Recently, CONHS Assistant Clinical Nursing Professors Anna Haga and Beth Johnson attended the ASSET (Addressing Shortages of Simulation Educators in Texas) 2023 conference in Dallas. In their CONHS Share It presentation entitled "Setting the Stage for Success: The Power of Pre-briefing in Nursing Simulation", they shared strategies that can enhance the pre-briefing process and strengthen the effectiveness of simulation education. Thank you ACP Haga and Johnson for sharing your knowledge with your colleagues!
CONHS team was able to attend and participate in this wonderful event. Physician Premier’s Chief Medical Officer, Dr. Schwirtlich hosted this charity event. An archery competition was held to raise money for the Men Wear Pink Breast Cancer Fundraising Campaign. Although titled ‘competition’, the event is all fun and games and a really great way to raise money for anyone who has been affected by breast cancer.
The CONHS will host 2 sessions of Hands-Only CPR

Date: Monday, November 6, 2023
Time: 1pm and 3pm
Location: Legacy Room UC145 at the University Center

Enriching lives, advancing healthcare, one ISLANDER at a time.
SAVE THE DATE

Could you survive a month living in poverty?

It is difficult for those of us who have enough to truly understand the situations that families living in poverty experience every day; the decisions they must make, and the fears and frustrations they feel. For this reason, we are inviting you to walk a mile in the shoes of those facing poverty by participating in the Community Action Poverty Simulation (CAPS). The CAPS provides participants with the opportunity to assume the role of a low-income family member living on a limited budget.

In collaboration with the CONHS, you are invited to participate in a 4-hour simulation, each of which represents one week in which you must provide for your family and maintain your home.

Two Individual Sessions will be held:
Date: November 1, 2023
Session 1: 8:00 am - 12:00 pm  Session 2: 1:00 pm - 5:00 pm
Location: Anchor Ballroom A, B, and C

Thank you to the CONHS Health Sciences Association for hosting a booth at the mental health Spooktacular event. Uplifting and informative, the mental health fair that included peer-run interactive booths, pizza, music, and exciting prizes and giveaways. No tricks, just lots of treats!
Join us in IH 323 on October 31 at noon for the first Share-It Brown Bag Lunch Meeting. The topic will be OneDrive presented by Dr. Luis Espinoza. Dr. Espinoza will demonstrate how to use OneDrive to work with colleagues on research endeavors as well as for teaching courses here at TAMUCC. A PowerPoint will be available after the meeting.

Please email Dr. Luis Espinoza at Luis.Espinoza@tamucc.edu with your ideas for future Share-It Brown Bag presentations.
In the spirit of Halloween, the CONHS was well represented at the ECDC Trunk or Treat event by the SCLC staff, and SNA and HCA volunteers. With cute costumes and loads of candy, it was all treats and not a single trick!
Get ready to spice up your lunch break. Join us for a Spooky Chili-Cuterie party on Halloween. Bring your favorite chili recipe, sides, dessert and/or appetizer.

Contact Anna Haga for questions.

Students in the Human Growth and Development course taught by Dr. Ric Ricard, PhD LPC-S, Associate Dean and Professor of Counseling and Educational Psychology, participated in a collaborative experiential learning event in the Simulation and Clinical Learning Center. Dr. Ricard's students are learning about childbirth and infant development and were able to rotate through five hands-on learning stations taught by CONHS faculty along with the SCLC RN lab coordinators. The highlight of the day was the witnessing of a simulated birth using the Mixed Reality Headsets in conjunction with the high-fidelity Victoria birthing simulator.
The SCLC is very thankful for Assistant Clinical Professor Cathy Harrel and her OB clinical faculty, Assistant Clinical Professors Amy McClure, Megan Markowsky, and Amiee Griffis, that volunteered their time to plan and help facilitate this IPE project in collaboration with Dr. Ric Ricard and the SCLC team. The event went extremely well, and Dr. Ricard would like to make this a recurring event for his Human Growth and Development course!
Registration opens at 9 a.m. on Monday, Oct. 23, and runs through Sunday, Nov. 5 for the 10th annual Texas A&M University-Corpus Christi, Giving Tuesday - a faculty and staff day of service.

Giving Tuesday, to be held on Tuesday, Nov. 28, is a global day dedicated to giving back where charities, families, businesses, community centers, and students around the world come together for one common purpose – to celebrate generosity and to give.

The Giving Tuesday committee at Texas A&M University-Corpus Christi invites all faculty and staff to spend a day giving back to the Corpus Christi community.
CONHS had the pleasure of welcoming future Islander Nurses, Lab Scientists, and Healthcare Leaders to the Island during TAMUCC’s Island Day event. The high school students and their families were able to get a feel for what it means to be an Islander and toured our state-of-the-art learning facilities. We cannot wait to see them on campus again and welcome them into the CONHS Family!
Welcome Future Islanders
