Section I. College of Graduate Studies

Message from the Dean

Congratulations on being accepted into one of our outstanding master’s/MFA degree programs at Texas A&M University-Corpus Christi (TAMU-CC). This is a major accomplishment that comes with significant financial, academic, and personal commitment on your part. The College of Graduate Studies at TAMU-CC has adopted as a mantra Discover Your Passion: Inquire, Innovate, Inspire. This student handbook has been developed for students working towards a master’s degree to ensure that you will be successful and kept informed every step of the way regarding University academic expectations and requirements, program specific expectations and requirements, and resources and services available to students.

The College of Graduate Studies is located on the first level of the Faculty Center, Suite 151. Hours of operation are 8:00 a.m.–5:00 p.m. Monday–Friday. Please feel free to stop by any time and/or share any suggestions on how to improve this resource for you.

Best of luck on your exciting new undertaking. I look forward to seeing you at graduation, if not sooner.

Karen McCaleb, EdD
Dean, College of Graduate Studies

Graduate Resources and Opportunity Workspace (GROW)
As part of the College of Graduate Studies, the Graduate Resource and Opportunity Workspace (GROW) offers graduate students exclusive space and resources tailored specifically to their academic needs and professional development. GROW is located in the Mary and Jeff Bell Library (Room 112) and is open during library hours. To reserve the small/group study room, students may complete an online form available on the GROW website: http://grow.tamucc.edu.

Dissertation/Thesis Formatting Workshop
We strongly encourage all master’s students who are or will be completing a thesis to attend a Dissertation/Thesis Formatting Workshop. These workshops are held at least once every semester and provide information that will simplify the process of formatting and uploading the final document into ProQuest. We strongly urge attendance early in the writing process for your study. Workshops are announced via the College of Graduate Studies newsletter and are posted on the CGS website.

Topics covered include:
- CGS website related to dissertation/thesis/DNP projects
- Important dates
- Forms
- The submission process
- Copyright information
- Formatting and templates

Graduate Orientation
Graduate orientation is offered every Fall and Spring semester. Preregistration is requested so that we can best plan for you. For additional information on this event, please visit http://gradcollege.tamucc.edu/new_students/orientation.html

Title IX Information
Title IX of the Education Amendments of 1972 (Title IX) prohibits discrimination on the basis of sex in any federally funded education program or activity. Sexual harassment, which includes sexual violence, is a form of sex discrimination. TAMU-CC is committed to providing an environment free from discrimination, including discrimination based upon sex. TAMU-CC provides resources to students, faculty, and staff to address concerns related to sexual harassment, sexual assault (rape), sexual misconduct, and sex discrimination. Mr. Samuel Ramirez has been appointed as the TAMU-CC Title IX Coordinator. For more information, please see: http://edcs.tamucc.edu/TitleIX.html
Section III. Academic Policies

Registration
The Office of the Registrar coordinates the course registration process for all current and incoming students. [https://tamucc.edu/academics/registrar/register-for-classes](https://tamucc.edu/academics/registrar/register-for-classes)

Current and incoming students are able to register online through their S.A.I.L. account or at the Office of the Registrar.

- S.A.I.L.: [http://sail.tamucc.edu/](http://sail.tamucc.edu/)
- Office of the Registrar: Located in the Student Services Center
  - Phone: 361-825-2624
  - Website: [http://registrar.tamucc.edu/](http://registrar.tamucc.edu/)

Enrollment Status
Enrollment status for graduate students is defined below. Consult the Graduate Catalog and your academic college for exceptions and further information.

<table>
<thead>
<tr>
<th>Status</th>
<th>Fall or spring terms</th>
<th>Combined summer terms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time</td>
<td>9 hours</td>
<td>6 hours</td>
</tr>
<tr>
<td>Three-quarter-time</td>
<td>7 hours</td>
<td>5 hours</td>
</tr>
<tr>
<td>Half-time</td>
<td>5 hours</td>
<td>3 hours</td>
</tr>
</tbody>
</table>

Total Hours
Master’s programs range from 30 to 60 approved graduate semester credit hours (SCH). Courses must be from the 5000 level or higher. While several master’s degrees require 60 SCH, it should be noted that the MFA, which also requires 60 SCH, is a terminal degree.

Graduate Courses
Graduate courses are numbered 5000 or higher. Courses at the 5000 level are open only to students with graduate standing and senior undergraduate students who meet specific criteria. Courses at the 6000 level and higher are limited to students admitted to a doctoral program or graduate students who meet specific criteria. Please consult the individual graduate program for additional details or requirements.

Maximum Course Load
Graduate students may not register for more than 12 hours in a regular semester without the approval of the dean of the college in which they are enrolled. Approval is also required for more than 6 hours of coursework in a single session of summer school or 12 hours of coursework in the combined summer session (not counting Maymester).

Repetition of a Course to Raise a Grade
A course in which the final grade is C or lower may be repeated for a higher grade. A course in which the final grade is a B may be repeated only with the permission of the graduate dean. A maximum of two courses may be retaken during graduate study at the university. Each course may be repeated only one time. All grades received for the course will be computed in the grade point average.
Repetition of a Course for Multiple Credit
A course may be repeated for multiple credit towards graduation only when so designated in the course description and approved by the faculty or program advisor as designated by the college in which the student is enrolled.

Time Limit to Degree and Recency of Credit for Master’s Degrees and Certificates
The requirements for master’s degrees and certificates at Texas A&M University-Corpus Christi must be completed within seven years subsequent to admission to the program. The seven-year period begins with the first semester students are enrolled in a graduate program. Some programs may have shorter time limits to degree; students should consult with program faculty or advisors for specific information about their program.

Credit that is more than seven years old will not be counted toward a master’s degree or a certificate. Exceptions, provided the courses were completed at this university, will require strong justification in writing from the student requesting the exception as well as a revalidation plan. Written approval from the major department chairperson, the dean of the college from which the degree is offered, the graduate dean, and the provost are required. See revalidation process below.

Revalidation of Courses Beyond the Seven-Year Limit
Courses listed on the plan of study completed more than seven years prior to graduation are considered dated. In order to have courses revalidated, the department chair or program coordinator/faculty advisor will recommend a revalidation plan. Revalidation will verify that the student’s knowledge in a specific subject area is current and documented.

Options for course revalidation include a written examination, a paper, a project, a course retake, or other equally rigorous academic means appropriate to the discipline to determine that student learning outcomes have been met. Revalidation requests must be submitted on the Revalidation Request Form and accompanied by a written justification, updated degree plan, revalidation plan, and documentation used for revalidation. All revalidation requests and plans must be approved by the student’s faculty advisor, the department chair, the college dean, graduate dean, and the provost.

The student’s faculty advisor, department chair, and college dean are responsible for determining whether the student demonstrated sufficient course knowledge necessary for successful course revalidation. Successfully revalidated courses may be included in the student’s plan of study. Failure to follow all designated requirements of the revalidation agreement may result in dismissal from the program. Subsequent requests for revalidation may be considered but will be denied absent a showing of extraordinary hardship.

Graduate students will not be permitted to submit more than 12 semester hours of the program’s courses for revalidation. Courses beyond the 12-semester hour limit must be retaken. Courses must have been completed at this university to be eligible for revalidation.

Request for Leave of Absence
There is no university-wide continuous enrollment requirement for master’s students. However, all graduate students who have been inactive for one year or more will need to contact the College of Graduate Studies in order to register. Students who have been inactive for two or more years must reapply for admission. Some programs may require re-application after only a

This handbook intended to be read in conjunction with the Graduate Catalog: https://catalog.tamucc.edu/graduate
one-year absence. **Time spent away from the program without an approved leave of absence request (see below) will count toward a student’s time to degree.**

Students experiencing life-changing or catastrophic events (e.g., serious illness of a student or immediate family member, death of an immediate family member) are encouraged to consult with their department chair and request a leave of absence in writing from the College of Graduate Studies using Form K: Request for a Leave of Absence, especially if the recency of credit will be impacted.

**Requests for a leave of absence must be approved in advance by the faculty advisor, the program coordinator, the college dean, and the graduate dean.** Leaves will be granted only under conditions that require the suspension of all activities associated with pursuing the degree including use of university facilities and faculty mentoring/advice. Counting of the time to the completion of the degree pauses when a leave of absence is granted and resumes when the student re-enrolls to continue the program.

A student who is in good standing may petition for a leave of absence of no more than two full academic terms. A leave of absence granted for one full semester may be extended to a maximum of two full semesters by the faculty advisor, program coordinator, and graduate dean. A student who returns to the University after an approved leave of absence will not be required to submit an application for readmission. In no case will a leave of absence be extended for more than one year. International students should consult with an advisor in the Office of International Education to find out how a Leave of Absence may impact their stay or re-entry into the U.S.

*Note: Any consideration of requests submitted after the degree time limit has expired will be impacted by explanation of failure to request leave prior to expiration and continuous progress towards the degree as well as programmatic changes and faculty availability.*

Title IX regulations also require the university to treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom as a justification for a leave of absence for so long a period of time as is deemed medically necessary by the student’s physician. At the conclusion of the leave of absence the student will be reinstated to the status held when the leave began. Students requesting leave of absence under this provision must submit their request to the Title IX Coordinator or Deputy Title IX Coordinator (825-2765), who will initiate the process. The Associate Provost and Vice President for Academic Affairs will notify the student’s instructors and coordinate the student’s reinstatement as appropriate.

**Transfer of Credit**

Specific requirements must be met for courses that may transfer for credit. The following rules apply to these courses, with the exception of degrees offered jointly.

- The student must have earned transferred graduate credit at a regionally accredited institution.
- The student must have earned a grade of B or better in the transfer course work. Courses lacking letter grades (e.g., courses graded pass/no pass, credit/no credit, or satisfactory/unsatisfactory) will not be accepted as transfer credit.
- The work must be less than 7 years old at the time the TAMU-CC degree or certificate is
awarded.
  • Programs may have requirements that further limit the age of acceptable transfer courses. Check individual program requirements and speak with an advisor.
  • Credit used for a degree earned at another institution cannot be applied to a graduate degree at TAMU-CC.
  • No more than twelve semester hours of graduate level study may be transferred.
    • Specific programs may limit the number of transfer courses allowed to less than twelve. Check individual program requirements and speak with an advisor.
  • All transfer work must be appropriate to the degree being sought and reflect student competencies at least equivalent to those enrolled in TAMU-CC graduate programs.

Please see individual programs for specific requirements related to transfer credits.

Degree Plans
All degree-seeking students must develop a degree plan in conjunction with their advisor that is consistent with the requirements of the program. The degree plan should be developed by the time students have completed half of the coursework in the program. Degree plan development will be documented on the student’s online Degree Planner by the CGS Academic Advisor.

A student may petition to apply credits earned while in non-degree, certificate, or a previous master’s-seeking status by submitting Form I: Graduate Degree Plan Exceptions Form. However, no more than twelve credit hours may be applied to the master’s degree.

The Thesis Committee
Students who choose the thesis option within their program of study must form a thesis advisory committee. For committee composition and membership, students should consult the coordinator of their degree program or their intended committee chair. The graduate dean will review and approve the thesis committee after submission of Form A: Thesis Advisory Committee Appointment Form. All committee members must hold graduate faculty status at TAMU-CC.

More than one dissenting vote in the thesis defense/final examination will constitute failure. Programs may have additional comprehensive or final examination requirements that involve the committee. Contact your program for more information. Master of Fine Arts students should consult their program handbook; requirements for the formation of the committee differ from those of other master’s students, as does the thesis process itself.

Students who wish to change the composition of their thesis committee after approval should submit Form D: Thesis Committee Member Change Request to the College of Graduate Studies.

Academic Requirements
Grade Point Average. To remain in good standing as well as maintain eligible for university funding such as scholarships and assistantships, the university requires students to maintain a minimum grade point average (GPA) of 3.0 (B) for all graduate work undertaken. Texas A&M University-Corpus Christi uses a 4.0 scale for calculation of GPA. Please note that TAMU-CC calculates GPA based on all graduate coursework taken at TAMU-CC and not just coursework in the degree program. Students should ensure they are knowledgeable about both overall GPA

This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate
required for good standing as well as GPA in the program in which they are enrolled.

Only grades earned at this university will be used to calculate the TAMU-CC grade point average as used in determination of eligibility for graduation. Grades are made available to students at the end of each grading period at [http://sail.tamucc.edu](http://sail.tamucc.edu)

**Scholastic Probation**

**Placement on Scholastic Probation**
A graduate student will be placed on scholastic probation if, at the end of any semester or term, the student’s cumulative graduate GPA falls below 3.0 (or higher GPA set by the program). A graduate student receiving a grade of U or NC for the second time will also be placed on scholastic probation. *Note: Grades from transfer courses are not factored into the GPA. A student can be on scholastic probation only once* (see section on Enforced Withdrawal below).

**Removal from Scholastic Probation**
A student must achieve a cumulative 3.0 GPA (or higher GPA if required by the program) within completion of the next nine (9) semester credit hours to be removed from scholastic probation if scholastic probation was due to an unsatisfactory GPA. The courses included in the nine (9) semester hours must be approved by the program faculty for degree-seeking students.

A student who received two or more grades of U or NC may be removed from scholastic probation after one year if the student achieves a cumulative 3.0 GPA (or higher GPA if required by the program) and subsequently receives grades of S or CR.

- A student will not be placed on scholastic probation in a graduating semester if the cumulative GPA is 3.0 or higher and there are no more than two Cs for courses on the degree plan.
- A student who is removed from scholastic probation is not eligible for placement on scholastic probation a second time.

**Enforced Withdrawal**
Enforced withdrawal is reflected on the student’s academic record. A student who is or has been on scholastic probation will be placed on enforced withdrawal if:

- the student’s GPA for any subsequent term or semester falls below 3.0, or
- the student receives a third grade of U or NC, or
- other scholastic requirements are not met, or
- the student does not achieve the required cumulative GPA (3.0 or higher if required by the program) within completion of nine (9) semester hours, or
- the student does not meet the specific program requirements as stated in their conditional enrollment agreement.

**Reinstatement**
A student on enforced withdrawal may not enroll in any graduate program for a minimum of 12 consecutive months. In order to be reinstated, a student must reapply, meet current requirements for degree-seeking students, and be accepted by the University and the program to enroll for graduate studies following the period of enforced withdrawal. The application may be submitted prior to the requested enrollment date. Colleges or programs may develop additional procedures or requirements related to re-enrollment following enforced withdrawal. Some colleges or

*This handbook intended to be read in conjunction with the Graduate Catalog: [https://catalog.tamucc.edu/graduate](https://catalog.tamucc.edu/graduate)*
programs may not permit reinstatement from enforced withdrawal. Please see the appropriate college or section of the catalog for specific requirements. Students should be aware that enforced withdrawal does not alter the 7-year time period for completion of the degree.

**Graduate Academic Standing Reassessment Policy**

A graduate student who has previously attended TAMU-CC and whose attendance has been interrupted for a period of at least twelve consecutive months may qualify for academic standing reassessment provided all the specific criteria are met and the interruption was not for conduct issues or academic misconduct. A graduate student may apply to have up to two consecutive semesters of the graduate credits and grades earned at TAMU-CC prior to the separation removed from their GPA.

A graduate student wishing to re-enter TAMU-CC and who is seeking academic reassessment should submit the following documentation to the graduate program coordinator of the program they wish to (re)-enter:

- Academic standing reassessment request form indicating semesters for which reassessment is requested (maximum of two consecutive semesters);
- Personal statement describing the extenuating circumstances that contributed to the prior academic situation, explaining how present circumstances are different, and detailing steps that will be taken to ensure success; and
- Letter of support from a graduate faculty member within the student’s proposed program of study.

The graduate student’s prospective program coordinator will forward the request, if approved, and accompanying material to the academic college dean. If the academic dean approves, the signed form will be sent to the Dean of the College of Graduate Studies, who will approve or disapprove the request.

Academic reassessment may be granted only one time, is irreversible, and includes all credits earned during the semester(s) for which it is requested. The student’s grades for the semester(s) will remain on the transcript; however, they will not be factored into the GPA. A transcript notation of “academic standing reassessment granted” and the effective date will be added.

Academic standing reassessment cannot be granted for courses that have been applied to an awarded degree or certificate. Students should be aware that other universities to which a student may later apply may not consider the reassessment in how they determine GPA or make determinations about other entry requirements.

**Exit Requirements**

All graduate programs have a culminating experience. In addition to successful completion of all courses required for graduation, students are required to pass a comprehensive written examination, successfully complete a capstone experience or creative project, defend a thesis, or a combination of these as specified by the program.

The thesis must be checked for plagiarism and approved by the thesis committee chair prior to the defense. **Students must be enrolled the semester in which the thesis defense/final examination occurs and in the semester in which they graduate.** The thesis must conform to current formatting templates and guidelines on the CGS website.

*This handbook intended to be read in conjunction with the Graduate Catalog: https://catalog.tamucc.edu/graduate*
Section IV. Financial Assistance

Programs to assist you in financing an education at Texas A&M University-Corpus Christi are administered by the Office of Student Financial Assistance, including scholarships, grants, work study, and loan programs.

Financial Aid
Application forms and detailed instructions on applying for financial aid are available through the Office of Student Financial Assistance at the following web address: http://osfa.tamucc.edu.

Scholarships

Eligibility
Eligibility requirements for receiving a scholarship include:

- submission of a completed Graduate Scholarship Application.
- being a graduate degree or certificate-seeking student.
- being enrolled in at least six (6) graduate student credit hours during a regular semester or three (3) graduate student credit hours during the combined summer terms for summer scholarships. Please note: individual scholarships or colleges (i.e., the College of Science, College of Graduate Studies) may require full-time enrollment (9 graduate SCH) during the regular semesters.
- having a 3.0 GPA minimum (graduate GPA for returning students or last 60 SCH for new students).

Scholarships funds will normally be disbursed throughout the academic year. For example, a $1,000 scholarship awarded for the academic year will be paid out as $500 in the fall semester and $500 in the spring semester.

Current graduate students can also find information about other scholarships at: http://scholarships.tamucc.edu/index.html.

Graduate Assistantships
A limited number of graduate assistantships are available through the individual colleges and other academic units on campus. Students are encouraged to inquire with the coordinator of their graduate programs regarding assistantship availability. Graduate students interested in becoming Teaching Assistants in the First-Year Seminar Program should contact the First-Year Seminar Coordinator. Application instructions can be found here.

In addition to individual Colleges, the following units may also hire graduate assistants. This is not an inclusive list.

This handbook intended to be read in conjunction with the Graduate Catalog: https://catalog.tamucc.edu/graduate
Out-Of-State Tuition Waivers
Non-resident students receiving a 50% FTE graduate assistantship (research or teaching), as well as their spouses and children, are eligible for in-state tuition and fees at the rate charged to Texas residents for the semester in which they hold the assistantship appointment. To receive in-state tuition rates, students must maintain a graduate course load of at least six (6) hours during long semesters or three (3) hours during the summer session. Individual programs/departments/colleges may have additional qualification requirements (e.g., assistantships funded by the College of Graduate Studies and College of Science and Engineering require nine (9) SCH graduate enrollment during long semesters). Out-of-state tuition waivers will be rescinded if students register for too few hours or are not working in the qualifying position by the 12th class day of long semesters and the 4th class day of summer semesters.

Students wishing to receive in-state tuition must complete the Graduate Assistant In-State Tuition Form and obtain required signatures. Students will also need their Notice of Appointment Letter (NOA). Upload the documents to https://gradcollege.tamucc.edu/forms/TA_RA_waiver_request.php

Section V. Graduation

Graduation Deadlines
Students must submit a completed application for graduation online through their S.A.I.L. account by the posted deadline. Graduation deadlines and costs are posted by the Office of the Registrar (https://registrar.tamucc.edu/). Graduation application fees are non-refundable.

Commencement
For dates, times, and location of the commencement ceremonies please visit http://commencement.tamucc.edu/.

Regalia
Graduates must wear official regalia to the commencement ceremony. These items can be purchased at the University bookstore. For more information, please contact the campus bookstore.

Diploma
Diplomas will be made available to the students once an audit has confirmed completion of all
This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate

requirements. This process may take a few weeks after graduation. After confirmation, diplomas may be picked up or are mailed to the graduate by the Registrar’s Office. For more information contact 361-825-7245. Master’s graduates will receive a diploma folder at commencement with a congratulatory letter from the University President.

Section VI. The Thesis

The thesis should be presented in a scholarly, well-integrated, and properly documented manner and should report the original work done by the student under the supervision of the advisory committee. Ethical conduct of research is expected.

Master of Fine Arts (MFA) students: Some of the remaining information in this section may not apply to you. Please see the MFA Graduate Handbook for information regarding the MFA committee, MFA thesis project schedule and deadlines, and other program requirements.

Research Compliance

The responsibility for the ethical conduct of student research is jointly held by the instructor and the student, each being fully responsible for the research. Approval to conduct research involving human subjects, animals, or biohazards may require Institutional Review Board, Institutional Animal Care and Use Committee, and/or Institutional Biosafety Committee review. Review must be obtained prior to conducting any data collection. The determination concerning requirement for review is made by the Compliance Officer and not by the researcher. Contact the Office of Research Compliance for additional information.

Plagiarism Check for Theses

Plagiarism is not tolerated at Texas A&M University-Corpus Christi. All theses must be electronically checked for plagiarism. The College of Graduate Studies requires that the student’s thesis or project chair certify that the thesis has been electronically checked for plagiarism. Form B - Preliminary Agreement to Schedule the Thesis Defense/Final Examination must be used to transmit the certification to the College of Graduate Studies.

Departments will determine their own guidelines for thesis checks, how they deal with the results revealed, and remedies to address indications of plagiarism, consistent with existing rules and regulations, including University Rule 13.02.99.C0.04 Student Academic Misconduct Cases.
# Master’s and MFA Forms/Submission Requirements

Note: Title Page, Committee Member Page, and Copyright Page templates can be found online at [https://tamucc.edu/grad-college/current-students/dissertation-thesis.php](https://tamucc.edu/grad-college/current-students/dissertation-thesis.php)

*For all programs except the MFA: The thesis defense must take place at least four weeks prior to graduation. See Important Dates.*
Thesis Formatting Guidelines

Your thesis must conform to academic and institutional standards. Guidelines include requirements regarding margins, fonts, spacing, and other elements of the document. In addition to face-to-face and online formatting workshops, the College of Graduate Studies provides thesis formatting templates as well as template guides. Acceptable formats for the body of the thesis may vary by program area. For more specific guidelines, please see individual graduate program handbooks. While the style used within the text of the document may vary according to discipline, if there is disagreement between discipline and university templates and guidelines, the TAMU-CC guidelines must be followed. Note: Careful adherence to the templates and guidelines will impact the time required for review and corrections.

Deadlines

To maintain eligibility to graduate in a given semester, students must meet the scheduled deadline for submission of (a) Master’s Form B: Preliminary Agreement to Schedule the Thesis/Dissertation Defense/Final Examination, (b) Master’s Form C: Thesis Defense & Written Dissertation Report, and (c) the thesis in final form as a PDF file. This date, along with other dates of interest, is posted on the College of Graduate Studies website. There are no exceptions for late submittal. Students submitting after deadline day cannot graduate until the following semester and will be required to enroll in thesis hours in the semester of graduation. MFA student deadlines are established separately. Please see the Master’s and MFA Forms/Submission Requirements in this Handbook.

Final Steps to Submitting Your Thesis

After your Dissertation Defense & Written Dissertation Report (Form F) is submitted and all required content changes from your committee have been made, you may submit your thesis electronically. Before you begin the submission steps, please be sure you have the following:

a) Full text of your thesis in PDF format. This must be one file with embedded fonts. The maximum file size that can be uploaded is 250 MB. The PDF file name cannot contain periods (except for the .pdf extension). Instructions about PDF conversion and embedding fonts are available at the ProQuest/UMI ETD Administrator site under the “Submission Steps/PDF” tab.

b) Optional supplementary files. This includes images, data, etc. that are an integral part of the thesis, but not part of the full text.

c) Advisor and other committee members’ names with correct committee designations.

d) Subject Category. Please choose up to three subject categories from the ProQuest Subject Category List that describe your thesis.

Submission Guidelines

Go to http://www.etdadmin.com/tamucc to create an account or login using an existing account.

When signed into the account, a list of submission steps will be visible on the left-hand side of the computer screen. These steps will serve as a guide through the submission process. A checkmark will appear once each step is completed.

A thesis or dissertation may be deemed as requiring corrections by the College of Graduate Studies and returned to the student and committee chair with a list of needed changes if the requirements outlined in the templates, template guidelines, and general guidelines are not met. The maximum file size that can be uploaded is 250 MB. The PDF file name cannot contain periods (except for the .pdf extension). Instructions about PDF conversion and embedding fonts are available at the ProQuest/UMI ETD Administrator site under the “Submission Steps/PDF” tab. Optional supplementary files. This includes images, data, etc. that are an integral part of the thesis, but not part of the full text. Advisor and other committee members’ names with correct committee designations. Subject Category. Please choose up to three subject categories from the ProQuest Subject Category List that describe your thesis.

This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate
followed. In that case, the original manuscript must be corrected and resubmitted as a new document. *More than one request for revisions is common.* All original submittal deadlines must be met during the re-submittal process in order to graduate that semester. Unacceptable manuscripts returned to the student after Deadline Day may not be accepted for graduation in that semester.

**Thesis Review**
The following are approximate turn-around times to be expected for feedback and requests for revisions after the thesis has been submitted to ProQuest/UMI. Documents are reviewed in the order received. The student will receive requests for revisions from the College of Graduate Studies via email through ProQuest/UMI.

- Early in the semester: 2-3 business days
- Week before Deadline Day: 5-7 business days

The student will make requested **corrections in the original Word** (or other) file, convert the revised document to a new PDF file, and upload the new PDF to the ETD.

Students and faculty members should understand that multiple revision requests are typical. Close adherence to the templates will minimize the requirement to revise and resubmit. Corrections should be made promptly and must meet CGS deadlines. Graduation will be postponed if corrections are not made in a timely manner.

*Note: Once the thesis has been uploaded to ProQuest, all communication regarding the submission should be made through the ProQuest platform.*

**Publication of your Research; Copyright Issues**

It is the student’s responsibility to be aware of and adhere to U.S. copyright laws regarding the dissertation and its contents. If copyrighted content is used by the student in the dissertation, the student may need to seek permission or license to include the content.

*If you are using your own previously published material in the dissertation:* Graduate students may publish material that will later be used as part of the dissertation (TAMU-CC policy). However, students should be aware of the publishing agreement they sign when a journal accepts an article for publication (journal policies). At that time, the student/lead author typically transfers copyright to the journal as publisher, and you/he/she no longer possess the right to use this material without permission. **However, the publishing agreement form may be modified before it is signed so that the student retains the right to include the material in the dissertation.** The publisher would still have the rights it needs to print, distribute, and sell the work. When negotiating with the publisher, remember to inform them that the dissertation will be available worldwide through the Internet (dissertations will be sent to ProQuest/UMI and can be purchased through them).

If you have **not** retained the right to use your previously published material in the dissertation, you must get permission from the copyright holder to include it. If the journal retains the right to an article and does not allow its exact reproduction in your dissertation, we recommend that you

*This handbook intended to be read in conjunction with the Graduate Catalog: [https://catalog.tamucc.edu/graduate](https://catalog.tamucc.edu/graduate)*
contact them to ascertain whether a revised or reworded chapter is acceptable.

If you are planning to use your dissertation material in a future publication:

Students who plan to publish dissertation material in future articles need to investigate whether the journal of choice will publish material already made available to the public and consider this when choosing an option for making the dissertation available after graduation. You have the option to restrict full-text access to your dissertation for a period of time before releasing it to the Internet to allow time to publish in journals whose policy is to be first publisher. Students who choose to restrict access during the ProQuest process should understand that while TAMU-CC will honor the initial ProQuest restriction, any extensions awarded by ProQuest do not govern TAMU-CC’s determinations regarding extension. A separate request for extension must be made.

If you are planning to include others’ copyrighted material in the dissertation:

If the manuscript contains any material (figures, tables, text, etc.) taken from copyrighted sources, the student has the responsibility to determine if permission from the copyright holder is needed. The student should consider several factors when utilizing material from other sources, including whether or not the material is in the public domain or can be used under the provisions of Fair Use. Regardless of whether or not permission is required, proper credit must be given in the text. For material that requires permission, acknowledgment should be included in the text, per the instruction of the copyright holder. For additional information regarding copyright and fair use, refer to the Copyright and Fair Use document available at the TAMU-CC library website.

To summarize, when using published material:

- Determine whether the material is copyrighted. Non-copyrighted material may be reused freely, as long as credit is given to the original source.
- If the material is copyrighted, determine if it may be included in your thesis under the provisions of Fair Use. If Fair Use applies, do not seek permission. Check with your advisor or Alexa Hight (Library) to confirm your determination.
- If Fair Use does not apply, obtain permission (in either the publisher agreement or in a letter or email from the copyright holder).
- Give proper acknowledgment of all work created by others and included in the thesis.
- Students must inform the copyright holder that the thesis will be sent to and sold on demand by ProQuest/UMI.

Binding

Thesis binding, if desired, will be handled through the ProQuest/UMI ETD Administrator. During the submission process, an opportunity to order personal copies, along with the required University copy for the library will be presented.

Each volume is rendered with respect for the scholarly research, featuring:

- Brilliant white 32 lb. paper stock: acid-free and archival-grade, this photographic-quality stock is brighter and more opaque for better ink contrast and readability.

This handbook intended to be read in conjunction with the Graduate Catalog:
https://catalog.tamucc.edu/graduate
- Any color graphics included in the digital copy of the dissertation received by ProQuest/UMI can now be reproduced in color at no extra charge. Photographs, charts, and other illustrations are printed as faithfully as they were provided electronically.
- Durable hardbound copies are 8½”x11” with black covers made from 2.5 mm-thick board covered in washable linen. Titles are embossed in gold foil on the spine. Handmade thread-sewn bindings and generous margins enable volumes to be opened flat.
- Manuscript copies are shipped approximately **8 to 12 weeks** after submission of the manuscript to the address provided by the student.
