuscript must be corrected and resubmitted as a new document. All original submittal deadlines must be met during the re-submittal process in order to graduate that semester. Unacceptable manuscripts returned to the student after Deadline Day may not be accepted for graduation in that semester.

Dissertation Review
The following are approximate turn-around times to be expected for feedback and requests for revisions after the dissertation has been submitted to ProQuest/UMI. Documents are reviewed in the order received. The student will receive requests for revisions from the College of Graduate Studies via email through ProQuest/UMI. Candidates and their faculty chairs should be aware that it is common for there to be more than one request for changes.

This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate
Early in the semester: 2-3 business days
Week before Deadline Day: 5-7 business days

The student will make requested corrections in the original Word (or other) file, convert the revised document to a new PDF file, and upload the new PDF to the ETD.

All corrections must be made promptly and meet the College of Graduate Studies’ deadlines. Graduation WILL BE POSTPONED if corrections are not made on time.

*Note: Once the dissertation has been uploaded to ProQuest, all communication regarding the submission should be made through the ProQuest platform.

**Publication of your Research; Copyright Issues**

[Note: based on information in the Texas A&M University Thesis Manual]

It is the student’s responsibility to be aware of and adhere to U.S. copyright laws regarding the dissertation and its contents. If copyrighted content is used by the student in the dissertation, the student may need to seek permission or license for including the content.

*If you are using your own previously published material in the dissertation:* 
Graduate students may publish material that will later be used as part of the dissertation. However, students should be aware of the publishing agreement they sign when a journal accepts an article for publication. At that time, the student/lead author typically transfers copyright to the journal as publisher, and you he/she no longer possess the right to use this material without permission. However, the publishing agreement form may be modified before it is signed so that the student retains the right to include the material in the dissertation. The publisher would still have the rights it needs to print, distribute, and sell the work. When negotiating with the publisher, remember to inform them that the dissertation will be available worldwide through the Internet (dissertations will be sent to ProQuest/UMI and can be purchased through them).

If you have not retained the right to use your previously published material in the dissertation, you must get permission from the copyright holder to include it. If the journal retains the right to an article and does not allow its exact reproduction in your dissertation, we recommend that you contact them to ascertain whether a revised or reworded chapter is acceptable.

*If you are planning to use your dissertation material in a future publication:* 
Students who plan to publish dissertation material in future articles need to investigate whether the journal of choice will publish material already made available to the public and consider this when choosing an option for making the dissertation available after graduation. You have the option to restrict full-text access to your dissertation for a period of time before releasing it to the Internet to allow time to publish in journals whose policy is to be first publisher. This process is called an embargo or delayed release. More information is available during the submission process through ProQuest. ProQuest embargo options include 6 months, 1 year, and 2 years. If a student needs to delay the release for longer than two years, contact the College of Graduate Studies for instructions.

*This handbook intended to be read in conjunction with the Graduate Catalog:*
https://catalog.tamucc.edu/graduate
If you are planning to include others’ copyrighted material in the dissertation:

If the manuscript contains any material (figures, tables, text, etc.) taken from copyrighted sources, the student has the responsibility to determine if permission from the copyright holder is needed. The student should consider a number of factors when utilizing material from other sources, including whether or not the material is in the public domain or can be used under the provisions of Fair Use. Regardless of whether or not permission is required, proper credit must be given in the text. For material that requires permission, acknowledgment should be included in the text, per the instruction of the copyright holder. For additional information regarding copyright and fair use, refer to the Copyright and Your Dissertation or Thesis document available on our website.

To summarize, when using published material:

- Determine whether the material is copyrighted. Non-copyrighted material may be reused freely, as long as credit is given to the original source.
- If the material is copyrighted, determine if it may be included in your dissertation under the provisions of Fair Use. If Fair Use applies, do not seek permission. Check with your advisor or Alexa Hight (Library) to confirm your determination.
- If Fair Use does not apply, obtain permission (in either the publisher agreement or in a letter or email from the copyright holder).
- Give proper acknowledgment of all work created by others and included in the dissertation.
- Doctoral students must inform the copyright holder that the dissertation will be sent to and sold on demand by ProQuest/UMI.

Binding

Dissertation binding will be handled through the ProQuest/UMI ETD Administrator. During the submission process, an opportunity to order personal copies, along with the required University copy for the library will be presented.

Each volume is rendered with respect for the scholarly research, featuring:

- Brilliant white 32 lb. paper stock: acid-free and archival-grade, this photographic-quality stock is brighter and more opaque for better ink contrast and readability.
- Any color graphics included in the digital copy of the dissertation received by ProQuest/UMI can now be reproduced in color at no extra charge. Photographs, charts, and other illustrations are printed as faithfully as they were provided electronically.
- Durable hardbound copies are 8½”x11” with black covers made from 2.5 mm-thick board covered in washable linen. Titles are embossed in gold foil on the spine. Handmade thread-sewn bindings and generous margins enable volumes to be opened flat.
- Manuscript copies are shipped approximately 8 to 12 weeks after submission of the manuscript to the address provided by the student.
Distribution
