

Islander Email Setup-Android

Android users can access their email on their mobile device by going to **outlook.tamucc.edu** in a web browser or by installing the **Outlook** app on their device. This app can be found in the **Play Store**.

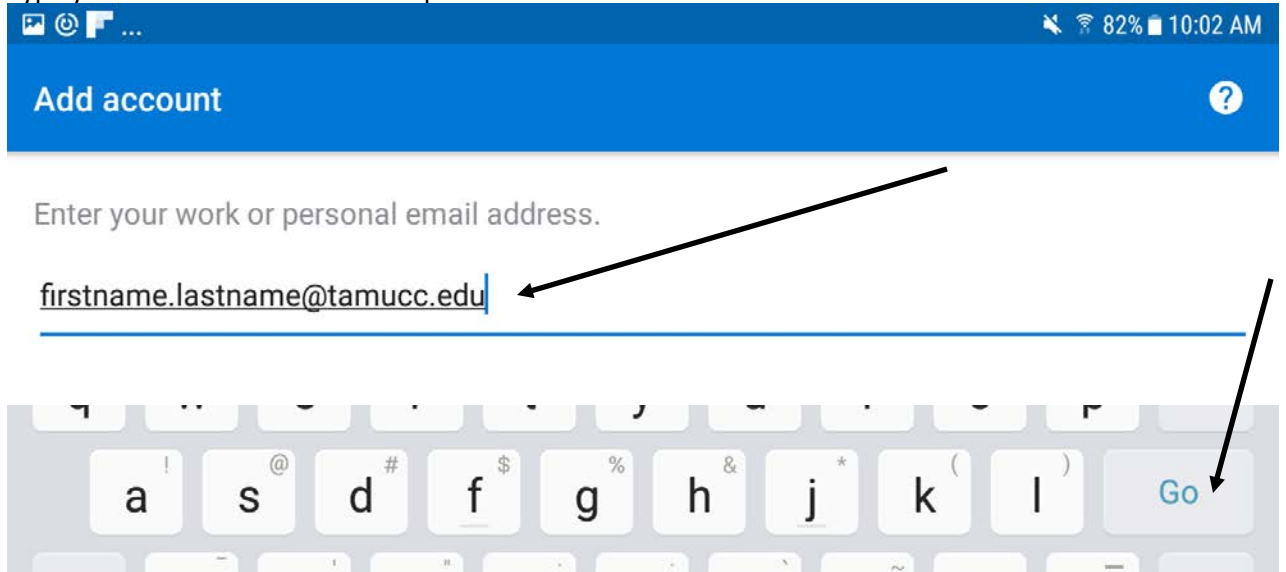

1. Once you have installed the **Outlook** app from the Play store, from the **Applications** menu, select **Outlook**.

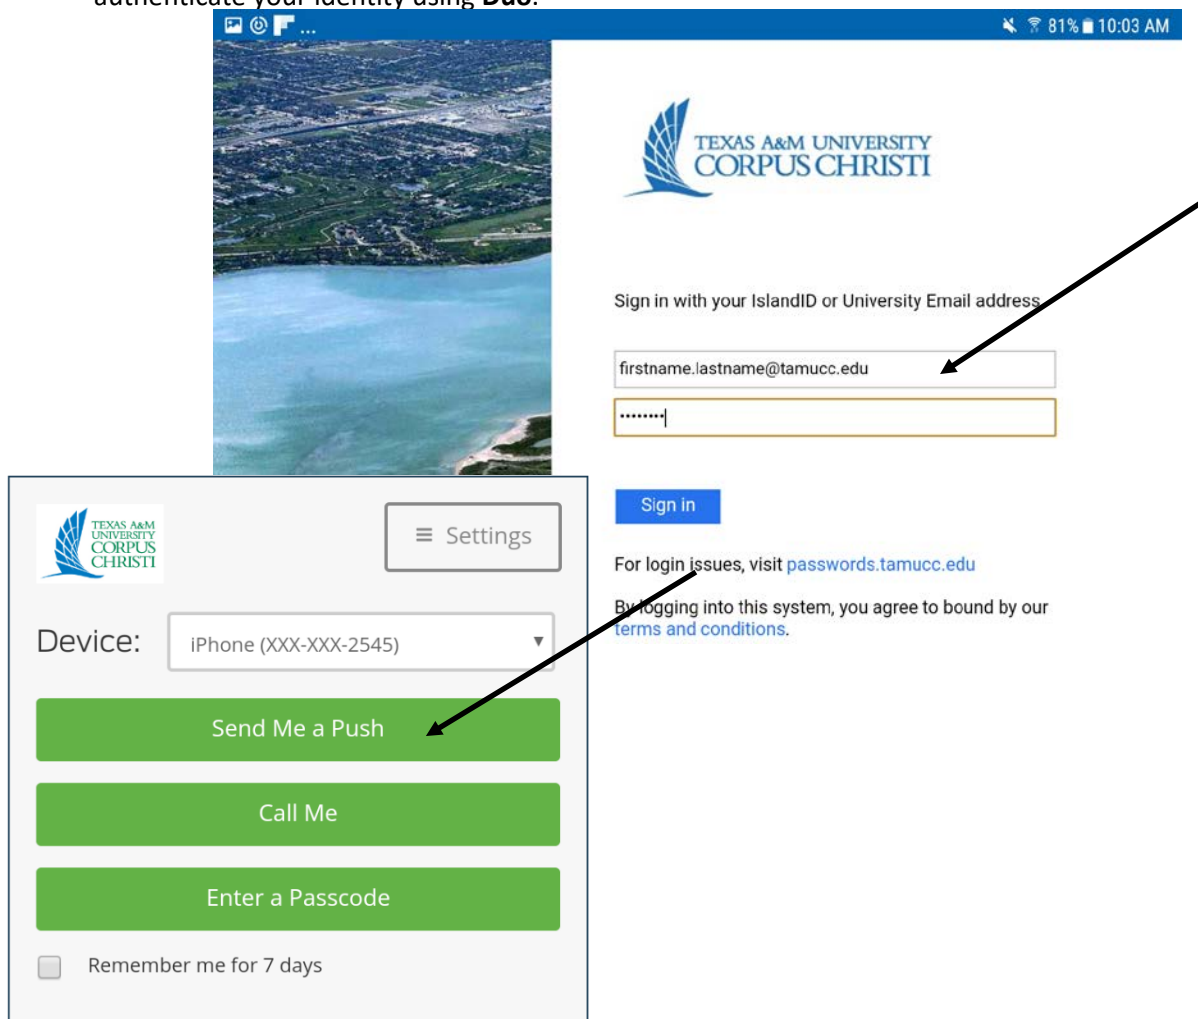

2. Tap **Get Started**.

3. Type your full email address and tap **Go**.

4. Type your **IslandID password**, and then tap **Sign in**. Choose how you would like to authenticate your identity using **Duo**.

5. Once you have approved the Duo prompt or phone call, you will be asked if you would like to setup another account now. Setting up an additional non-university account is not recommended. Tap **Skip**.
