Conference Call
To establish a conference call with up to a maximum of 6 parties (yourself and up to five others):
- While on an active call, press the More soft key.
- Press the Conf soft key to open a new line. The call is placed on hold.
- Dial the next party you want to add to the conference call.
- When the call is answered, press the Conf soft key again to add the new party to the call.

To rejoin the conference call if a called party is not available:
- Press the EndCall soft key.
- Press the Resume soft key. You are connected with the conference already in progress.
- To add additional parties, repeat the previous steps.

To end the conference call:
- Press the EndCall soft key or hang up.

Conference Call—Participants
To view a list of conference participants:
- While on an active conference call, highlight the active conference.
- Press the More soft key.
- Press the ConfList soft key. Participants are listed in the order they joined the call, with the most recent at the top.

To remove a participant from the conference call:
- Highlight the participant you want to remove from the Conference List.
- Press the More soft key until you see the RmList soft key.
- Press the RmList soft key.
- Note: This is only available for the conference originator.

Direct Transfer
To transfer two active calls to each other without staying on the line:
- Scroll to highlight any call on the line.
- Press the Select soft key.
- Scroll to highlight the second call.
- Press the Select soft key.
- Press the More soft key.
- Press the DirTrfr soft key. The two calls are now connected to each other and you are dropped from the call.

Call Pickup (If available)
To answer a call ringing at another phone in your Call Pickup Group:
- Pick up the handset to display the Pickup soft key.
- Press the Pickup soft key.
- Press the Answer soft key. You are now connected to the call.

To answer a call ringing at another phone outside of your Call Pickup Group:
- Pick up the handset to display the GPickup soft key.
- Press the GPickup soft key.
- Enter the assigned Group Pickup Code.
- Press the Answer soft key. You are now connected to the call.

Call Logs
To view your missed, placed, or received call history:
- Press the Directories button.
- Press the Navigation button to highlight the desired log.
- Press the Select soft key to display the information.

To make a call from a call log entry:
- Press the EditDial soft key to edit the displayed number for dialing, if needed.
- Lift the handset and press the Dial soft key to make the outgoing call.

Corporate Directory
To search and call someone listed in the corporate directory:
- Press the Directories button.
- Press the Navigation button to highlight Corporate Directory.
- Use the dial pad to search for an entry by spelling part or all of the name.
- Press the Search soft key.
- Press the Navigation button to highlight the desired entry.
- Lift the handset and press the Dial soft key to make the outgoing call.

Extension Mobility
To log onto an open telephone:
- Press the Services button.
- Select Extension Mobility.
- Enter your 10-digit telephone number.
- Enter your PIN.
- Note: Your default first-time PIN is 12345??.
- Press the Submit soft key.

If this is the first time logging into your profile, you will be prompted to sign in again and change your PIN:
- Scroll down to the PIN field.
- Enter a new PIN (min. 6 digits).
- Press the Submit soft key.

Note: Speed Dials are configured for buttons on the phone and Abbreviated Dial is used for softkey buttons on the phone. You may program up to 99 Speed Dials/AbbrDials.

For example, if you program an abbreviated dial starting at line 3, you will dial 3 > AbbrDial softkey button to place the call you have previously programmed as an abbreviated dial.
