Employment

Active listening helped this company increase its retention rate by 22%

Are you listening to your employees? An active listening strategy could be your retention strategy needs.

Just ask Kerry Norman, the EVP of operations at CHG Healthcare, a Utah-based company with 4,038 employees. CHG’s retention rate has increased from 66% as a result, she said, of the company’s active listening strategy. “We really take from our people,” she said. “We have this strong track record of listening, and [employee] feedback and I think because we focus on that so much, retention engagement”. Payroll Services

GO GREEN - Prepare ahead for W-2s!
Now is a great time to review your address in Workday and review your W-2 Elections.

Please review your mailing address in Workday. This is the address your W-2 will be mailed to if you have not selected to receive it electronically. A W-2 cannot be provided for an incorrect address.

Employee review of items affecting year-end processing is very important. It allows for the correct reporting of year-end forms, it prevents the employee from needing and waiting on a W-2C, it prevents possible fines from the IRS for missing information and it prevents incorrect state taxation due to a wrong address. Employees should periodically review the below information in Workday and make changes any time before the last payroll in December:

**W-2 Delivery Format:**

By electing to receive an electronic W-2, you gain several advantages:

**Why Choose the Electronic W-2?**

Did you know an Electronic W-2 is an IRS-approved document? We STRONGLY encourage selecting the electronic format to get all the advantages.

1. **Quicker Access!** Electronic W-2s are available as early as mid-January.
2. **GO GREEN:** Go Green! Natural resources are saved by not printing & mailing W-2 forms.
3. **Security:** Increased Security! Mail delivery allows access to your personal sensitive information.
4. **Savings:** There is a cost savings for each form not printed and mailed.

**HERE'S HOW YOU SIGN UP FOR ELECTRONIC COPY:**

On the home page of Workday, navigate to the top right corner and press the "View Profile"

- Click on the Pay worklet
- Click on the **My Tax Documents** in the View column, under "Tax Forms P:
- Click the **Edit** button in the "Printing Election column"
- Select the radio button for "Receive an electronic copy of my Year End Tax
- Click OK

That's all there is to it. You will begin receiving your W-2 electronically instead available in the new year.

4. In the "**View**" column click on **"My Tax Documents"**.
5. Your W-2 will be listed on the next page for you to view and print as needed.

**Access via the Employee Profile in Workday:**

1. Select the "**Pay**" category* in the blue sidebar of the employee profile
2. Select the "**Tax Documents**" tab to view/print the W-2 for tax year 2023.

**For 2017 and past years W-2:**

2. Click the **"HR Connect Legacy"** tab.
3. Click on **"W-2 Forms"**.
4. This page will display a list of your W-2s by year. View and print as needed.

*The W2 reports data on a calendar year basis; therefore, if you do not have a payment with a pay date in 2023, you will not have a 2023 W2.*

**SSO Log On Issues**

If you have trouble logging into SSO, contact Human Resources Office at 361-825-2630 to request a password reset. Be ready to provide your name, your UIN, your date of birth and your current email address for verification. An email can be sent to you with a temporary password, or one can be provided over the phone. At that time, you can log in to update your password then retrieve your W-2 using the instructions above.

**Updates: One-Time Payments (OTPs)**

We have completed much of the 1st rounds of electronic OTPs! Helpful reminders for Business Managers/HR Contacts to keep in mind.

- Please process timely – we encourage you to process as soon as the work is completed. The effective date is when the work is completed! Try to avoid late retro processes.
- Specify details in the description, especially outlining dates of when services were performed. This can cause delays or returns if details are not provided when OTP routes.

**Understanding your Wage and Tax Statement (W-2)**

A Wage and Tax Statement or W-2 is a report that displays your annual wages and the amount of taxes withheld from your paycheck. Employers are required to send employees the W-2 by January 31st each year so that employees can file their income tax return by the April 15th deadline. The purpose of this reference guide is to provide a basic overview of the W-2 and the various calculations used to provide the data Employees see in each box. For the reference guide click [here](http://www.tamu.edu).
