## **BCSSE 2010 Results**

# 2010 Beginning College Survey of Student Engagement

The Beginning College Survey of Student Engagement (**BCSSE**) collects data about first year college students' high school academic and co-curricular experiences, in addition to their expectations for the first year of college.

The 2010 BCSSE consisted of questions regarding student high school experiences, and anticipated college experiences, which are broken down into the following six scales:

- High School Academic Engagement
- Expected Academic Engagement
- Expected Academic Perseverance
- Expected Academic Difficulty
- Perceived Academic Preparation
- Importance of Campus Environment

# 2010 Beginning College Survey of Student Engagement

## *What is BCSSE?*

The BCSSE has been used in addition to the National Survey of Student Engagement since 2007 at 4 year colleges and institutions around the country. 2008 was the first year of administration of the BCSSE at TAMU-CC.

The BCSSE is designed to be paired with the NSSE administration at the end of the students' first year, so that comparisons can be made between expectations and actual experiences.

# 2010 Beginning College Survey of Student Engagement

## *TAMU-CC BCSSE Administration*

The BCSSE survey instrument was administered in first year seminar courses (UCCP) during the first week of the Fall 2010 semester (August 25<sup>th</sup> – September 1<sup>st</sup>). The surveys were given during UCCP class periods. 1,413 surveys were distributed, and 91% of the contacted students completed the survey (**n**= 1,284).

Results have been compiled for the BCSSE 2010 survey in power point format with frequency percentage scores for TAMU-CC all first year students collectively, as well as TAMU-CC 2008 scores and the most recent national BCSSE data for comparison.

If additional information is needed, please contact the Office of Planning and Institutional Effectiveness at extension 2242.

# 2010 Beginning College Survey of Student Engagement

## **Findings:**

## **BCSSE Scales**

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scale: High School Academic Engagement

*Engagement in educationally relevant behaviors during the last year of high school*

Scale Scores are expressed in 0 (minimum/no engagement) to 10 (maximum/high engagement) point scales.

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scale: Expected Academic Engagement

*Expected engagement in educationally relevant behaviors during the first year of college*

Scale Scores are expressed in 0 (minimum/no engagement) to 10 (maximum/high engagement) point scales.

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scale: Expected Academic Perseverance

*Student certainty that they will persist in the face of academic adversity*

Scale Scores are expressed in 0 (minimum/low certainty of perseverance) to 10 (maximum/high certainty of perseverance) point scales.

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scale: Expected Academic Difficulty

*Expected academic difficulty during the first year of college*

Scale Scores are expressed in 0 (minimum/low academic difficulty) to 10 (maximum/high academic difficulty) point scales.

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scale: Perceived Academic Preparation

*Student perception of their academic preparation*

Scale Scores are expressed in 0 (minimum/not prepared for college work) to 10 (maximum/highly prepared for college work) point scales.

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scale: Importance of Campus Environment

*Student-rated importance that the institution provides a challenging and supportive environment*

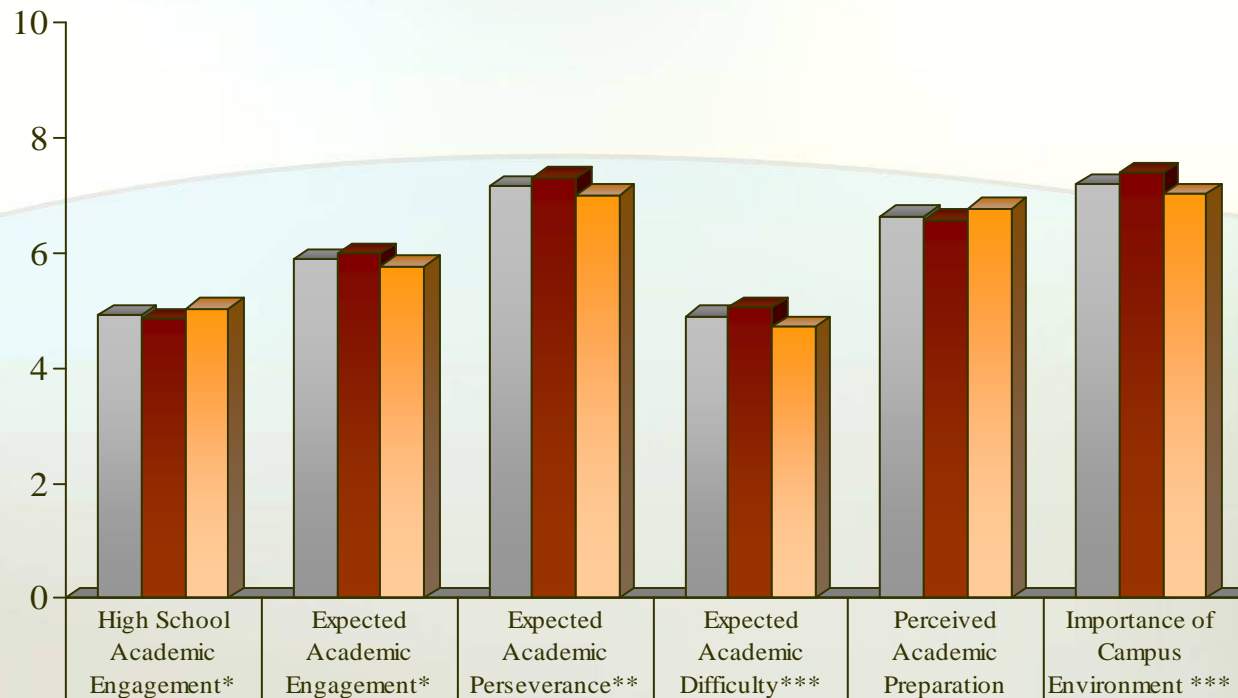

Scale Scores are expressed in 0 (minimum/low importance given to campus environment) to 10 (maximum/high importance given to campus environment) point scales.

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scales: By First Generation Status

|                              |      |      |      |      |      |      |
|------------------------------|------|------|------|------|------|------|
| ■ TAMUCC Respondents Overall | 4.92 | 5.88 | 7.15 | 4.91 | 6.63 | 7.19 |
| ■ First Generation           | 4.85 | 5.99 | 7.31 | 5.05 | 6.57 | 7.39 |
| ■ Not First Generation       | 5.03 | 5.77 | 7.01 | 4.72 | 6.77 | 7.02 |

Scale Scores are expressed in 0 (minimum) to 10 (maximum) point scales.

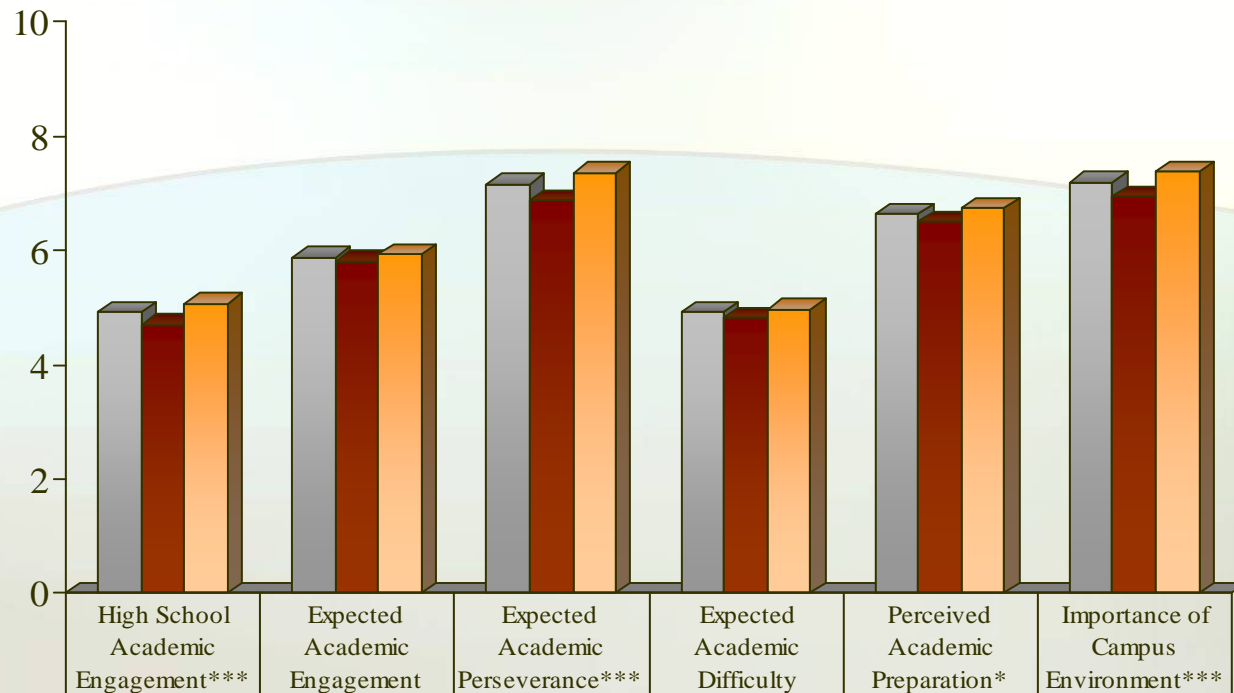

**Significance levels:** \* =  $p < .05$ ; \*\* =  $p < .01$ ; \*\*\* =  $p < .001$

# 2010 Beginning College Survey of Student Engagement

## BCSSE Scales: By Gender

|                              |      |      |      |      |      |      |
|------------------------------|------|------|------|------|------|------|
| ■ TAMUCC Respondents Overall | 4.92 | 5.88 | 7.15 | 4.91 | 6.63 | 7.19 |
| ■ Male                       | 4.69 | 5.8  | 6.86 | 4.82 | 6.5  | 6.94 |
| ■ Female                     | 5.06 | 5.93 | 7.35 | 4.97 | 6.73 | 7.37 |

Scale Scores are expressed in 0 (minimum) to 10 (maximum) point scales.

**Significance levels:** \* =  $p < .05$ ; \*\* =  $p < .01$ ; \*\*\* =  $p < .001$

# 2010 Beginning College Survey of Student Engagement

## TAMU-CC First Year Students: **High School Experiences**

- Incoming students report an average of B+ on the majority of their HS grades.
- 34% of respondents report that they took 3 or more AP classes in High School, 32% report taking more than 3 Honors courses in High School, and 45% took at least one college course for credit in High School.
- The most common high school co-curricular activity was athletic teams (42% highly involved), and the least common was student government (4% highly involved).

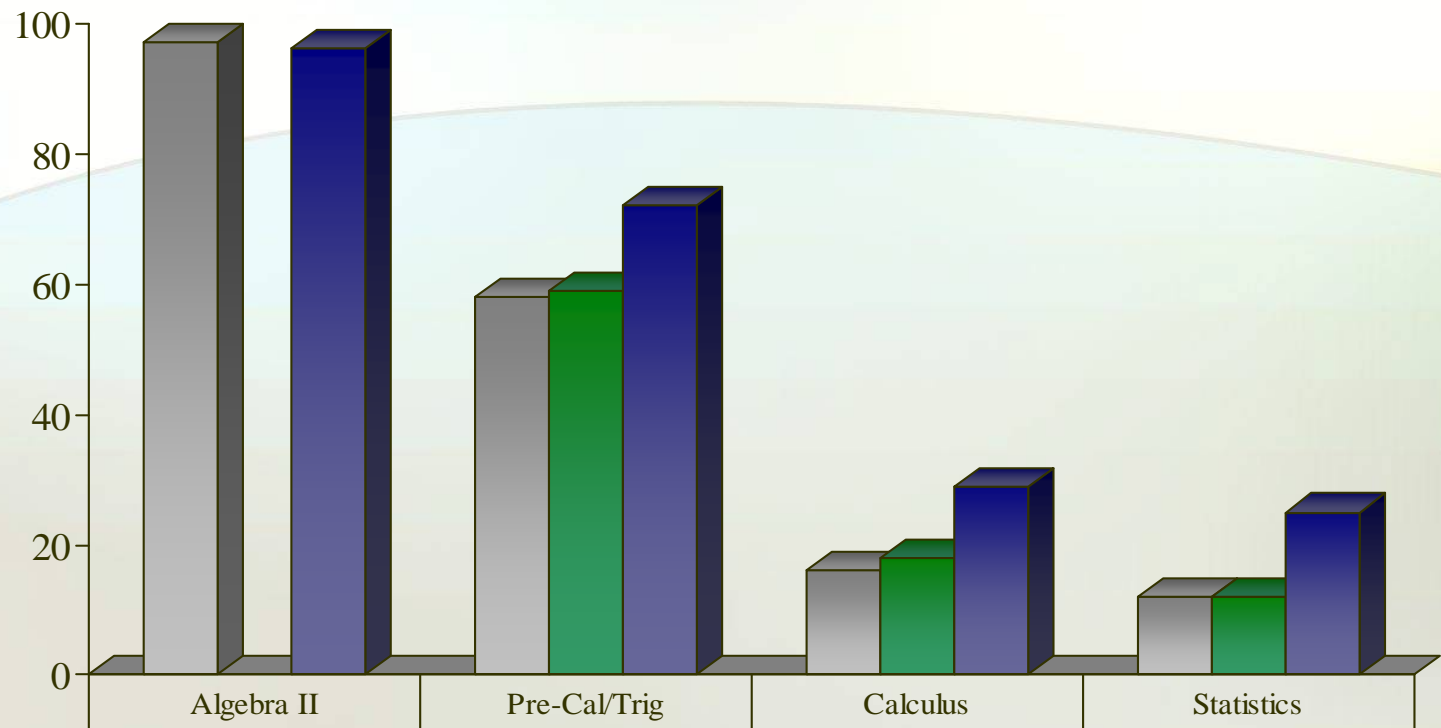

# 2010 Beginning College Survey of Student Engagement

**Finding:** The majority of incoming first year students did not participate in math courses beyond Pre-Calculus/Trigonometry while in high school

|                       | Algebra II | Pre-Cal/Trig | Calculus | Statistics |
|-----------------------|------------|--------------|----------|------------|
| ■ TAMU-CC 2010        | 97         | 58           | 16       | 12         |
| ■ TAMU-CC 2008        | Not asked  | 59           | 18       | 12         |
| ■ National BCSSE 2009 | 96         | 72           | 29       | 25         |

Table in total valid percentages (students who “Passed” courses)

# 2010 Beginning College Survey of Student Engagement

**Finding:** The majority of incoming first year students took between 3 and 4 years of their core courses in high school

Table in total valid percentages

# 2010 Beginning College Survey of Student Engagement

**Finding:** The majority of incoming first year students expect their college grades to be similar to the grades they received in high school.

|                             |   |   |   |   |    |    |    |    |
|-----------------------------|---|---|---|---|----|----|----|----|
| Majority High School Grades | 0 | 1 | 1 | 6 | 21 | 27 | 25 | 19 |
| Expected College Grades     | 0 | 1 | 2 | 8 | 20 | 28 | 26 | 16 |

Table in total valid percentages; Paired samples T-test ( $p = <.05$ )

# 2010 Beginning College Survey of Student Engagement

**Finding:** The majority of incoming first year students expect **to spend, on average, more time preparing for class** (per week) in college than in High School. Participants report a slightly **higher expectation** than TAMU-CC Freshmen and Seniors report actual behaviors on the NSSE.

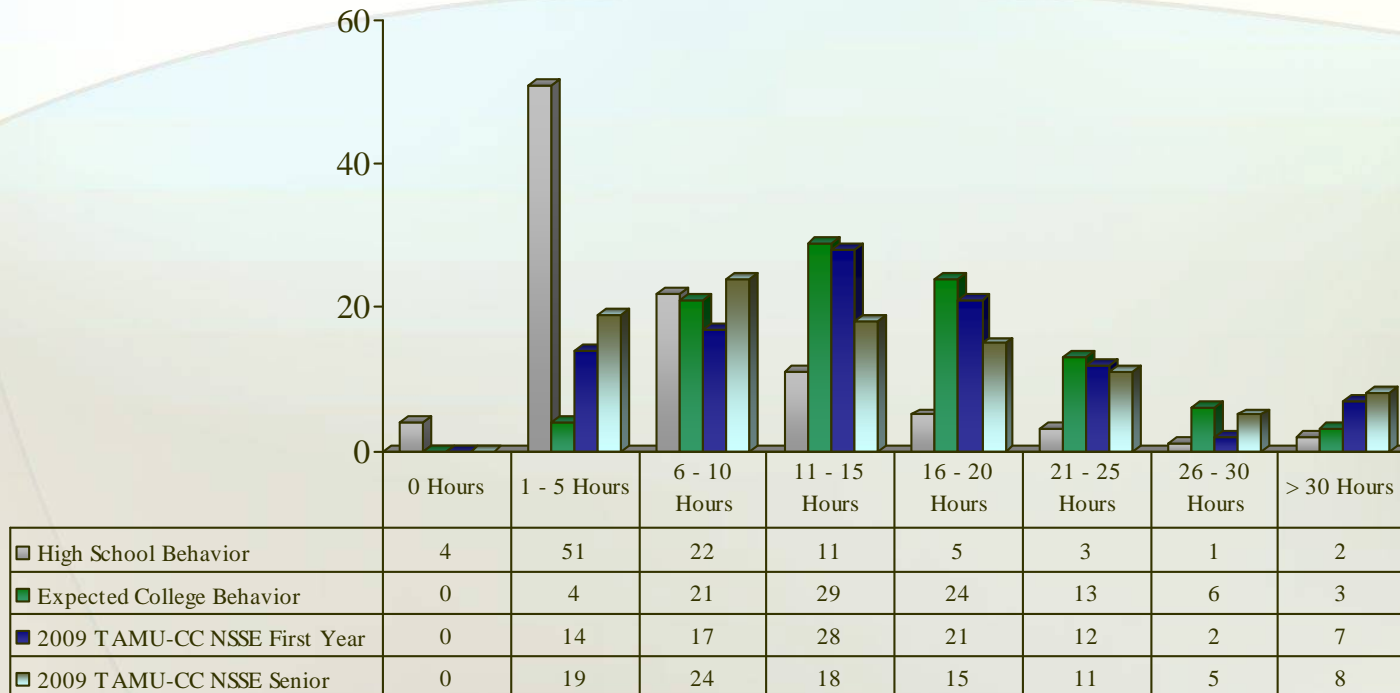

Table in total valid percentages: Mean High School Behavior = 2.85 (1-5 Hours): Mean Expected College Behavior = 4.52 (11-15 Hours): Paired samples T-test ( $p < .001$ )

NSSE 2009 Freshmen = 4.35 (11-15 Hours); NSSE 2009 Seniors = 4.22 (11 - 15 Hours)

# 2010 Beginning College Survey of Student Engagement

**Finding:** The majority of incoming first year students **expect to spend, on average, slightly less time working for pay** in their first year of college than in High School. Very few students expect to work full time (more than 30 hours per week), and this is fairly in line with what first year students reported on the TAMU-CC's most recent NSSE. However, also on the NSSE, **seniors report around 75% are employed** at least part time, with 26% working full time.

Table in total valid percentages: Mean High School Behavior = 4.13 (11-15 Hours); Mean Expected College Behavior = 2.95 (1-5 Hours)  
NSSE 2009 Freshmen = 2.79 (1-5 Hours); NSSE 2009 Seniors = 4.66 (11 - 15 Hours)

# 2010 Beginning College Survey of Student Engagement

**Finding:** The majority of incoming first year students **expect to spend, on average, less time participating in co-curricular activities weekly** (per week) in their first year of college than in High School. Approximately 84% of BCSSE participants expect to participate in co-curricular activities. However, results from the 2009 administration of the NSSE at TAMU-CC show that about half of freshmen and seniors do not participate in co-curricular activities.

Table reported in valid percentages: Mean High School Behavior = 3.97 (6-10 hours); Mean Expected College Behavior = 2.74 (1-5 hours); Paired samples T-test ( $p < .001$ )

NSSE 2009 Freshmen = 2.25 (1-5 Hours); NSSE 2009 Seniors = 1.95 (0 Hours)

# 2010 Beginning College Survey of Student Engagement

**Finding:** The majority of incoming first year students **expect to spend, on average, less time relaxing and socializing** during their first year of college than in High School. The mean expected college behavior is fairly aligned with actual reported behavior from TAMU-CC freshmen and seniors on the NSSE.

Table reported in valid percentages: Mean High School Behavior = 4.03 (11 - 15 hours): Mean Expected College Behavior = 3.39 (6 - 10 hours): (p = <.001)

NSSE 2009 Freshmen = 3.73 (6-10 Hours); NSSE 2009 Seniors = 3.54 (6-10 Hours)

# 2010 Beginning College Survey of Student Engagement

## High School Academic Engagement ~ During last year of high school, about how much:

|  | None | Very Little | Some | Quite a Bit | Very Much |
|--|------|-------------|------|-------------|-----------|
| Assigned reading (textbooks/other items)               | 3%   | 14%         | 35%  | 32%         | 16%       |
| Books read on own for personal enjoyment or enrichment | 16%  | 27%         | 26%  | 15%         | 16%       |
| Writing short papers/ reports ( $\leq 5$ pages)        | 1%   | 11%         | 26%  | 37%         | 25%       |
| Writing longer papers/ reports ( $> 5$ pages)          | 16%  | 32%         | 25%  | 17%         | 9%        |

## High School Academic Engagement ~ During last year of high school, about how often:

|  | Never | Sometimes | Often | Very Often |
|--|-------|-----------|-------|------------|
| Come to class without completing readings or assignments | 24%   | 64%       | 9%    | 3%         |

# 2010 Beginning College Survey of Student Engagement

## TAMU-CC First Year Students: College Expectations

- Students expect a B+ on the majority of their grades in the coming year. This is statistically significant with the grades that the student earned in high school ( $p < .05$ ).
- 69% of incoming students state that they intend to graduate from TAMU-CC. 25% are uncertain, and 6% report that they do not intend to do so.
- Incoming first year students expect managing their time to present a difficulty (19% report that they expect it to be “Very difficult”).
- Students do not foresee problems making friends (4% report that they expect it to be “Very difficult”).
- 54% of students report that it is “Very Important” to them that the University provide support to help him/her succeed academically.
- 66% of incoming students have at least one close friend attending TAMU-CC this year, with 26% reporting four or more close friends attending.
