

Dear Donor,

Thank you for the generous gift toward my education. I am grateful and honored to have been selected as the recipient of this award, as it will lift a significant amount of the financial burden of obtaining a higher education.

I am a Marketing major, who plans to focus on the pharmaceutical industry. I am a current freshman at Texas A&M University-Corpus Christi with the plan to graduate in the spring of 2024. I have always been interested in the medical industry, and as a recent pharmacy technician, understanding the business side of pharmaceuticals became a priority. Throughout the fall semester, I will be working towards obtaining an invite from the College of Business Honor Society as it will open the door to a surplus of internships and opportunities. I'll also be joining student organizations, such as The Island Ambassadors and the TAMU-CC American Medical Student Association to strengthen my soft skills further. After obtaining a bachelor's in business administration, I plan to open my own agency whose main specialty is pharmaceutical marketing. Through this major, I will be able to learn and expand small pharmaceutical companies, and ensure they are in contact with the appropriate sponsors, who align with their ideals and support their products. I shall also make it easier for companies to find a proper manufacturer and sufficient property in which they may house their products.

By earning this scholarship, I will be able to focus my attention on my studies and the creation of the future I want to achieve, rather than worry about how I will pay for my education. Once again, I thank you for this generous gift. I hope one day I will be able to pay the generosity forward.

Sincerely,
