As you begin this Action Plan, here are a few important things to consider:

- Review the [Pre-Occupational Therapy](#) webpage before you complete this Action Plan, or as you are working on it.
- No matter if you are a freshman or a senior, it's important to consider what occupational therapy programs you plan to apply to early on in the process, as that will drive your choice of prerequisite courses and experiences.
- At the end of this document, there is a section where you can start researching OT programs and review their application profile.
- Remember - the more you fill out and the more specific you are in your answers, the better Dr. Gonzales will be able to help you.
- When you have filled out this document to the best of your ability, you may make an appointment to discuss your plan with Dr. Gonzales. To schedule an appointment, follow the "Make an Appointment" link on the Health Professions home page.
