ISLAND DAY SPRING 2023

The CONHS Faculty and Staff and current Nursing and Health Science students had the privilege of introducing future Islander students and their guests to healthcare professions via an information session and tour of our state-of-the-art Simulation and Clinical Learning Center during the Island Day event. These future Islanders had an exciting and educational experience practicing IVs, giving injections, and listening to heart and lung sounds on the lab's practice materials. Special thanks to SNA, HSA, staff, and faculty for volunteering their time to ensure this event was successful and impactful for guests!

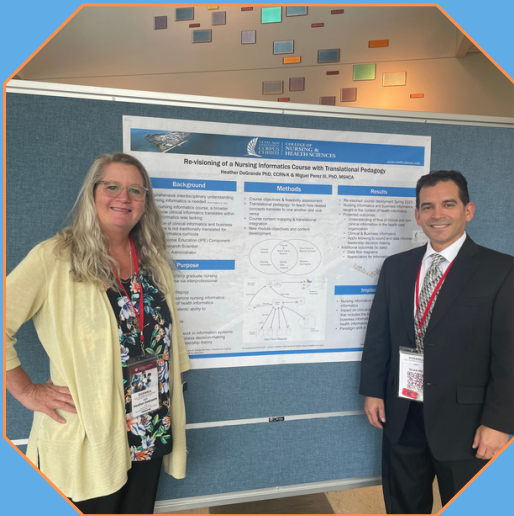

Shakas Up! **LET'S GO ISLANDERS** Shakas Up!

Enriching lives, advancing healthcare, one **ISLANDER** at a time.

FACULTY HIGHLIGHTS

Great Job!

Assistant Professors Dr. Heather DeGrande and Dr. Miguel Perez III presented at the Texas Woman's University Doswell Health Informatics Conference entitled "Re-visioning of a nursing Informatics Course with Translational Pedagogy".

NCLEX BOOTCAMP

Graduating students participated in a three-day bootcamp involving an intense NCLEX review. Students from our face-to-face track were joined by students from Eline.

GAUMARD TRAINING

SCLC Simulation Coordinators, Denise Byrne and Lina Roel, completed the Simulation Essentials Training hosted by Gaumard in Waco, TX. The three-day training allows learners to gain insights into the features that can maximize realism during simulation.

SHARK TANK AWARDS

Two Camp CAMP clinical groups, the Health Department group and the Garcia Center group presented creative, evidence-based community health interventions for Community Health Nursing in the Shark Tank! Each group won an award!! Thanks to Assistant Clinical Professors Dee Evans, Ashley Drillen, and Morgan Jeanneret for working with these dedicated students this spring!
