

Crafter's License Program

Unleash Your Creativity and Showcase Islander Pride!

Texas A&M University-Corpus Christi is excited to introduce our new Crafter's License Program, designed to empower creative individuals to share their Islander spirit through unique, hand-crafted products. As a licensed crafter, you'll have access to a library of officially approved TAMU-CC logos and artwork to use on your projects, allowing you to design and sell items that proudly represent our university.

How It Works:

- Apply to become a licensed vendor.
- Once licensed, obtain access to Community Connect, our dedicated crafter's portal where you will obtain access to university logos.
- Start crafting and submit your creations to Community Connect. Each design will be reviewed by our licensing team to ensure it aligns with TAMU-CC brand standards before production.
- Start selling! Proudly display your license for public view so customers can spot your badge of authentication.

Why Join?

This program is all about fostering creativity within our Islander community. Whether you're a local artisan or a passionate DIY enthusiast, this is your chance to contribute to the TAMU-CC brand in new and exciting ways!

Program Details:

- **Cost:** \$12/month (billed annually at \$144/year).
- **Flexible Start:** The program runs January–December, with prorated fees for crafters joining mid-year.
- **Authenticity:** Upon approval, you'll receive an official certificate verifying your license to sell TAMU-CC-branded products. It's your badge of authenticity and a great way to show your customers that your work is officially recognized!
- **Exclusions:** Please note, consumables and class rings are not permitted under the Crafter's License.
