How to Improve Your Hiring and Recruitment Process

Hiring new talent is an inevitable part of being a business leader, and it’s more complicated than simply reviewing resumes and conducting interviews. Recruiting mistakes, like a poorly crafted job description or lack of communication about applications, can deter a qualified candidate from seeking employment with you. However, with the right hiring and on-boarding process in place, you will soon be able to recruit and hire the best candidates. Now is a great time to review your address in workday and review your W-2 Elections.

Please review your mailing address in Workday. This is the address your W-2 will be mailed to if you have not selected to receive it electronically. **A W-2 cannot be provided for an incorrect address.**

Employee review of items affecting year-end processing is very important. It allows for the correct reporting of year-end forms, it prevents the employee from needing and waiting on a W-2C, it prevents possible fines from the IRS for missing information and it prevents incorrect state taxation due to a wrong address. Employees should periodically review the below information in Workday and make changes any time before the last payroll in December:

**W-2 Delivery Format:**

Please consider electing to receive your W-2 in the electronic format. By electing to receive an electronic W-2, you gain several advantages:

**Why Choose the Electronic W-2!**

Did you know an Electronic W-2 is an IRS approved document? We strongly encourage selecting the electronic format to get all the advantages:

1. Quicker Access! Electronic W-2s are available as early as mid-January.
2. **GO GREEN:** Go Green! Natural resources are saved by not printing & mailing W-2 forms.
4. Savings: There is a cost savings for each form not printed and mailed.

**HERE'S HOW YOU SIGN UP:**

- Click on the Pay worklet on your Workday Home page
- Click on the My Tax Documents link
- Click the Edit button in the Printing Election column
- Select the radio button for "Receive electronic copy of my Year End Tax Documents."
- Click OK

That's all there is to it. You will begin receiving your W-2 electronically instead of a paper form once available in the New Year.
Updates: One-Time Payments (OTPs):

We have completed much of the 1st rounds of electronic OTPs! Helpful reminders for Business Managers/HR Contacts to keep in mind.

- Please process timely – we encourage you to process as soon as the work is completed. The effective date is when the work is completed! Try to avoid late retro processes.
- Specify details in the description, especially outlining dates of when services were performed. This can cause delays or returns if details are not provided when OTP routes.
