Location: IH275
Time: 10am

CONHS New Faculty Orientation
Location: IH323
Time: 9am

Enriching lives, advancing healthcare, one ISLANDER at a time.
Dr. Liu joined the faculty at A&M-Corpus Christi in Fall 2020 to teach part-time for Clinical Lab Sciences and part-time for Biomedical Sciences. She has a PhD in Marine and Atmospheric Science but returned to school to earn her CLS certification in 2016. She has been a wonderful addition to the program and has received approval to replace Dr. Sparks as the new Program Director of the CLS program effective September 1, 2023.

CONHS faculty focused on their goals.

Please join us in congratulating Anaa Haga, Ashley Drillen, and Rosario Garcia as they focus on the next step in their educational goals. Ana has been accepted as an EdD candidate at TAMU Commerce, and Ashley and Rosario have been accepted as DNP candidates at TAMU College Station. We are proud of your commitment to excellence!
Congratulations to CONHS Community Nursing Students!

This week CONHS students shared their "Shark Tank" ideas and awards were presented in each category to the winning groups.

Special thanks to CONHS Dean Dr. Aziz for delivering an inspirational speech to our students about their upcoming future.

Enriching lives, advancing healthcare, one ISLANDER at a time.
Assistant Clinical Professor Hernandez's Costa Rica group won Best Use of Evidence Based Practice.

Assistant Clinical Professor Markowsky's Tribute Hospice group won Most Creative.

Assistant Clinical Professor Drillen's Choice Living group won Most Implementable.

Assistant Clinical Professor Evans Camp Camp group won Best Overall.

LET'S CELEBRATE!

August Birthdays

Brianna Plank - 17th
Isela Garcia - 19th
Dr. Jean Sparks - 19th
Lisa Snell - 21st

Enriching lives, advancing healthcare, one ISLANDER at a time.
Dr. Murphey and the Simulation and Clinical Learning Center (SCLC) team welcomed thirty participants in the Collegiate STEM Institute, a 4-week summer bridge program for incoming TAMU-CC freshmen and transfer students who plan to major in STEM, Kinesiology, Nursing, or Health Sciences. After a brief introduction, the students played Jeopardy, participated in hands-on activities, learned about virtual reality as it relates to nursing education, competed in a scavenger hunt throughout the SCLC, and ended with a question-and-answer session and group photo.
CONHS Faculty and Students for your continued participation in the 2023 IRT Medical Mission.

CONHS students volunteering at Banquete Texas clinic to provide medical care and assistance.

We appreciate all faculty and students for taking the time to serve our community.

Enriching lives, advancing healthcare, one ISLANDER at a time.
The graduating BSN cohort had a blast during the Fifth Semester Stress Relief Workshop hosted by the Student Success Office. Students spent quality time with five of the Go Team Therapy Dogs, broke out their creative sides to make friendship bracelets, got their hands dirty planting flowers, and tested their nursing knowledge with a NCLEX board game!
Assistant Clinical Professor Megan Markowsky's community clinical finished their rotation at Tribute Hospice. Thank you Tribute Hospice for the thoughtful gifts to celebrate Tributes first clinical rotation with TAMUCC students.
It was another busy day at CONHS Simulation and Clinical Learning Center AKA Islander Regional Hospital. Great feedback from our students during this simultaneous, multi-patient simulation.
LAST DAY OF CLASS

Enriching lives, advancing healthcare, one ISLANDER at a time.
WHAT CAN I DO WITH A DEGREE IN
HEALTHCARE ADMINISTRATION

As part of his Health Science Guest Speaker Series, Assistant Clinical Professor and HCAD Coordinator Bo Vega hosted key members of the Water Street Company, including heads of Marketing, Human Resources, Accounting, and Public Relations to offer Health Science/Healthcare Administration students perspective of the flexibility of a degree in healthcare administration.

Topics covered in the presentation included high-quality leadership, professionalism, accountability, and teambuilding. With a degree in healthcare administration, the possibilities are endless!
We are currently accepting applications for the Spring 2024 nursing program. Students must complete an online application to the College of Nursing and Health Sciences using Nursing CAS.
