Lina Roel - Simulation Lab Coordinator

My name is Lina Roel. I graduated from TAMUCC in December of 2018 with a Bachelor of Science in Nursing. Since January of 2019 I’ve been working at the Neonatal ICU in Driscoll Children’s Hospital and just recently joined the Simulation Lab’s team here at my alma mater. I’m very excited about the opportunity of interacting with students, sharing my knowledge in nursing with them, and getting to work alongside many of my former professors. I’ve been married for 11 years and have 3 children ages 2 through 8 with whom I love spending time. I was born and raised in Colombia but I love to call Corpus Christi my home.
CONHS HIGHLIGHTS

HEART WALK

Kick Off Party

Fall 2022 Coastal Bend Heart Walk Event @ Texas A&M University-Corpus Christi was held on Wednesday September 7th. There were games, food, and prizes as everyone celebrated their commitment to the health and wellness of the Coastal Bend.

For more information on being part of the CONHS Heart Walk Team or to donate to this cause please contact heather.degrande@tamucc.edu
The SCLC and CONHS Assistant Clinical Professors hosted HCA Women’s Services Educator and the Neonatal Nurse Educator with Corpus Christi Medical Center. Their tour included seeing new simulation equipment in the OB lab. Everyone was impressed with the technology and realism of the simulators and the impact they can have on safe maternal and infant patient outcomes.
