What to include in your video?

We would like you to discuss why you think this is an appropriate major for you. You can address this in any way you choose; including, but not limited to: your background, experiences, career goals, academics, musicianship, equipment you own or have access to, or personal issues. Since time is short, it is imperative that you organize your thoughts to present a compelling presentation. What do you think are the most important things we need to know about you?

This video, along with the additional application materials, will be used to select students for scholarships.
