4. indication that the project will contribute to the advancement of knowledge in the field;
5. reasonableness of the work plan;
6. appropriateness of the proposed budget in terms of the work plan and anticipated outcomes;
7. potential that the project will result in a research product that will be presented to the external scholarly community in the field;
8. the record of previous project completion and budget management in the case of applications who have previously awarded university or School Research Enhancement grants;
9. benefit to the School.

D. Application Process

1. During each spring semester or when funds become available, SAMC Research Enhancement Review Panel will announce the deadline for School level applications;
2. Applicants should submit the application form electronically (in Word) to the SAMC Administrative Coordinator. The members of the SAMC Research Enhancement Review Panel will receive copies of the applications from the Administrative Coordinator with applicants' names redacted;
