Partners in Pediatric Health

Dr. Aziz and Dr. Murphey hosted Driscoll Children’s Hospital healthcare providers as they visited campus, toured the Simulation and Clinical Learning Center, and learned how the TAMUCC CONHS is filling the gap for pediatric nurses in the Coastal Bend.

Homecoming Tours

During Homecoming Week’s Campus Brunch Tours, Islander Alumni were invited to tour the Simulation and Clinical Learning Center. Alums were thrilled to see all the CONHS has to offer our students and community.

Enriching lives, advancing healthcare, one at a time.
Clinical Group

The clinical group, led by Assistant Clinical Professor Lisa Snell, completed their clinical rotation at Spohn Shoreline—a special thanks to our clinical partners and the extraordinary nurses who are always willing to work with our students.

CPR Certification

We are excited to share that all first-semester students have earned their Basic Life Support (BLS) certification through the American Heart Association. A special thanks to all the faculty who helped make this happen.

Therapeutic Communication

In Therapeutic Communication class, students developed teaching presentations on module topics with games to increase engagement and participation! They had a lot of fun!!

Enriching lives, advancing healthcare, one Islander at a time.
The Fundamental students have completed all skills labs of their first semester. They finished up week six with hands-on practice with injections. They will participate in their first simulation next week before they begin their clinical rotations. Good luck to our Fundamental students.

The Fundamental students have all been appropriately fitted for their N95 masks. A special thanks to our hard-working SCLC student workers for getting this done.

Thank you to all the CONHS faculty for their help in the preparation of "abscess filled hands" for our FNP check offs.
Congratulations to COHNS Nursing Student Nicolas "Nico" Esquivel, on doing an outstanding job as MC at the President’s Ball.

Dr. Marge Benham-Hutchins, PhD, MSN, RN, FAMIA has been awarded the distinguished designation of Fellow of the American Medical Informatics Association, or FAMIA, Class of 2023. Selected by peers, this achievement recognizes her as an expert in evidence-based informatics and that she is engaged with the AMIA community of learners who apply the latest advances in informatics to improve health and health care. Dr. Benham-Hutchins’ career spans over 20 years of socio-technical health and nursing informatics research. She is a recognized expert in Dynamic Network Analysis methodology and incorporating complexity science principles into her research on the influence of technology on inter and intra-professional communication in the acute care setting.

Happy International Women's Day & Women's History Month

On March 8th and all during the month of March, let's give a little extra attention to all the amazing accomplishments of the strong, determined women in our college and community.

TAMUCC HOLIDAY

Spring Break

CAMPUS CLOSED FRIDAY, MARCH 17TH

SAVE THE DATE

The Community Action Poverty Simulation

Could you survive a month living in poverty?

It is difficult for those of us who have enough to truly understand the situations that families living in poverty experience every day, the decisions they must make, and the fears and frustrations they feel. For this reason, we are inviting you to walk in the shoes of those facing poverty by participating in the Community Action Poverty Simulation (CAPS). The CAPS provides participants with the opportunity to assume the role of a low-income family member living on a limited budget.

In collaboration with the CONHS, you are invited to participate in a 4-hour simulation, each of which represents one week in which you must provide for your family and maintain your home.

Two Individual Sessions will be held:
- Date: March 9, 2023
- Session 1: 8:00 am - 12:00 pm
- Session 2: 1:00 pm - 5:00 pm
- Location: Loose Hall Ballroom A and B

To sign up for a poverty simulation session, CLICK HERE

When space is full, the link will be closed.
