CERTIFICATION OF HEALTH CARE PROVIDER FOR EMPLOYEE'S SERIOUS HEALTH CONDITION

PURPOSE: The Family and Medical Leave Act (FMLA) provides that an employer may require an employee seeking FMLA protections because of a need for leave due to a serious health condition to submit a medical certification issued by the employee's health care provider. 29 U.S.C. §§ 2613, 2614(c)(3); 29 C.F.R. § 825.305. The employer must give the employee **at least 15 calendar days** to provide the certification. If the employee fails to provide complete and sufficient medical certification, his or her FMLA leave request may be denied. 29 C.F.R. § 825.313. Information about the FMLA may be found on the WHD website at www.dol.gov/agencies/whd/fmla.

SECTION II - HEALTH CARE PROVIDER

Please provide your contact information, complete all relevant parts of this Section, and sign the form. Your patient has requested leave under the FMLA. The FMLA allows an employer to require that the employee submit a timely, complete, and sufficient medical certification to support a request for FMLA leave due to the serious health condition of the employee. For FMLA purposes, a "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves *inpatient care* or *continuing treatment by a health care provider*. For more information about the definitions of a serious health condition under the FMLA, see the chart on page 4.

You may, but are **not required** to, provide other appropriate medical facts including symptoms, diagnosis, or any regimen of continuing treatment such as the use of specialized equipment. Please note that some state or local laws may not allow disclosure of private medical information about the patient's serious health condition, such as providing the diagnosis and/or course of treatment.

An employee who must be absent from work to receive medical treatment(s), such as scheduled medical visits, for a serious health condition is considered to be *not able* to perform the essential job functions of the position during the absence for treatment(s).

Incapacity Plus Treatment: A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves either:

- Two or more in-person visits to a health care provider for treatment within 30 days of the first day of incapacity unless extenuating circumstances exist. The first visit must be within seven days of the first day of incapacity; or,
- At least one in-person visit to a health care provider for treatment within seven days of the first day of incapacity, which results in a regimen of continuing treatment under the supervision of the health care provider. For example, the health provider might prescribe a course of prescription medication or therapy requiring special equipment.
